

Piccolos Representation Summary

Norfolk Constabulary objects to the application by Piccolos take away to extend its premise licence for the provision of late night refreshment from 0300 hrs until 0500 hrs daily.

Norfolk Constabulary's representation is there will be an increase in incidents of crime and disorder at, and in the vicinity, of the takeaway establishment by allowing an extension of its opening hours.

The applicant Mr Ahmadi has not offered any additional steps to assist with promoting the licensing objectives in order to deal with the extension of hours, in particular, the prevention of crime and disorder. The applicant has not confirmed how this will be managed and the Operating Schedule offers no extra considerations for public and staff safety.

The establishment is located on Prince of Wales Road at the corner of Cathedral Street. A map showing the exact location of the premises is attached. The location becomes a flashpoint in the early hours of the morning, primarily due to clusters of people fuelled by alcohol around the outlet and those waiting to get a taxi home. Our evidence shows that by allowing the premises to open later than 3am, it encourages people to remain at or in the vicinity of the premise. This has resulted in increased conflict between those persons both inside and outside the venue and clearly undermines the licensing objective, namely the prevention of crime and disorder.

The current licence allows an opening time of 3am with midnight on Sunday. The conditions attached to this licence include attending the Licensing Forum meetings at least 3 times a year, CCTV installed inside the premises and that the takeaway packaging will include the name of the business.

We believe Mr Ahmadi has been managing the premises for the last few years, although he never transferred the premise licence into his name until our enforcement in January of this year where it was established that the original licence holder was no longer associated to the premise. To our knowledge no representative from the premise has ever attended any of the forum meetings. (Confirmation from the list of attendances for at least the last six months) and no packaging includes the name of the premises. We believe these breaches of licence shows a clear disregard to the legislative requirements of the Licensing Act 2003 and it would seem inappropriate for a later licence to be granted when the current one is not being complied with.

In addition, there has been further non compliance with the legislative requirements by the applicant on two separate occasions, namely the 17th December 2010 and 18th January 2011. On each occasion Police Officers have visited the venue there was an inability to produce a copy of the licence, any knowledge of its conditions or times of opening. We would respectfully argue this highlights the venue's poor management and lack of responsibility to its legal obligations.

It should be noted the premise does have a CCTV system in operation, however the system only retains footage for one week only. The National guidance is that footage is accessible for 28 days in order to assist in the detection of any crime associated at the venue.

We would respectfully ask the Licensing Committee to consider amending the condition to allow ensure any CCTV footage is retained for a 28 day period and available upon reasonable request to Norfolk Constabulary. We would refer to the attached Chronology and namely the visit to the premise on 15th October 2010. A request for CCTV footage to assist in an offence of criminal damage proved fruitless due to the current system only recording for a week. If the suggested 28 day policy was to be adopted on the applicant's licence evidence may have been available to support a prosecution.

The Licensing Act 2003 states it is the premises licence holder's responsibility to ensure that the licensing objectives are promoted, these being:

- Prevention of Crime and disorder
- Promotion of Public Safety
- Prevention of Public Nuisance
- Protection of Children

The Police feel there have been situations where these objectives have been undermined and examples include:

- Opening later than the licensed hours
- Ongoing crime under investigate in relation to an incident of Affray on 25th December 2010 at premises where staff fight with customers. Statements, photo still and CCTV footage attached.
- Incident on 15th January 2011 where several officers were dealing with disorder, were asked by staff to hurry up as they were disturbing customers and trade
- Incident on the 16th January where several incidents of disorder took place. One member of staff antagonised the situation by coming out of the premises and telling people they were banned.

It was brought to the attention of Norfolk Constabulary in January of this year following several incidents of disorder at this premises, that takeaway establishments on Prince of Wales Road were opening later than their licensed hours and that this may have been ongoing for some time. Action was taken immediately by sending a warning letter to all premises reminding them of their operating hours and advising Police will be monitoring in future. A letter sent to Piccolos highlighting this on 18th January 2011, a copy of which is attached. Subsequently, Norfolk Constabulary Police Officers were each weekend requested to ensure that finishing times for late night refreshment venues were adhered to. Since the letter to the venue it appears that it has breached its licence by failing to close on time on 23rd January 2011, Piccolos attempted to open later than the permitted hours on their premises licence and needed the encouragement of a Police Officer to close. A statement attached from Sgt Philpot advises that they were still serving 4 people at 3am with 20 people still inside. Staff made no attempt to close on time despite being openly monitored by Police and finally finished at 3.20am. Sgt Philpot also informs us that without specific targeting and overt interest they would have continued to trade. This is further evidence of its complete disregard to its legal obligations.

As a consequence of Norfolk Constabulary ensuring all late night refreshment venues adhered to conditions of their premise licence, and in particular the closing times. It was noted by Police Officers policing Prince of Wales Road that there was an immediate drop in crime and disorder and associated incidents. Therefore negating the requirement for Police Officers to intervene in potential flashpoints at or in the vicinity of these venues.

Norfolk Constabulary subsequently commissioned an analytical product to evidence the impact on crime and disorder and its reduction since the enforcement of the closing times at late night refreshment venues.

The attached analytical document evidences the following points:

- Takeaway establishments were responsible for nearly 20% of crime on Prince of Wales Road between the hours of 0300 hrs and 0600hrs during 2010.
- The Enforcement activity by the licensing unit had the result of decreasing crime rates at takeaways by 66% during the enforcement period compared to previous periods.

The document also highlights that the crimes at these late night refreshment venues have almost exclusively been Violence against Person offences. The reduction of these crimes has assisted in public safety as well as reduction in crime.

This data confirms that the restriction of hours of takeaway establishments encourages the dispersal of people, thus reducing the likelihood of conflict and incidents. Further evidence to support the analytical products has been evidence from police officers themselves who regularly police the area.

Experienced Public Order Inspectors responsible for the deployment of officers to incidents within the Night time Economy on Prince of Wales Road have provided positive evidence of a reduction in crime and disorder since the enforcement of the current closing times. There are fewer intoxicated persons lingering inside and outside the takeaways resulting in a reduction in tension and flashpoints. Statements have been provided by the Inspectors to this effect and are attached.

Inspector Cross' states "There appeared to be fewer groups of intoxicated people lingering in the area which appeared to reduce the likelihood of disturbance normally associated with these refreshment locations and generally the atmosphere was less threatening."

As a result of this enforcement action a number of late night refreshment venues, such as Piccolos, have made applications to vary their premise licence, namely the extension of opening hours. Norfolk Constabulary would argue based on the above representations and the associated evidence that any extension in the hours of business would clearly undermine the prevention of crime and disorder licensing objective and also impact on public safety as a whole.

Norfolk Constabulary believes that the appropriate finishing time for this venue should remain as 3am. We would draw the Licensing Committee's attention to the attached Chronology, analytical document and police officers statements, which shows that incidents of crime and disorder and the venue's opening times are inextricably linked.

There is a clear correlation between incidents of crime and disorder recently reducing and the enforcement of the current closing time for the venue.

Police Officers patrolling the area have reported that the enforcement of the takeaways has reduced litter, rowdiness and Anti Social behaviour on Prince of Wales Road. CCTV footage shows Prince of Wales Road prior and after 3am and supports this argument.

A Chronology for Piccolos is attached showing the times and dates when incidents have occurred in and around the premises. Whilst it is accepted this location is an area attractive to those waiting for taxis, we have ensured that only incidents that can be directly linked to the venue have been included in our evidence and these are highlighted in yellow. These incidents include rowdy nuisance behaviour, criminal damage and thefts.

Norfolk Constabulary respectfully suggests that by Piccolo's opening later than its current licensed hours, it has had become associated with crime and disorder. Our evidence supports this assertion and is now further supported by the reduction in crime and disorder since its enforcement to the correct closing times.

There were 21 incidents that can be specifically linked to the venue between January 2010 and January 2011. Breakdowns of timings for these incidents are as follows:

5 of these calls occurred between opening and 3am
4 calls between 3am-4am
12 calls between 4am-6am

Evidence shows that the majority of the problems occur between 4am-6am and that instead of intoxicated people heading home, they are lingering in and around the takeaways because they are open and crime and disorder results. The contrary occurs when the premise closes at 3am.

An enforcement visit carried out by Insp Lillie on the 26th February 2011 mentions of known troublemakers hanging around and in the premises but once the premises closed at 0300 hrs they left the area shortly area. Previous evidence suggests that there would have been an increased risk of crime and disorder taking place should the venue have remained open.

Norfolk Constabulary's Senior Police Officers fully support this objection and are aware of the impact this will have on reducing crime in the city centre. Chief Inspector Lacey is responsible for the Policing of Norwich City Centre and is in attendance today to provide his perspective.

In conclusion, Norfolk Constabulary respectfully believes that the associated crime and disorder linked to the venue Piccolos is sufficiently high to show that any extension to the operating hours beyond 3am will clearly undermine the promotion of the Licensing Objectives, in particular the prevention of crime and disorder.

Appendix

Chronology

Map of Prince of Wales Road and list of opening times.

CADS and Crimes linked to the venue

Analytical Product

3 CCTV footage discs to show the footfall on Prince of Wales Road.

Statements from Insp Cross, Insp Tate, Sgt Philpot

Warning letter to premises

Statements from owner of Piccolos and 2 Witnesses, Crime report, still and CCTV footage of 25th December 2010 (CCTV to be delivered 24/03/11- PM)

SUMMARY OF POLICE INVOLVEMENT

Piccolos, Prince Of Wales Road, Norwich

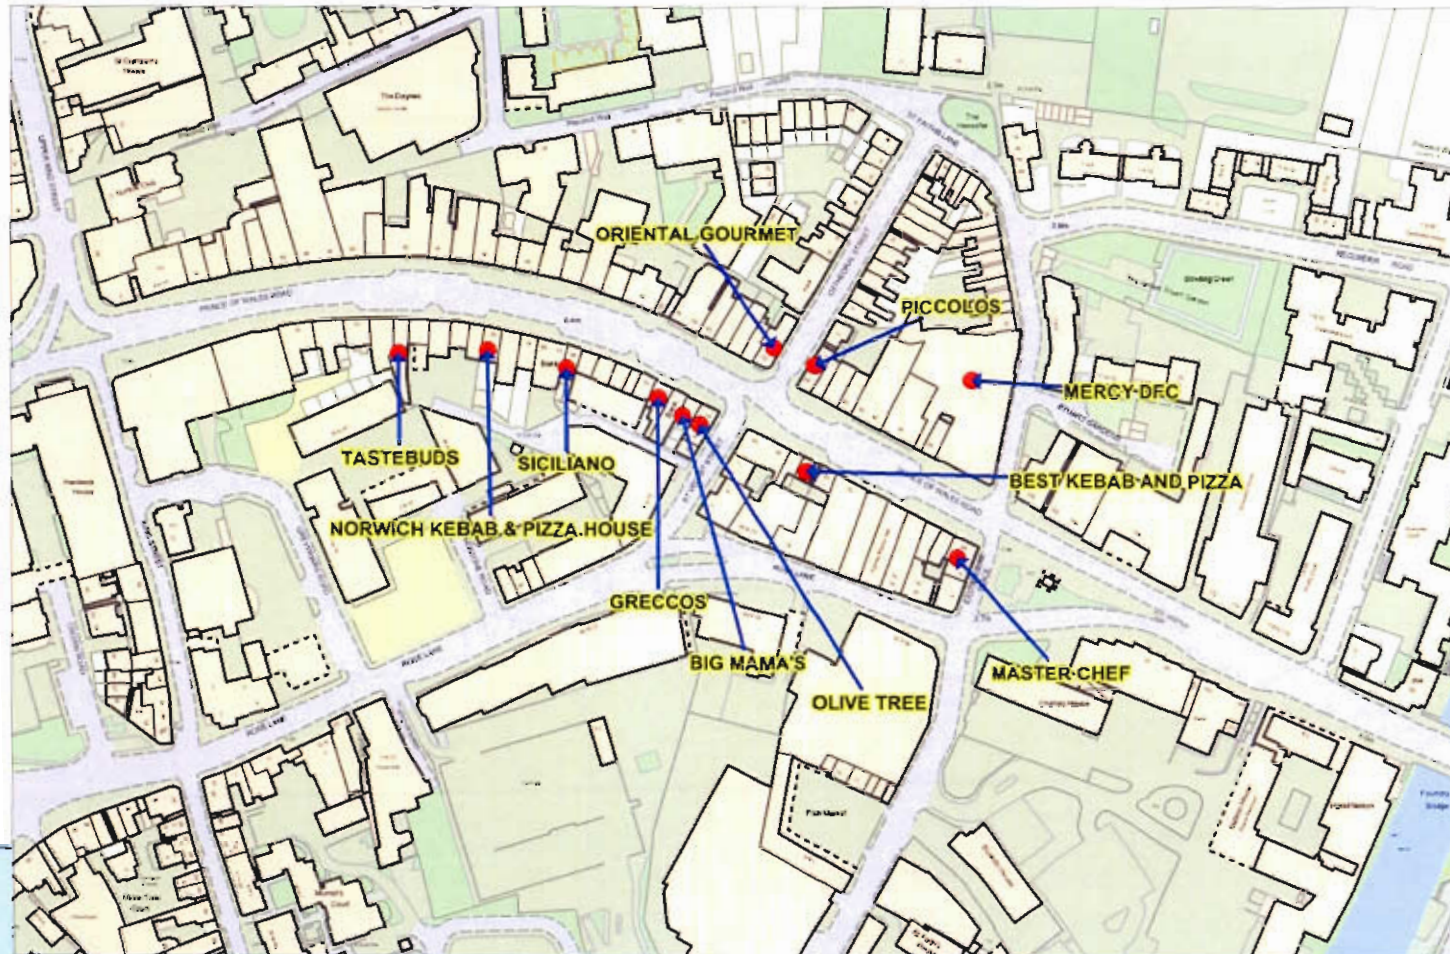

Date	Time	Incident	Description	Reported By	Reference	Officer
05/03/2011	03:00	Visit	ALL IN ORDER - PREMISES CLOSED ON TIME	Police	Innweb	591
04/03/2011	09:36	Visit	IN CONJUNCTION WITH RICHARD DIVEY FROM CITY COUNCIL PLANNING DEPT ATTENDED VENUE IN RELATION TO LATE NIGHT FOOD VENUES DISOBEYING THEIR LICENCE CONDITIONS FOR OPENING HOURS, SPOKE TO ALI KAREMI, LICENCE SENT AWAY FOR VARIATION BUT STATES CURRENTLY 03.00 FINISH, CCTV ON SITE KEPT 1 WEEK. CR4692/11/2	30/01/2011 05:12:00	30/01/2011 05:15:41	OUTSIDE PICCOLOS 74 PRINCE OF WALES ROAD NORWICH NORFOLK NR1 1NJ (NEIGHBOURHOOD: D: N51 CITY CENTRE)	N51 City Centre	125/12: Harassment, Alarm Or Distress	Offender seen acting in a disorderly manner for some time by swearing at, shouting, and acting in a provocative manner towards other members of the public. Several members of the public complained throughout this time but declined details. Offender warned several times but then continued while flailing his arms and shouting. Not suitable for S27 due to level of disorder. Not intoxicated so arrested for the more appropriate offence.

Call type: ROWDY / NUISANCE BEHAVIOUR (AS07) Officer In Case: JILLIAN MCANDIE. Received on: 26 Jan 2010 03:16:36. Crime Banding: THEFT OTHER</p> <p>Phone owner was in Piccolo's Takeaway shop with friends when she was approached by a male who was asking for her personal details and asking her to go out with him. The male lingered around her. Once outside the takeaway shop she realised her mobile phone had been taken from her handbag. Upon realising the phone was missing the victim's friend phoned the missing mobile telephone number. A male answered and from the conversation that followed friend believe that the male seen in the takeaway shop is the same male who now has the phone - The male who answered the phone told the victim to meet him outside the medical centre at UEA and said that he would return the phone to her if she provided him sexual favours. The female had no intention of fulfilling his request so phoned police before attending the medical centre to meet the male. Police attended with the female but the male did not show.</p>

WITNESS STATEMENT

(CJ Act 1967, s.9 MC Act 1980, ss.5A(3)(a) and 5B; MC Rules 1981, r.70)

Statement of

[Redacted Name]

Age if under 18

of 18

(if over 18 insert 'over 18') Occupation:

FAST FOOD OPERATOR

This statement (consisting of: 3 pages each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it which I know to be false or do not believe to be true.

Signature:

[Handwritten Signature]

Date:

14/2/11

Tick if witness evidence is visually recorded

(supply witness details on rear)

I am the person named above and reside at the address on leaf.

On Christmas Eve 24th December 2010 I went out into the City with my partner & some friends. We had all consumed quite a lot of alcohol. Sometime between 2am & 5am on Christmas Day my partner [Redacted] & I went into Piccolos to get something to eat. I can't remember much of what happened next. I was standing at the right hand side of the counter looking towards the kitchen area. The door was behind me but to the left hand side in the corner. There was also a group of 3-4 males who were not English speaking. They were possibly Arabic or Turkish. I recall them asking for "MONEY BACK". They were to my left. The owner of Piccolos who is bald and who I know from being in Piccolos on previous occasions got really angry with

Continuation of Statement of [REDACTED]

the group of males for some reason and he asked them to leave. Then all of a sudden the owner & his staff who I have seen in Picotos before all were on the public side of the counter all shouting the group of males were all shouting & then they were all piling into each other hitting & punching each other really really viciously. Bodies were on top of each other & punches were being thrown everywhere. The fight was really aggressive. After the fight when police had come in and broke it up I saw that at least one of the group of males, the customer had blood to either his face or body. This really shocked me. I thought "OH MY GOD THERE'S BLOOD". I was really shocked at how quickly the incident escalated & how aggressive it all became. Whenever I had seen the staff before they had been so friendly but was surprised how quickly they became aggressive. Since the incident I've been apprehensive about going to Picotos. At the time of the incident I was frightened because it was all happening right in front of me & it was really quite scary. I had seen the group of 3-4 males earlier in the night at Pulse and remembered them as they were acting a bit leechy and perving to people and girls. I have not seen them since.

Continuation of Statement of

I cannot describe them.

I have seen the owner of Piccolos since the incident. It was on a Sunday in Mohr's or Spencer food hall. He asked me how I was and asked me if I remember anything about the incident. I told him it was a bit 'wishy washy'. He told me he had got angry because the other guys had been insulting him & his family in another language ~~there~~ ^{AB}.
~~About seen him since.~~

I will attend court if needed.

Further to the above I wish to add that the owner seemed to get angry before the group of males asked for their "Money back". The owner was still angry, I don't know if they got their money back and then he asked them to leave.

No	Believed honour-based
No	Olympic

Victim: Regina

Account of Crime

Large fight inside shop between named parties who are both members of the public and staff at the shop. Other members of the public witnessed

I.C.I. Initial Report

Circumstances of whether an offence had occurred were unclear at time of incident. All details of persons present were obtained. Licensing unit made aware and Innweb entry completed. Potential disorderly conduct on a license premises and also permitting this disorder to be followed up in addition with this crime.

Delay in reporting was in order to establish whether an offence has occurred. CCTV obtained (after much haranguing of premises manager over two months!) and MG11s from all persons present but not identified as involved have been obtained. Suggestion from AHMADI that there may be a racial context to this crime (persons of interest are from two different ethnic backgrounds) but this will need to be clarified during the investigation.

CCTV booked in to PSE (ref 738/11). I would suggest that this is the key evidence on which any potential prosecution will be based.

Liaised with local SNT (Sgt Wagstaff) who is aware and happy to allocate this crime to a team investigator on N51 SNT. All enquires are in hand and persons of interest to be processed either as further witnesses or suspects (as determined by cctv footage). File currently in T/Sgt 591 Tomlinson's tray who will verbally handover to team investigator once the crime has been allocated.

Executive Summary

Executive Summary

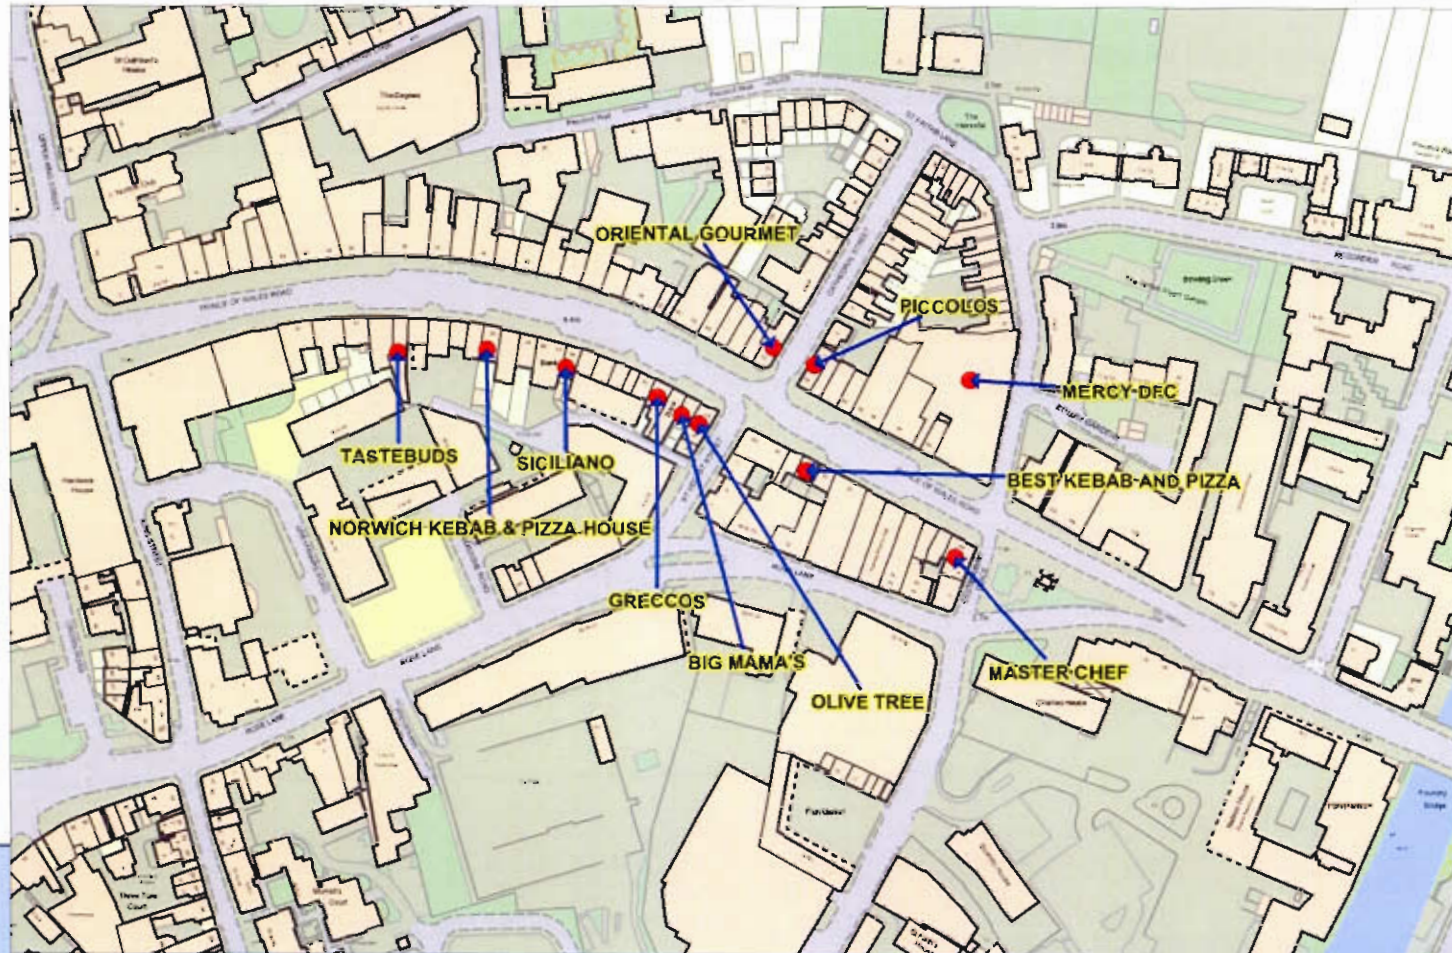

Crime

- Takeaway establishments were responsible for nearly 20% of Crime on Prince of Wales Road between the hours of 0300 and 0600 during 2010.
- Enforcement activity by the licensing team had the result of decreasing crime rates at takeaways by 66% during the enforcement period as compared with the control period.
- Crimes at takeaway establishments have almost exclusively been Violence Against Person offences.

CAD

- Between 0300 and 0559hrs, 14.8% of all incidents of CAD at Prince of Wales Road are linked to the takeaways. This equates to 5.5% of the total CADs in the city centre SNT.
- Enforcement activity around takeaways reduced the number of CADs generated from these premises. The fact that there was a reduction in the proportion of CADs occurring at takeaways out of a total of all Prince of Wales Road CADs, shows that the enforcement activity only impacted upon disorder around takeaways, and the reduction was not due to a general decrease in disorder in the area

PROTECT

Overview of Crime in 2010

The total number of crimes at different time periods of the night in 2010 are shown in the tables below. Note that "Crimes at Takeaways" refers only to crimes which state the takeaway in the incident location details. The true incidence of crime relating directly to the takeaway premises may actually be higher.

Time Periods	Takeaways	POW Road	Proportion
2100-2359	1	35	2.9%
0000-0259	11	95	11.6%
0300-0559	7	36	19.4%
Total	19	166	11.4%

Time Periods	Takeaways	N51 SNT	Proportion
2100-2359	1	145	0.7%
0000-0259	11	209	5.3%
0300-0559	7	90	7.8%
Total	19	444	4.3%

Key Points:

- During public order hours, the eleven takeaway premises account for a total of 11.4% of all crimes which occur on Prince of Wales Road. This equates to 4.3% of the total in the city centre SNT.
- Of particular note, between 0300 and 0559hrs, the takeaways account for 19.4% of all crimes which occur on Prince of Wales Road and 7.8% of all crimes in N51 SNT.

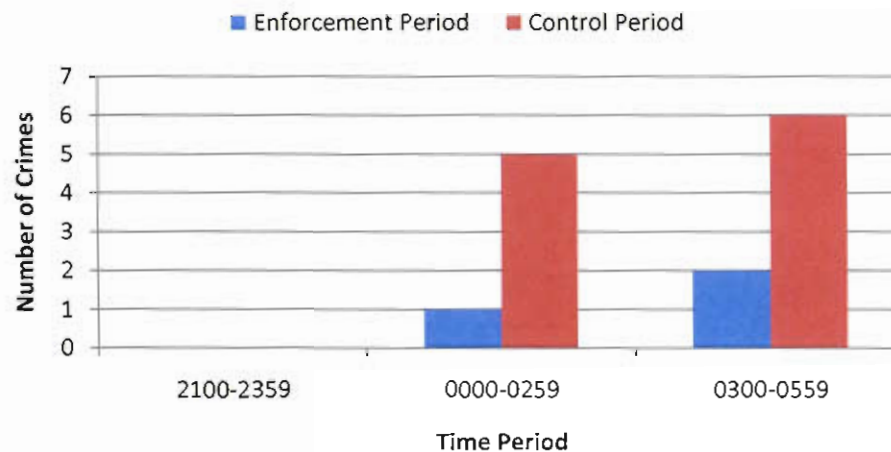

Inference

Crimes relating to takeaways are at their highest levels between midnight and 0300hrs. At this time, even when clubs and bars are open and when they are closing up, the takeaways still account for 11.6% of all crimes on Prince of Wales Road. Proportionally, takeaways account for the most crimes between 0300 and 0559hrs. This is after the licensed premises nearby have closed, suggesting that crime in the area cannot be caused by the nightclubs and bars.

Comparison of Enforcement and Control Periods - Crime

This section looks at the number of crimes at takeaways during the six week enforcement period (19th January to 8th March inclusive) and the six week control period (8th December 2010 to 18th January 2011 inclusive). Although figures are low, there does appear to be a reduction in crimes generated at Takeaways on Prince of Wales Road during the six week enforcement period.

Number of Crimes at Takeaways - Enforcement Period vs Control Period

During the control period, there were eleven crimes in total between 2100hrs and 0559hrs. These accounted for 15.5% of total crimes on Prince of Wales Road, and 7.0% of total crimes in N51. During the control period, there were just three crimes which equated to 8.8% of Prince of Wales Road crimes, and 2.9% of all crimes in N51 SNT.

The three crimes during the enforcement period were all Violence Against a Person. The crimes which occurred during the control period were nine violent offences, one theft and one affray.

Inference

Enforcement activity around takeaways reduced the number of crimes occurring at these premises. The fact that there was a reduction in the proportion of crimes occurring at takeaways out of a total of all Prince of Wales Road and N51 CADs, shows that the enforcement activity only impacted upon crime around takeaways, and the reduction was not due to a general decrease in crime in the area.

Overview of CAD in 2010

The total number of CADs at different time periods of the night in 2010 are shown in the tables below. Note that "CADs at Takeaways" refers only to CADs which state the takeaway in the incident location details. The true incidence of CAD relating directly to the takeaway premises may actually be higher.

Time Period	CADs at Takeaways	Total CADs at POW Road	Proportion
2100-2359	10	140	7.1%
0000-0259	28	291	9.6%
0300-0559	38	257	14.8%
Total	76	688	11.0%

Time Period	CADs at Takeaways	Total CADs in N51 SNT	Proportion
2100-2359	10	1060	0.9%
0000-0259	28	1096	2.6%
0300-0559	38	696	5.5%
Total	76	2852	2.7%

Key Points:

- During the public order hours of 2100 to 0559, a total of 11.0% of all CADs relating to Prince of Wales Road are recorded as occurring inside or are directly related to one of the eleven takeaway premises of interest.
- Between 0300 and 0559hrs, 14.8% of all incidents of CAD at Prince of Wales Road are linked to the takeaways. This equates to 5.5% of the total CADs in the city centre SNT.
- CADs relating to takeaways are at their highest levels between 0300 and 0559hrs.

Inference

CADs relating to takeaways are at their highest levels between 0300 and 0559hrs. This is after the licensed premises nearby have closed, suggesting that disorder in the area cannot be caused by the nightclubs and bars. As many incidents of disorder are dealt with directly by police patrols and no CAD is raised, we can assume that the true incidence of disorder is much higher than shown above.

Overview of CAD in 2010 - Continued

In 2010, the CADs relating to the takeaways (between 2100hrs and 0559hrs only) fell into the following categories:

Disposal Code	2100-2359	0000-0259	0300-0559	Total Number of CADs
R/N ROWDY OR INCONSIDERATE	0	8	22	30
COLLAPSE/ ILL/ INJURY/TRAPPED	1	7	0	8
VIOLENCE AGAINST PERSON	2	2	3	7
SUSPICIOUS CIRCUMSTANCES	1	2	1	4
POICEL GEN RESOURCE ACTIVITY	2	1	1	4
THEFT	0	1	2	3
CRIMINAL DAMAGE	0	1	2	3
ROAD RELATED OFFENCE	1	1	0	2
CONTACT RECORD	1	0	1	2
OTHER CRIME	0	1	1	2
NCRS - EXEMPT	0	0	2	2
CIVIL DISPUTES	0	0	1	1
MESSAGES	1	0	0	1
CONCERN FOR SAFETY	0	0	1	1
R/N - NEIGHBOURS	0	1	0	1
BURGLARY	1	0	0	1
HOAX TO EMERGENCY SERVICES	0	0	1	1
WANTED/POLICE COURT ORDER/BAIL	0	1	0	1
MALICIOUS/NUISANCE COMMS	0	1	0	1
STREET DRINKING	0	1	0	1
Grand Total	10	28	38	76

Overview of ASB in 2010

ASB figures show a similar picture to overall CAD figures. On average, the eleven takeaway premises account for 14.0% of all ASB incidents which occur on Prince of Wales Road between 2100hrs and 0559hrs. Between 0300 and 0559hrs, this proportion increases to 18.5%. As a total of all ASB incidents in N51, takeaways account for 7.9% of all ASB in these early hours.

Time Period	ASB at Takeaways	POW Road ASB	Proportion
2100-2359	0	32.0	0.0%
0000-0259	11	87.0	12.6%
0300-0559	23	124.0	18.5%
Total	34	243	14.0%

Time Period	ASB at Takeaways	ASB at N51	Proportion
2100-2359	0	303	0.0%
0000-0259	11	368	3.0%
0300-0559	23	291	7.9%
Total	34	962	3.5%

Inference

Note that reports of rowdy or inconsiderate behaviour peaked between 0300-0559hrs, with 22 recorded CADs during this time. This suggests that people are going to the takeaways in an intoxicated state and being rowdy or inconsiderate. Further analysis shows that over half of these CADs came in between 0400 and 0559hrs. This suggests that late opening hours of takeaways are keeping rowdy people in the area and placing a demand (albeit small) on police resources.

Anti-social behaviour decreases overall in N51 SNT between the two latest time periods, yet increases on Prince of Wales Road and at takeaways. The takeaways on Prince of Wales Road are clearly attracting people to the area and increasing ASB in the area as a consequence.

Overview of CAD in 2010

Anti-social behaviour decreases overall in N51 SNT between the two latest time periods, yet increases on Prince of Wales Road and at takeaways. The takeaways on Prince of Wales Road are clearly attracting people to the area and increasing ASB in the area as a consequence.

Comparison of Enforcement and Control Periods - CAD

This section looks at the number of CADs at takeaways during the six week enforcement period (19th January to 8th March inclusive) and the six week control period (8th December 2010 to 18th January 2011 inclusive). Although figures are low, there does appear to be a reduction in CADs generated at Takeaways on Prince of Wales Road during the six week enforcement period.

During the enforcement period, the proportion of CADs being generated at takeaways decreased (2100hrs to 0559hrs only). During the control period, takeaways accounted for an average of 15.6% of all Prince of Wales Road CAD. This figure reduced to 8.5% during the enforcement period.

As a proportion of CADs out of total CADs in the city centre SNT, this represents a decrease from 4.4% to 2.3%.

Inference

Enforcement activity around takeaways reduced the number of CADs generated from these premises. The fact that there was a reduction in the proportion of CADs occurring at takeaways out of a total of all Prince of Wales Road CADs, shows that the enforcement activity only impacted upon disorder around takeaways, and the reduction was not due to a general decrease in disorder in the area.

Overview of CAD in 2010 - Continued

In 2010, the CADs relating to the takeaways (between 2100hrs and 0559hrs only) fell into the following categories:

Disposal Code	2100-2359	0000-0259	0300-0559	Total Number of CADs
R/N ROWDY OR INCONSIDERATE	0	8	22	30
COLLAPSE/ ILL/ INJURY/TRAPPED	1	7	0	8
VIOLENCE AGAINST PERSON	2	2	3	7
SUSPICIOUS CIRCUMSTANCES	1	2	1	4
POICEL GEN RESOURCE ACTIVITY	2	1	1	4
THEFT	0	1	2	3
CRIMINAL DAMAGE	0	1	2	3
ROAD RELATED OFFENCE	1	1	0	2
CONTACT RECORD	1	0	1	2
OTHER CRIME	0	1	1	2
NCRS - EXEMPT	0	0	2	2
CIVIL DISPUTES	0	0	1	1
MESSAGES	1	0	0	1
CONCERN FOR SAFETY	0	0	1	1
R/N - NEIGHBOURS	0	1	0	1
BURGLARY	1	0	0	1
HOAX TO EMERGENCY SERVICES	0	0	1	1
WANTED/POLICE COURT ORDER/BAIL	0	1	0	1
MALICIOUS/NUISANCE COMMS	0	1	0	1
STREET DRINKING	0	1	0	1
Grand Total	10	28	38	76

Overview of ASB in 2010

ASB figures show a similar picture to overall CAD figures. On average, the eleven takeaway premises account for 14.0% of all ASB incidents which occur on Prince of Wales Road between 2100hrs and 0559hrs. Between 0300 and 0559hrs, this proportion increases to 18.5%. As a total of all ASB incidents in N51, takeaways account for 7.9% of all ASB in these early hours.

Time Period	ASB at Takeaways	POW Road ASB	Proportion
2100-2359	0	32.0	0.0%
0000-0259	11	87.0	12.6%
0300-0559	23	124.0	18.5%
Total	34	243	14.0%

Time Period	ASB at Takeaways	ASB at N51	Proportion
2100-2359	0	303	0.0%
0000-0259	11	368	3.0%
0300-0559	23	291	7.9%
Total	34	962	3.5%

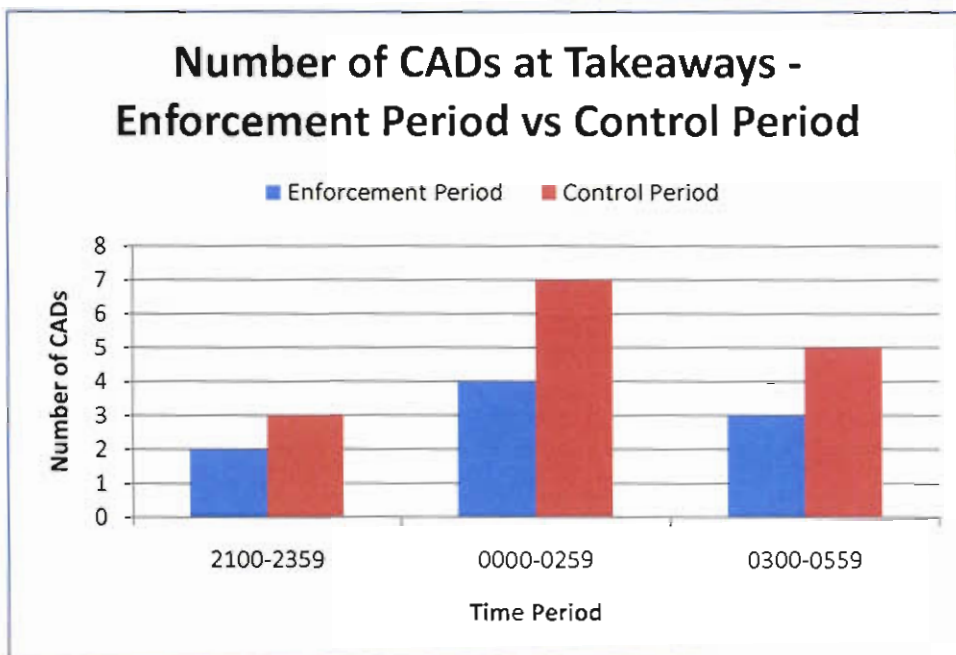

Inference

Note that reports of rowdy or inconsiderate behaviour peaked between 0300-0559hrs, with 22 recorded CADs during this time. This suggests that people are going to the takeaways in an intoxicated state and being rowdy or inconsiderate. Further analysis shows that over half of these CADs came in between 0400 and 0559hrs. This suggests that late opening hours of takeaways are keeping rowdy people in the area and placing a demand (albeit small) on police resources.

Anti-social behaviour decreases overall in N51 SNT between the two latest time periods, yet increases on Prince of Wales Road and at takeaways. The takeaways on Prince of Wales Road are clearly attracting people to the area and increasing ASB in the area as a consequence.

Comparison of Enforcement and Control Periods - CAD

CAD and Crime on All Nights 2100hrs to 2359hrs

Summary:

- Between 2100hrs and 2359hrs, there are various hotspots for crime and disorder.
- The hotspot around City Hall and the police station can be partially explained by being the default location for CADs raised in N51 and include admin CADs and similar.
- The incidence of crime and disorder around takeaways on Prince of Wales Road is relatively small.
- The crime hotspot is around Queen Street and the Tombland area.

CAD and Crime on All Nights 2100hrs to 2359hrs – Takeaway Area

Map Key:

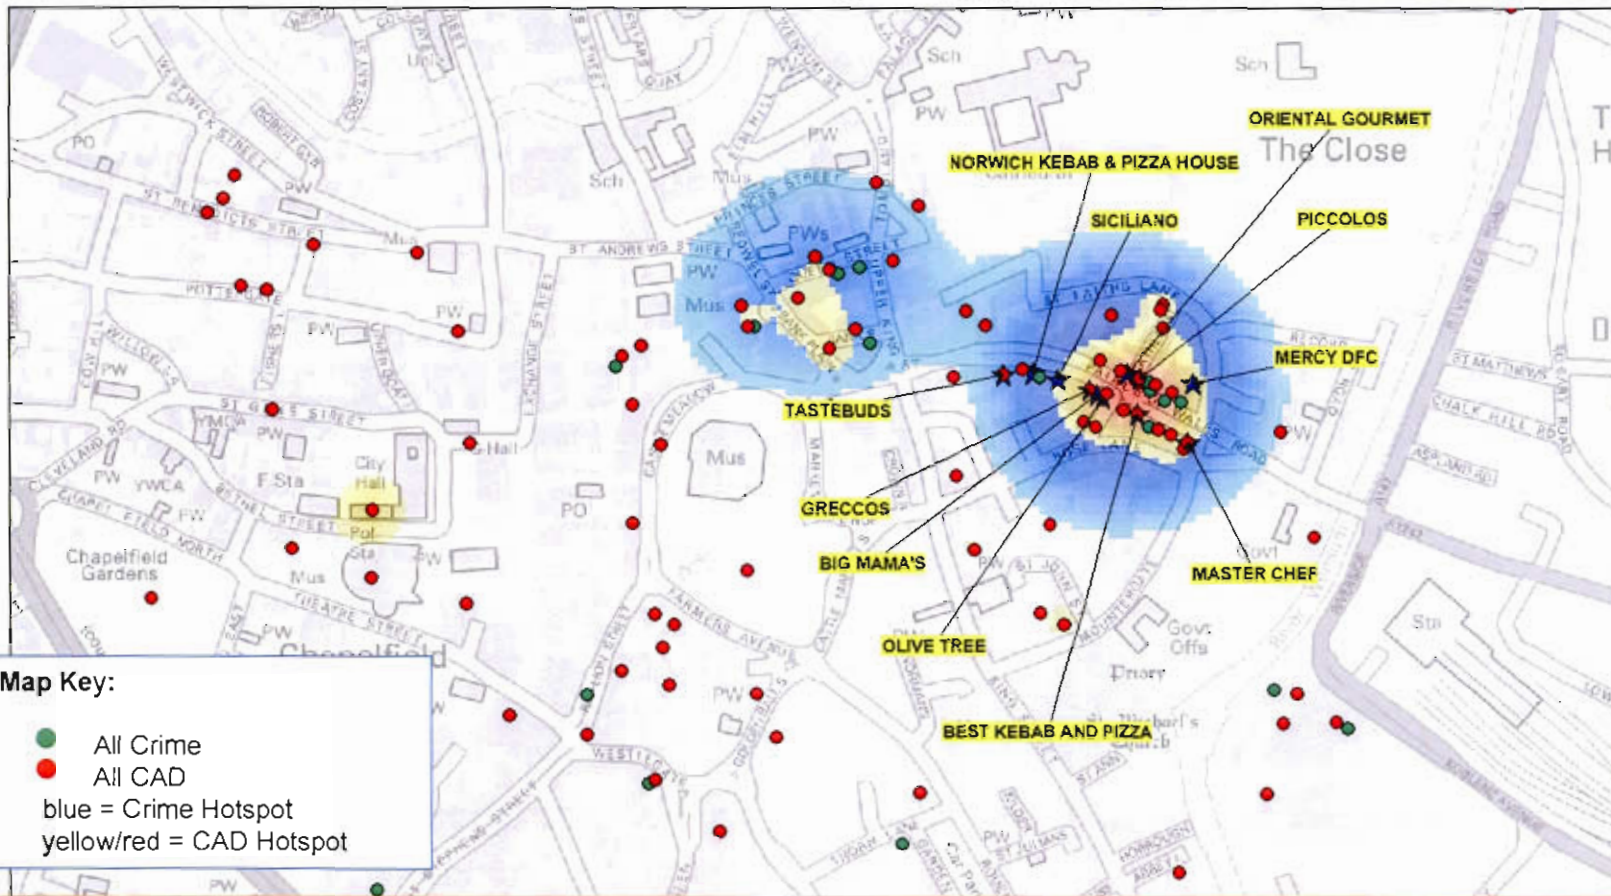

- All Crime
- All CAD
- blue = Crime Hotspot
- yellow/red = CAD Hotspot

Summary:

- A close view of the area around the takeaways shows a small hotspot for CAD, but relatively few incidents and very few crimes in the area at this time.

PROTECT

CAD and Crime on All Nights Midnight to 0259hrs

Map Key:

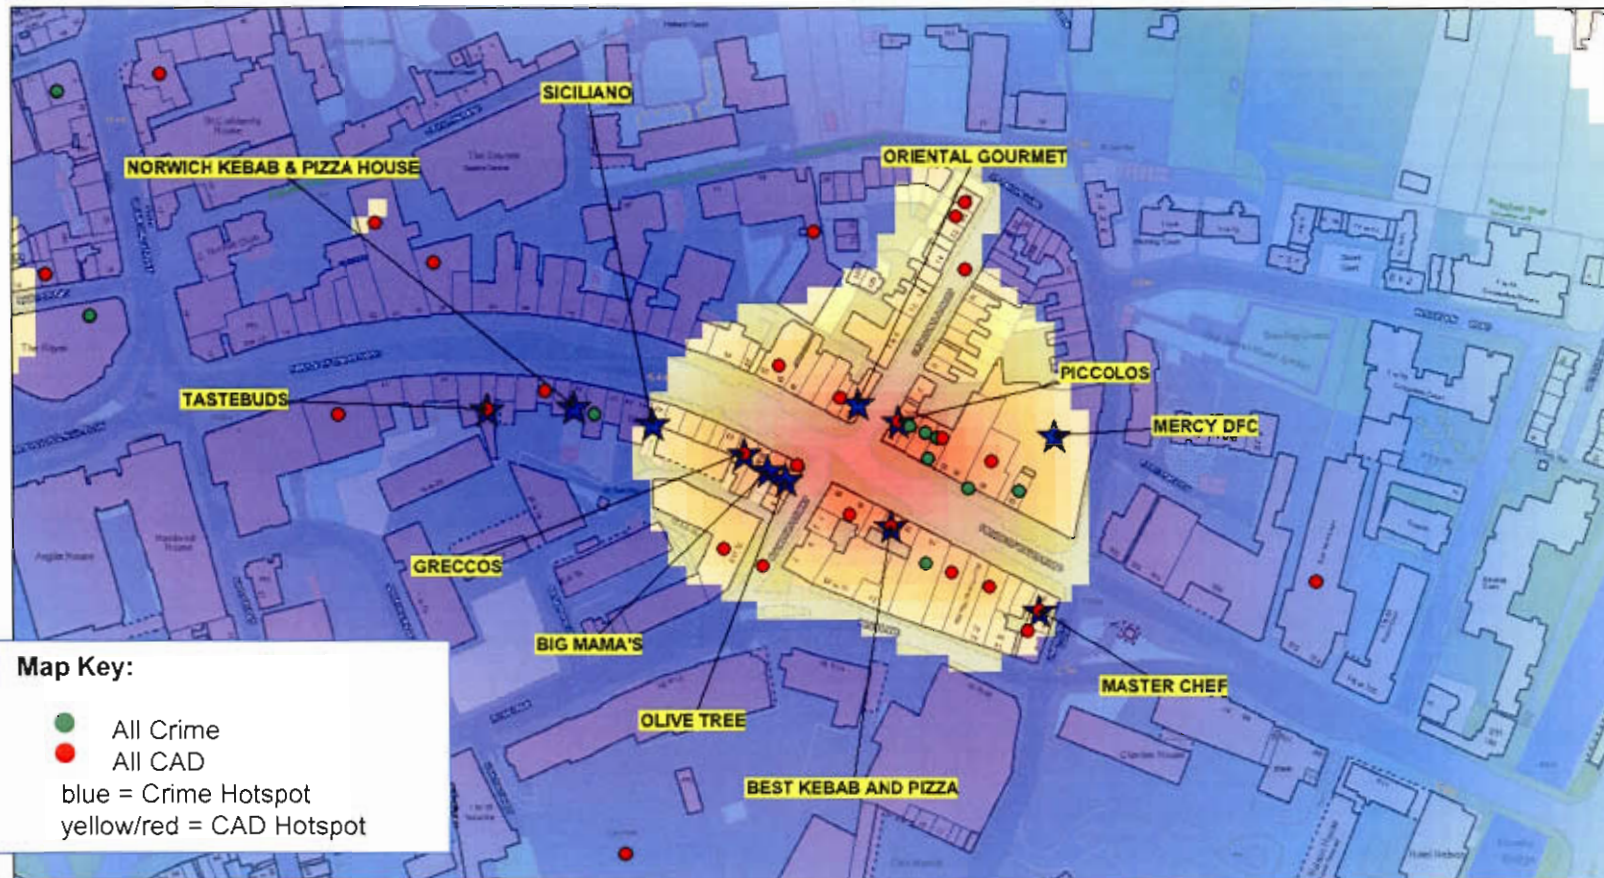

- All Crime
- All CAD
- blue = Crime Hotspot
- yellow/red = CAD Hotspot

Summary:

- The CAD and crime hotspot moves towards Prince of Wales Road at this time, due to this being the central location for clubs, bars and takeaway venues. At this time, the venues are all open, and some may have closed at this time, meaning a large number of people in this area congregating.
- The smaller crime and CAD hotspot remains around Bank Plain where some licensed premises are located.

PROTECT

CAD and Crime on All Nights Midnight to 0259hrs – Takeaway Area

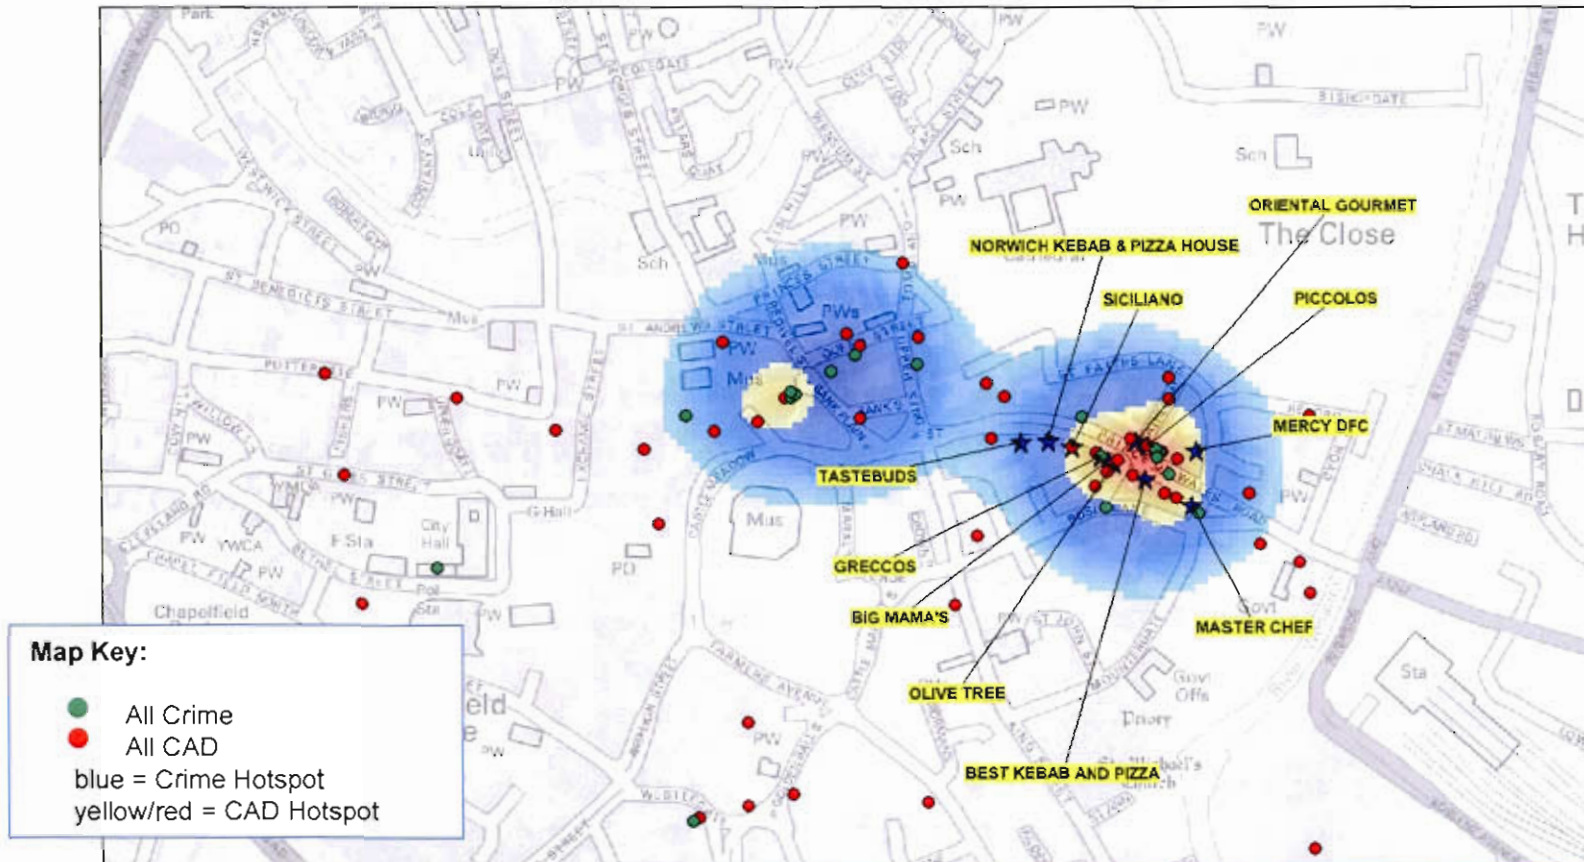

Summary:

- A close view of Prince of Wales Road shows a concentration of crime and CAD incidents around the area at this time.
- There are clusters of crimes and CAD incidents around the centre of Prince of Wales Road. The inference is that this may be due to people heading towards takeaway venues following the closure of clubs and pubs.

PROTECT

CAD and Crime on All Nights 0300hrs to 0559hrs

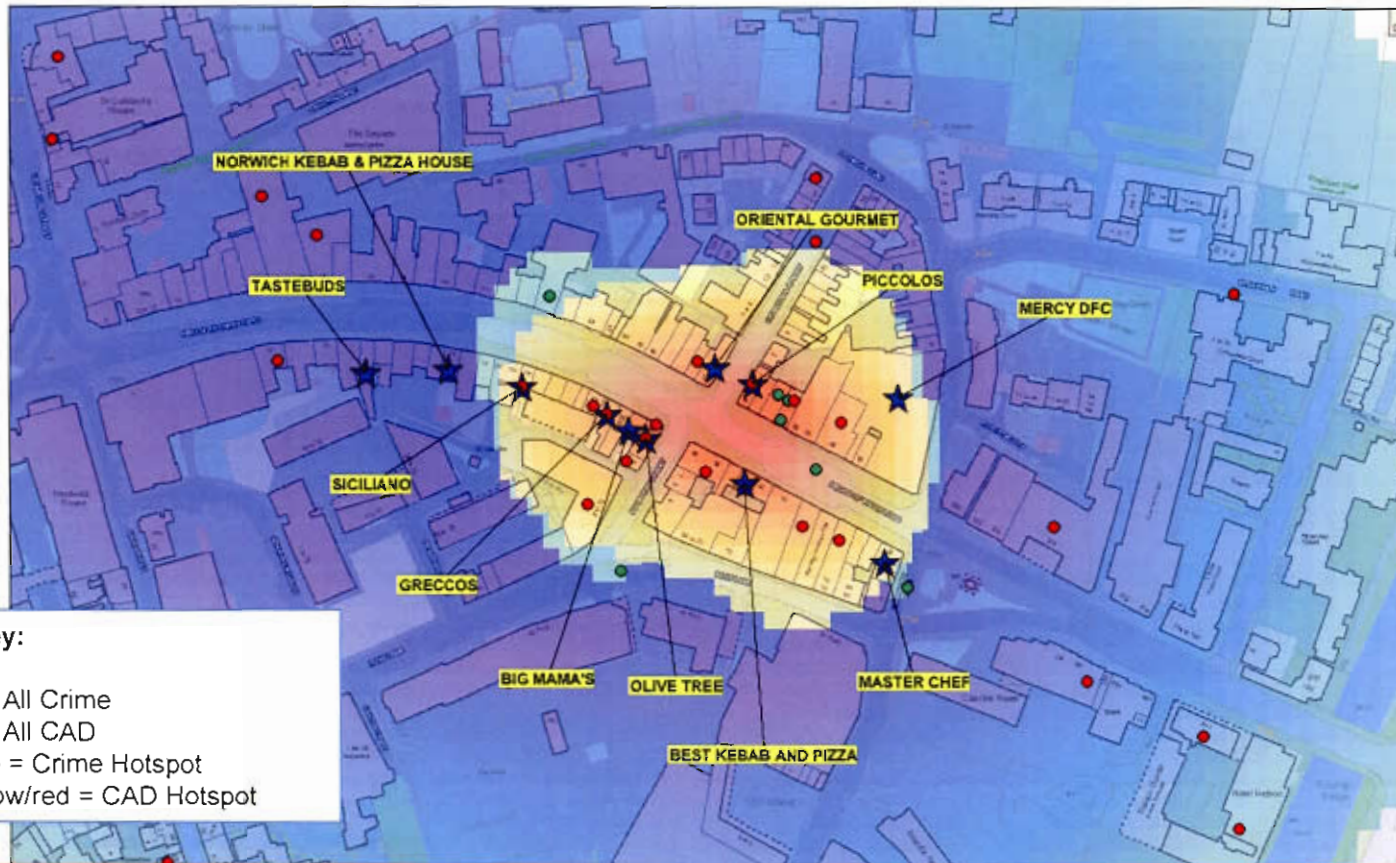

Summary:

- The central area for CAD demand is now clearly defined as being the mid-section of Prince of Wales Road. This is also the meeting point of several takeaway venues and is consequently the area in which people congregate following the closure of the clubs and pubs.
- The remaining hotspots around Bank Plain and London Street reflect premises which remain open at this time.

PROTECT

CAD and Crime on All Nights 0300hrs to 0559hrs – Takeaway Area

Summary:

- The hotspot for CAD and crime at this time is clearly the central area of Prince of Wales Road. At this time, clubs and pubs are closed or closing. The hotspots are closer to the takeaways than the clubs.
- There is a cluster of incidents around Big Mamas, Grecco's and the Olive Tree, and a cluster of crimes near to Piccolos.

PROTECT

Conclusions and Recommendations

Recommendations

- Limit the amount of reasons for people to remain on Prince of Wales Road after the closure of Nightclubs and Pubs. This includes not extending the licensing trading conditions of takeaway venues. Licensing enforcement has already demonstrated that CAD demand and crime is reduced when takeaway establishments are forced to remain within the terms of their licences.
- Ensure all incidents of disorder are recorded on Innweb and referenced against the location at which the incident occurred.
- Poor management and operation outside of licence conditions should always be recorded.

I am Inspector 4211 Lynne Michelle Cross and I am based at Tuckswood Police Station in Norwich.

On the evenings of Friday, 21st January, 2011 and Saturday, 22nd January, 2010, I was on duty as Public Order Inspector. This role involves overseeing the deployment of officers to deal with incidents as a result of the night time economy. This is generally in relation to activity the vicinity of Prince of Wales Road, Tombland and Bank Plain, Norwich throughout the evening and into the early hours of the following day. As an Inspector, this is a role I perform a number of times throughout the course of the year.

As a result of information from the Licensing Department my role this weekend was also to monitor the opening times for Late Night Refreshment establishments, in particular Piccolo's on Prince of Wales Road which had on previous weekends been the location for disorder in the early hours of the morning and previously breached licence conditions.

Sergeant Graham White was one of the officers under my command and he was instructed to monitor Piccolo's and inform staff that officers would be carrying out licence checks during the evening. At 0300hours on Saturday, 22nd January, 2011 I attended the premises which was closed to new customers although customers were continuing to try and enter the premises, they were being turned away by staff. The closure of these premises appeared to have a significant impact on the numbers of people who remained in the vicinity and people began to disperse from the area relatively quickly with no incidents of disorder.

Signature: Signature witnessed by:

Continuation Statement Of: Page of

As a result of the impact the closure of Piccolo's appeared to have in reducing disorder in the area I continued to monitor this and other late night refreshment houses when on duty the following evening.

On Sunday, 23rd January, 2011, officers confirmed to me that Piccolo's closed at 0300hours.

At 0335hours the same day, I attend The Olive Tree on Prince of Wales Road. The license for the premise states they should only serve up until 0330hours. I spoke with staff regarding the conditions of their licence. They were clearly unhappy at having to close but they did close the premises to further customers.

At 0340hours of the same day I attend Sciliano on Prince of Wales which was still serving customers. Staff were unable to provide any details of their licence conditions and did not have their licence on display. On this occasion they were advised they were in breach of their licence and advised to close.

I continued to monitor the premises which did not close or refrain from serving further customers and as a result Sergeant Philpot who was one of the officers under my command, attended the premises and I believe dealt with the breach of licence conditions by way of reporting a member of staff.

In my opinion, having fulfilled a number of public order duties, the closure of these late night refreshment houses had a significant impact on crime and disorder from 0300hours onwards over this weekend. There appeared to be fewer groups of intoxicated people lingering in the area which appeared to reduce the likelihood of disturbance normally associated with these refreshment locations and generally the atmosphere was less threatening.

Date 25 February 2011

Tick if witness evidence is visually recorded (supply witness details on rear)

I am Police Inspector 4203 Tate of the Norfolk Constabulary, I have been an officer within Norfolk Constabulary in excess of 14 years; I am currently stationed at Bethel Street Police Station as a Response Inspector.

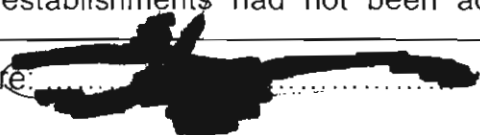

On Friday 28th and Saturday 29th January 2011 I was undertaking the role of Public Order Inspector in Norwich. The role of Public Order Insp is to manage the Policing for the Night Time Economy within Norwich City Centre, a role I have undertaken on numerous occasions. The majority of the Night Time Economy is centred within Prince of Wales Road; the area is made up of business ranging from licensed premises, take-a-away outlets, shops (Tesco etc) taxi companies and residential.

With the differing licensing hours resulting from the Licensing Act 2003 there are throughout the evening and into the morning hours persons moving about the area leaving and entering establishments. Towards the end of the evening the cluster areas for these are Fast Food Outlets and have always been subject to tension fuelled by alcohol.

From my experience the lower section of Prince of Wales Road seems to have more issues, the main focus being between the area of Mo-jo's and Mercy Night club incorporating the junctions of St Vedest Street and Cathedral Street. This area has I believe 6 fast food establishments, all of which are popular.

On Friday 28th and Saturday 29th January 2011 I assisted with deployments supporting a drive to ensure full compliance with the Licensing Act with regards to trading times, something of which establishments had not been adhering too. Part of my strategy was to deploy a

Signature:

Signature witnessed by:

Continuation Statement Of: *Inspr 4203 Jurem Mark* Page *2* of *2*

dedicated Sgt with full details to ensure venue managers / staff fully understood the requirement to close in compliance with their license.

This deployment in my opinion reduced the level of tension, this due to the fact that there were staggered closures resulting in persons not hanging about outside the outlets. There seem to be a slow dispersal of persons from the area; I have no statistical evidence to support this just my experience within that environment and observations on both evenings.

At 21:00 hours on Saturday 22nd January 2011 I was on duty in full uniform performing public order patrols on the river end of Prince of Wales Road, Norwich until 05:00 on Sunday 23rd January 2011.

At 21:40 hours on Saturday 22nd January 2011, I performed a licensing visit at the premises trading as Piccolos, 74 Prince of Wales Road, Norwich. This is a late night refreshment house from Thursday – Saturday nights with a licence to remain open to 3am. At the premises I asked for the manager, and introduced myself to a middle aged male who stepped forward from the staff behind the counter. I had a casual conversation about the night ahead and informed the manager that I would be outside for the duration of the night and reminded him that his late night refreshment licence concluded at 03:00 hours, at which time I expected the premises to be closed.

Between midnight and 2am, my officers and I dealt with a number of violent people and drunkenness resulting in at least 5 arrests by my team, and resulting in two of them being injured through assaults. This had significantly reduced the resources available to me and resulted in officers being called in from other duties to support the policing of this street.

The river end of Prince of Wales Road, was by this time, a hive of activity and due to the mild weather, people were loitering in the area predominantly around the late night refreshment houses that were still open.

Continuation Statement Of: K. Philpot Page 2 of 3

At 03:00 hours on Sunday 23rd January 2011, I became aware that Piccolos was still open. I positioned myself on Cathedral Street, so that I had a clear and direct view through the window of the premises across the trading counter. I watched 4 separate people being served across the counter and would estimate that around 20 other people were inside. The front door was open and the staff were making no attempt to close the store. I signalled to the manager that I had met earlier that his trading time was up to which he came outside and suggested that I had the time wrong and that he had a further five minutes. I waited in this position for another seven minutes during which time the premises began to empty and the manager switched the main lights off. At 03:14 hours the same day, there were still 12 persons inside the premises and the main door was open and the staff appeared as if they were waiting for me to move so that they could start serving again. I decided to go into the premises and ask the manager if he needed assistance removing persons inside. He accepted my invitation and I subsequently made an announcement to the persons inside who began to leave. I followed these outside and by 03:20 hours the premises was closed, with the door shut. I am satisfied that no further trading occurred in this premises however, I am also aware that without my specific targeting of this premises and overt interest they would have continued to trade.

At 03:38 hours on Sunday 23rd January 2011, I was aware that the premises trading under the name Greccos, 55 Prince of Wales Road, Norwich was still open and appeared to be trading. The premise has a late night refreshment licence until 03:00 hours. I again took a position outside and counted six persons inside, two of which were being served food. I entered the premises and instructed the premises to close.

At 03:41 hours on Sunday 23rd January 2011, I was aware that the premises trading under the name Olive Tree, 61 Prince of Wales, Norwich was still open and appeared trading. The premise has a late night refreshment licence until 03:30. I again took a position where I could see the main trading counter where upon I saw one person being served a pizza and four other's waiting to be served. I entered the premises and highlighted that they were breaching their licence. The manager acknowledged my presence and immediately instructed staff to stop serving and took steps to close the premises. This manager caught up with me moments later and questioned why I was checking his licence and the impact that this would have on his business. I explained that I had a duty to enforce any breach of late night refreshment licences.

RESTRICTED (when complete)

MG 11 (cont)

Continuation Statement Of: *K. Miller* Page *3* of *3*

I then had reason to speak to Inspector Cross about the significant time I had spent enforcing late night refreshment licensing conditions to which she informed me that she had been into the premises trading as Siliano, about an hour ago as they were trading. I checked the licensing hours for this premises and found that their permitted hours were up until 02:00 hours, although I could still that it was still open. At 03:52 hours on Sunday 23rd January 2011, I entered the premises as there were four persons inside. Two persons were at the counter and were handing over a £10 note for food purchased. There was one person serving who gave me his name as Naki. I instructed Naki to close as he was in breach of his licence to which he shrugged his shoulders. However I am aware that this premise did then go on to close.

As a result of this effort, I was very conscious that the hive of activity on Prince of Wales Road, lulled significantly and that the street had cleared quicker than normal for a Saturday night. I was also conscious that the amount of litter, rowdiness and anti social behaviour was reduced by closing the late night refreshments houses down on time. However, I was disappointed that this needed specific targeting for each of the premises highlighted above for them to close, which was an obvious detachment from my core public safety role for the evening.

Dear Mr Ahmadi,

I am writing in relation to an intervention visit to Piccolo's, Prince of Wales Road, Norwich, by Norfolk Constabulary's Licensing Regulation Team at 1000 hours on Tuesday 18th January 2010.

At this time officers highlighted to you evidence claiming your venue had been operating beyond the hours stipulated within your premises licence, sometimes as late as 0530 hours. It was clearly explained to you that this formed a potential offence under section 136 Licensing Act 2003, which is detailed below for your reference:-

A person commits an offence if:-

he carries on or attempts to carry on a licensable activity on or from any premises otherwise than under and in accordance with an authorisation

You were also advised to liaise with Norwich City Council to ensure the premises licence related to your venue is signed over to yourself to ensure Mr Kunarasamy is no longer shown as the premises licence holder as I am led to believe, by yourself that he is no longer involved in the business.

Mr Tony Shearman from Norwich City Council was also present and gave you advice on achieving the transfer of premises licence holder and offered to assist you in understanding the procedure to apply to then vary your licence in order for your operating times to be reviewed and potentially extended.

Can I take this opportunity to remind you that you are legally obliged to adhere to the licence conditions and timings that currently exist for the premises, a copy of which was left in your possession on the 18th January 2011 by police officers. You are also required to be able to produce the most recent premises licence to police officers on request and display the summary that will be given to you by Norwich City Council in a prominent position within your premises.

This letter will act as a warning as it has been decided on this occasion not to prosecute, however I have to inform you that this letter will be kept on record by Norfolk Constabulary Licensing Department and will be used to inform any future decisions to prosecute in the event of any future offences and may be cited in proceedings in the event of a prosecution.

The local Licensing Authority will also be made aware of these incidents.

Yours Sincerely

Pc 1376 Jeremy BROWN

This statement (consisting of 2 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it, which I know to be false, or do not believe to be true.

Signature:  Date 27/01/2011

Tick if witness evidence is visually recorded (supply witness details on rear)

On Saturday 25th December 2010 I was at my place of work on PRINCE OF WALES, NORWICH. This is a food outlet called PICCOLOS. About half two in the morning I was at this place when three men came in to the shop. One of my employees spoke with them to serve them but the three men started to be funny with them. There was another group of people in the shop – some girls with boyfriends. These three men began chatting to the girls who looked like they didn't want to be spoken to and were being hassled. When my employee began to serve them he was asked whether he was Turkish. He told the men that he was not. They then started speaking loudly in a language that I assume was Turkish. I do not understand this language – only a few words. I understood that some of the words they were almost shouting at my employee were actually swear words. I walked around the counter to the shop floor and spoke with the males. I told them that I understood that they were swearing at my staff and asked them if they could speak English and if I could serve them. I tried to reason with them to calm them down. They continued to be loud and use swear words in Turkish. I asked them to leave and asked my employee to give back any money the men had passed in an attempt to get food. They were not to be served because of their behaviour. One of the males continued to say things to my staff and appeared to be trying to wind them up. One male was speaking both Turkish and English and I heard him say something about "MUM" in English. They were being rude and would not leave. The three men had gathered round me and were intimidating. I believe that they were going to try to fight me. I believed this because they were aggressive and swearing. And I feel that they were just looking for a

Signature:  Signature witnessed by: 

fight because why would they not leave when asked to? They kept looking at my staff inside the kitchen and swearing at them. My staff kept quiet.

I continued to just try to speak with them and reason by asking them to leave. I tried to signal to the police outside but then all of a sudden a fight started. My staff came round the counter to the shop floor and a big fight just happened. It was very quick. I think that they were trying to protect me because the three men were clearly getting ready to fight me. There was only one of the three males who was the main problem. He was trying to wind my staff up on purpose. I did not see what happened in the fight because it happened all too quickly. One of the males took me outside by grabbing my arm and pulling me outside. He tried to punch me when I was outside and I think I threw a punch back at him and ran back inside the shop. I did this in self defence because he was trying to hit me and had pulled me outside grabbing my arm making me feel threatened. The police very quickly came and stopped everything.

I cannot describe the three men very well at all. One of them was shorter than the other two. He was quite short and had something around his neck. He was the one who was causing all the trouble. They all had short black hair. They all had average build apart from one who was taller than the rest and was quite skinny and tall. He was trying to stop the small one and calm him down when the small one was abusing us by saying things. But then he still fought when the fight happened. He did everything he could in the fight to fight. I have not seen these men before.

I am angry because this has damaged my business. Such behaviour is an ongoing problem for my business. Both me and my staff felt insulted by their language and behaviour and the threats because one of the men said that they were from LONDON and would not forget this. This was the skinny one who had said this. Another one said that he was one from ALBANIA and that we had made a big mistake. I believe that the three men were acting like this and trying to wind my staff up because they knew we were not Turkish.

I have downloaded the cctv and produce this as my exhibit BA1. This shows the incident in full. I would like to add that my staff are young and were trying to protect me and that they get angry when they are insulted like this. They didn't deserve this. It was the three men who started everything. It was their fault.

I have read this statement and had the opportunity to add, clarify or change anything but it is true to what I have said. I can read English and understand it when it is in simple

I am the above person and I reside at the address overleaf. I am making this statement in relation to an incident which occurred in 'Piccolo's' on Prince of Wales Road on 25th Dec 2010. I went out on the evening of the 24th December 2010 with my mate Paul and I ended up in Pulse. I lost Paul in Pulse so decided to get some chips and go home. I walked into piccolo's. I cannot recall what time it was, but it was past midnight. I knew it was gone midnight as I left 'The Stanley Pt' at 2300hrs, went to a mate's house, then into the city. Whilst I was in 'Piccolo's', I ordered my food and stood to the side waiting for my food. 2 males walked into piccolo's who appeared Turkish. They approached the counter and the shorter male was saying something to the male behind the counter. He was talking in his native tongue. It seemed that he was upsetting the male behind the counter. He appeared upset from his body language and his voice was raised. As I got my food, 2 to 3 guys came from behind the counter and confronted the 2 males. They were both talking to each other in their language. The voices were raised + angry. The biggest male from

behind the counter during the 1st lunch. They all then
started fighting with each other. I stood protecting my
food and looked down to see a splat of blood on the
floor. Police then arrived on scene. The incident
lasted for about 30 seconds. I was stood next to
the males when they were fighting. Visibility was good,
nothing obstructing my view. Names are unknown to me.
I don't think I would recognise them again. [REDACTED]

I am the person named above and reside at the address overleaf.

Sometime in the early hours of Christmas Day 25th December 2010 after going into the City for some drinks with my partner & some friends for Christmas Eve, we went to Piccolo on Pond of Wales Road in Newry. I had consumed alot of alcohol but not totally drunk. Myself & my partner [Redacted] had been in Piccolo for a few minutes and were standing to the right of the counter when several blokes came in. There was an exchange of words with the staff and the owner of Piccolo or Manager who had a bald head and is in his 40's & slim, came to the customer area of the counter. He came to speak face to face with the group of males. One or two of his staff came around the counter too. There was a heated exchange of words & then it all kicked off into a full on brawl.

all of them were fighting & throwing punches. It all happened so quickly then I saw the fluorescent jackets of the police come in & break it up. During the brawl I had to step back into the corner where we were standing to not get hit. I didn't feel in danger at the time as I knew that the police would come & stop it straight away. I was shocked that it blew out of proportion so quickly. I was worried about my father.
