## **9. Motion – Welfare reform act**

Councillor Waters to move:

Council **RESOLVES** to ask cabinet to call on the coalition government to withdraw the provisions of the Welfare Reform Act relating to so-called 'under occupation' in social housing (the 'bedroom tax')

## **10. Motion – Welfare reform act**

Councillor Haynes to move:

From April 1st 2013, working-age households who live in social housing and are in receipt of housing benefit will face a reduction in their payments of up to 25% if they are said to be "under-occupying" their homes. As well as affecting social tenants financially this may also cause emotional stress.

People may wish to downsize, but be unable to get a smaller home with the council as availability is limited and demand increases.

Estimated figures suggest that 2744 council tenants and 323 registered provider tenants could be affected in Norwich and to mitigate the impact of the proposed changes:-

Council **RESOLVES** to ask cabinet to:-

- 1) disregard the sum by which a household's housing benefit payment has been reduced by under-occupancy restrictions when determining whether and when to initiate proceedings to recover a tenancy as a consequence of rent arrears;
- 2) encourage housing associations in the Norwich City Council area to do the same by providing them with advice and assistance to help them avoid evicting people due to the bedroom tax; and

- 3) work with housing associations to provide as many smaller homes as possible for people who wish to downsize, including keeping the voids process moving as fast as possible, and help affected residents access Discretionary Housing Payments.
