Report

Introduction

- 1. Tree Preservation Order No 468 was served in order to preserve the majority of the trees on site in response to a concerned local resident reporting the lopping and topping and felling, of some of them.
- 2. Objections to this Order have been made by:
 - Mr Yaxley, 18 Taylors Lane, Old Catton, Norwich, NR6 6DZ.
 - Mr and Mrs Irving, 2 Mallory Road, Norwich, NR6 6DJ

Full details of these letters are available on request.

3. A copy of the notice, tree preservation order to be confirmed and modified plan are appended to this report.

Summary of objections

4. The issues are summarised below together with the officer response.

Issues raised	Response
T6. The owner has no intention to remove this tree. It is being well maintained and monitored on an annual basis.	This objection is acknowledged and T6. Will be omitted from the modified order.
G14. The trees are too closely planted, very tall, have some dead branches. They are close to buildings, overhang public roads.	The Order does not stop the carrying out of good management of the trees it just means that permission from the Council is required in order to ensure a good standard of work is carried out. Dead wood removal does not require permission.
G14. The trees may blight potential development opportunities on adjacent land	This would be a consideration of the development management team on receipt of a Planning Application.
G14. The Order is unfair because adjacent land with trees has not been TPOd	If trees on the adjacent land became under threat then the serving of a TPO will be considered.

Issues raised	Response
G14. Ash trees in particular can need quick action to stop them being dangerous.	Any tree that presents a danger can have work carried out to remove the dangerous element. Five days' notice is required unless the danger is imminent. Work to remove an imminent danger can be carried out and the Council informed with photographic evidence of the dangerous element once the tree[or part thereof] has been made safe.
G14. Possible conflict with local drains.	If there is tree related damage caused to drains and work applied for as a result it will need to be evidenced as part of the tree work application.

Conclusion

5. Objections to the order have been taken note of and where appropriate the order has been modified.

TREE PRESERVATION ORDER 2014 THE CITY COUNCIL OF NORWICH NUMBER 468

THIS IS A FORMAL NOTICE to let you know that on **23rd of July 2014**, the Council made the above Tree Preservation Order.

A copy of the Order is enclosed. In simple terms, it prohibits anyone from cutting down, topping or lopping any of the trees described in the Schedule and shown on the map without the Council's consent.

Some explanatory guidance on tree preservation orders is given in the enclosed leaflet, **Protected Trees: A Guide to Tree Preservation Orders**, produced by the Department of Communities & Local Government.

The Council has made the Order following concerns expressed by local residents that the trees may be under threat of removal, lopping or topping and in order to thus preserve the trees and secure their long term retention in the interests of the local amenity.

[The Order took effect, on a provisional basis, on **23rd of July 2014**. It will continue in force on this basis for a further 6 months until the Order is confirmed by the Council, or if the Council decide not to confirm the order, the date on which the Council decide not to confirm the order, whichever occurs first.]

The Council will consider whether the Order should be confirmed, that is to say, whether it should take effect formally. Before this decision is made, the people affected by the Order have a right to make objections or other representations about any of the trees, groups of trees or woodlands covered by the Order.

If you would like to make any objections or other comments, we must receive them in writing by **19th August 2014**. Send your comments to the **Tree Protection Officer**, **Norwich City Council, City Hall, St Peter's Street, Norwich NR2 1NH**. All valid objections or representations are carefully considered before a decision on whether to confirm the Order is made.

The Council will write to you again when that decision has been made. In the meantime, if you would like any further information or have any questions about this letter, please contact **Michael Volp, Tree Protection Officer, Norwich City Council, St Peter's Street, Norwich, NR2 1NH (Tel: 01603 212546).**
