

Norwich City Council
SCRUTINY COMMITTEE

Item No 5

REPORT for meeting to be held on Thursday 21 January

Scrutiny committee work programme 2020-21

Summary: The purpose of this report is to assist committee members in setting the work programme for the rest of the civic year 2020-21.

Conclusions: It is proposed that any discussion is agreed as a whole committee using 'TOPIC' criteria. This will assist members in achieving the goal of an agreed work programme that is met by consensus.

The programme is a standing item at each committee meeting and can be adjusted as necessary.

Recommendation: To consider the scrutiny committee work programme 2020-21.

Report

1. When the scrutiny committee considers which items to include on its work programme, it is useful to do so in the context of what the focus is for the council over the coming year and to look at how activity aligns to the council's corporate plan.
2. This is so that the scrutiny committee will be able to consider where and how it can add value to the work being carried out towards achievement of the council's priorities and ensure that resources are being focused effectively.
3. Although sometimes not possible to achieve, it was previously agreed that the committee should agree as few as possible substantive topics per meeting. The main reason for this is to ensure that there is enough time for the committee to effectively consider the issues and has a fair chance of reaching sound, evidence based outcomes. Ideally, one main item per meeting would be the aim.
4. Members will have the opportunity on a monthly basis to revise the work programme if and when required or due to changing events.
5. Along with this report, members have a copy of the cabinet forward agenda for consideration.
6. It is proposed that any discussion is as a whole committee using the TOPIC criteria. This will assist members in achieving the goal of an agreed work programme that is met by consensus.
7. Members are reminded that any items placed on the work programme should be considered within the council's COVID-19 recovery framework.
8. Members are asked to note the items on the work programme for the remainder of the civic year.

The council is due a report on solar financing from the cabinet member for safe and sustainable city environment, therefore the committee proposes that the cabinet member meets with local community energy groups and the LEP to discuss a pilot in Norwich. ask cabinet to promote grants from the LEP by including details in communication with businesses when sending out business rates letters. ask the LEP to provide information on the self employed grant scheme and lobby government to provide more targeted support for those who are self employed. 	<p>Taken to cabinet on 16 December 2020, response; The leader noted that a number of the recommendations from the report were questions and some had been asked before.</p> <p>RESOLVED to note the recommendations made at the meeting of scrutiny.</p>

Chris Starkie acknowledged that - not enough was being done to meet the Climate Change Act's requirements. Small acts of carbon reduction need to be weighed against, and scaled up to exceed actual ongoing emissions and the first step is measurement. Tyndall report gives 13% annual reduction of Norwich emissions to meet targets in Climate Change Act. This is an engine of economic renewal and offers genuine opportunities to the many in high carbon jobs who will need alternative employment. The sooner this transition is managed, the more manageable it will be. • to recommend to the LEP that they lobby government for Universal Basic Income pilot scheme in Norwich to boost local demand. • to push for meetings to be held in public in order to increase accountability, transparency, public awareness and trust.
