**Updates to reports**

**Applications 16/00257/F 55 Essex Street  
Item 4(c) Page 39**

**Amendment to representation:**

Following a further meeting and site visit Councillor Raby has updated his representation as follows:

“While I still appreciate the concerns of the neighbours at no. 57 and consider that the proposed extension could ideally be reduced somewhat in size to minimise its impact, I do not oppose the application in its entirety.”
