Report Details

Developing a work programme for the scrutiny committee

1. When the scrutiny committee considers which items to include on the work programme, it is useful to do so in the context of what the focus is for the council over the coming year and to look at how activity aligns to the council's corporate plan, policies and the COVID-19 recovery plan.
2. At scrutiny committee on 20 January 2022 the work programme was updated for the rest of the civic year 2021/2. The updated work programme is attached at Appendix A.
3. Scrutiny members have been asked to send their comments to the scrutiny liaison officer by e-mail to assist in setting a scope for the item scheduled for scrutiny on 17 March – 'A sustainable, inclusive Norwich economy following COVID-19'. These comments will then be collated and circulated by e-mail to all scrutiny committee members prior to this meeting to aid the discussion.

Recurring items

4. There are certain areas of work identified for the scrutiny committee that are of a recurring nature. Presently, these are the scrutiny committee work programme (each meeting), Equality Information Report (December), pre-scrutiny of the proposed budget (February) and the annual review of the scrutiny committee (March). At the committee meeting on 21 October 2021 it was agreed to add updates from the councils climate commission as a recurring item.
5. Updates are received from the council's representative on the Norfolk County Health and Overview Committee (NHOSC).
6. Updates are also received from the council's representative on the Norfolk Countywide Community Safety Partnership Scrutiny sub panel (NCCSPSSP).

Scope for scheduling items onto the work programme.

7. It has been previously agreed that the committee should agree as few as possible substantive topics per meeting. The main reason for this is to ensure that there is enough time for the committee to effectively consider the issues and has a fair chance of reaching sound, evidence based outcomes. Ideally, one main item per meeting would be the aim.
8. Members will still have the opportunity on a monthly basis to revise the programme if and when required or due to changing events. This is done via the work programme standing item on the scrutiny committee agendas and members may wish to consider keeping some space on the work programme to facilitate this.

Consultation

9. Ward councillors, the public or other stakeholders have not been consulted (statutorily or otherwise). However the public are encouraged to submit topics for scrutiny via an interactive form on the council's website. The portfolio holder will be briefed as part of the regular portfolio holder briefing process.

Implications

Financial and Resources

10. Any decision to reduce or increase resources or alternatively increase income must be made within the context of the council's stated priorities, as set out in its Corporate Plan 2019-22 and Budget.
11. Any impact on resources resulting from this report will be accommodated within existing budgets or the relevant approvals will be sought if additional budget is required.
