AGENDA

Page No.

1. Apologies

To receive apologies for absence.

2. Declarations of interest

(Please note that it is the responsibility of individual members to declare any interest prior to the item if they arrive late for the meeting).

3. Minutes

To agree the accuracy of the minutes of the sustainable development panel held on 29 June 2011.

4. Community infrastructure levy (CIL)

(Presentation by the city growth and development manager)

5. Site allocations development plan document (DPD) – Update on sustainability appraisal for major amendments/new sites

(Report of the head of planning services)

Purpose – The report provides an update on the recently completed sustainability appraisal of the additional sites proposed to be included in the Site allocations plan. The proposed sites, and the Addendum to the Sustainability Appraisal (SA) report, will shortly be subject to public consultation.

6. Development Management Policies DPD – Options for a greener design policy

(Report of the head of planning services)

Purpose - This report has been prepared in response to member discussion at the June panel relating to design policies in the emerging Development Management Policies Plan. Particular representations to the plan considered that its main design policy (policy DM3) would benefit from a significantly stronger emphasis on “greening” the built environment.

7. Possible work programme for sustainable development panel for the remainder of the calendar year

(Report of the head of planning services)

Purpose - The report sets out an indication of when matters related to the panel's terms of reference are likely to be able to be reported to the panel. The purpose of doing this is to allow panel to keep their agendas manageable and consider whether they need to consider all possible agenda items or whether they are happy for some matters to be addressed in other ways.
