

Report to	Licensing sub committee 31 July 2013	Item
Report of	Head of citywide services	4
Subject	Licensing Act 2003: Application for the Grant of a Premises Licence - 4 Lower Goat Lane Norwich NR2 1EL	

Purpose

Members are asked, in accordance with the delegation of licensing functions contained in the Norwich City Council Statement of Licensing Policy (Licensing Act 2003), to consider the application for the grant of a Premises Licence in respect of 4 Lower Goat Lane Norwich NR2 1EL following the receipt of relevant representations.

Recommendation

That Members determine the application to grant a Premises Licence in respect of 4 Lower Goat Lane Norwich NR2 1EL in accordance with the:

- Licensing Act 2003;
- Guidance issued under Section 182 of the Licensing Act 2003; and
- Norwich City Council Statement of Licensing Policy.

Corporate and service priorities

The report helps to meet the corporate priority of a safe and clean city and the service plan priority of protecting the interests of the public through the administration of the licensing function.

Financial implications

None.

Ward/s: All wards

Cabinet member: Councillor Stonard – Environment, development and transport

Report

The application

1. The applicant is Farida Valnitskine of 46 Magdalen Close Norwich NR3 1NE.
2. The application seeks to allow the following licensable activities:
 - supply of alcohol for consumption on the premises.
3. The proposed standard days and hours for the licensable activity is:

supply of alcohol (for consumption on the premises):

Monday	1100 – 2200
Tuesday	1100 – 2200
Wednesday	1100 – 2200
Thursday	1100 – 2200
Friday	1100 – 2200
Saturday	1100 – 2200
Sunday	1100 – 1500

4. The opening hours requested are:

Monday	0900 - 2200
Tuesday	0900 - 2200
Wednesday	0900 – 2200
Thursday	0900 - 2200
Friday	0900 - 2200
Saturday	0900 - 2200
Sunday	0900 – 1500

A plan of the premises together with the steps proposed to promote the licensing objectives is attached at appendix A to the report. The applicant has indicated that they will comply fully with model conditions (g), (c), (d) and (e) although it is unclear which model conditions the applicant is referring to.

Relevant representations

5. The responses from the Responsible Authorities are as follows:

Police – (representations received see appendix B)

Environmental Protection – no representations.

Fire Officer – no representations.

Planning Officer – no representations.

Area Child Protection Committee – no representations.

Trading Standards – no representations.

Primary Care Trust – no representations

6. In their representation, the police have requested that the following conditions be included within the operating schedule. If these conditions are accepted by the applicant then there will be no police objection to the application.

An incident book will be kept on site to record any incidents of crime and disorder including any refused sales of alcohol due to underage or intoxication.

A Challenge 21 Policy will be in place. Any person who appears to look under 21 wanting to purchase alcohol will be requested for credible photographic identification to prove their age.

Staff will be trained in relation to the sale of alcohol. A record of this training will be kept on the premises and available to Police or Licensing Authority on request.

7. Relevant representations have been received in respect of the application with concerns which appear to relate to the licensing objectives of the prevention of crime and disorder, public safety and the prevention of public nuisance. Copies of the representations are attached at appendix C to the report

Norwich City Council Statement of Licensing Policy

8. Attached at appendix D are the elements of the City Council's local Licensing Policy which are considered to have a bearing upon the application:

National Guidance (issued under section 182 of the Licensing Act 2003)

9. Attached at appendix E are the elements of the National Guidance issued by the Secretary of State that are considered to have a bearing upon the application.

Summary

10. In determining the application with a view to promoting the licensing objectives the Sub-Committee must give appropriate weight to:

- the steps that are appropriate to promote the licensing objectives (i.e. the prevention of crime and disorder; public safety; the prevention of public nuisance; and the protection of children from harm);
- the representations (including supporting information) presented by all the parties;
- the guidance issued under Section 182 of the Licensing Act 2003 (National Guidance); and
- the Council's own statement of licensing policy.

11. The Sub-Committee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the application as asked;
- Modify the conditions of the licence by altering or omitting or adding to them;
- Reject the whole or part of the application

12. The Sub-Committee is asked to note that it may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

13. The representation received appears to relate to issues that fall under the licensing objectives of the prevention of crime and disorder, public safety and the prevention of public nuisance. The Sub-Committee is directed to paragraphs 20, 22 and 24 of the local licensing policy at Appendix D which contain examples of factors that impact on the licensing objectives that the applicant could consider when addressing these issues. These paragraphs also contains examples of control measures that may be taken into account in operating schedules having regard to the type of premises and/or the licensable activities.

14. The Sub-Committee is also reminded of the contents of appendices 2, 3, 4 and 5 of the local licensing policy (not re-produced in this report) which contain pools of model conditions relating to the four licensing objectives.

P Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

We intend to comply fully with the model conditions (b) (c) (d) and (e).

b) The prevention of crime and disorder

Close liaison with the local police.
The early detection of the over use of alcohol from customers.

c) Public safety

Will be our prime concern.

d) The prevention of public nuisance

We will adhere strictly to a stringent code of practice.

e) The protection of children from harm

No children under the age of 18 will be allowed to consume or buy alcohol.

Re: Copper Kettle, 4 Lower Gate Lane Norwich

I can confirm that I have received a copy of the application for a premises licence for 4 Lower Gate Lane, Norwich for the sale of alcohol.

This premises is predominately a restaurant and the sale of alcohol will be in addition to the business.

I do not anticipate the premises to cause an impact to crime and disorder but request that the following conditions are added to the premises licence:

- **An incident book will be kept on site to record any incidents of crime and disorder including any refused sales of alcohol due to underage or intoxication.**
- **A Challenge 21 Policy will be in place. Any person who appears to look under 21 wanting to purchase alcohol will be requested for credible photographic identification to prove their age.**
- **Staff will be trained in relation to the sale of alcohol. A record of this training will be kept on the premises and available to Police or Licensing Authority on request.**

I have met with the applicant, Miss Valnitskine to discuss these proposed conditions so I don't anticipate these to be an issue.

With these conditions added to the premises licence, there will be no Police objections.

Regards

Yours faithfully,

Michelle Bartram
Licensing Officer

APPENDIX C

Nova Silver
6 Lower Goat Lane
Norwich
NR21EL
31/5/13

Dear Sir/Madam,

I am writing to you with regard to the application to serve alcohol by the Copper Kettle Café on Lower Goat Lane. I am the manager of Nova Silver, a jewellery shop next door, and I wanted to express my concerns should this go ahead. As a small independent business we do not employ very many staff and will often only have one member of staff on the shop floor at any time. As the Copper Kettle currently has an outside seating area I feel our staff and customers would be vulnerable to intoxicated people and unpredictable behaviour. The Copper Kettle is well known in Norwich for offering food such as fried breakfasts and jacket potatoes, not the type of food typically accompanied by an alcoholic drink and I'm therefore apprehensive as to the type of customers who will be there. Whilst I can understand the idea of an al fresco dining area serving drinks may enhance Lower Goat Lane I do not feel that this is what The Copper Kettle would offer. We presently find that cigarette smoke from people seated outside The Copper Kettle blows into our shop, and have had comments multiple times from our customers who can smell it. We have also had comments from customers who have felt uncomfortable walking past people seated outside on the pavement, or empty plates left on tables, and I feel that this would only be accentuated if alcohol were added. We have noticed a huge difference for the better in the atmosphere and cleanliness of the street since the Refreshers pub closed down on the corner and I worry that by allowing the Copper Kettle to serve alcohol these issues would start to return. Finally I would be concerned that were the Copper Kettle to be open later than they currently are we would be locking up our shop and leaving the premises when there were drunk people around, which would be uncomfortable and potentially dangerous for my staff and myself. I appreciate that the Copper Kettle may feel that their customers would benefit from being able to choose to drink with their meal, but I strongly believe that this would not suit the style of the café and the area to which it belongs.

Yours Sincerely

Alex Nelmes.

Address of the premises you wish to support or object to	4 LONGER GOAT LANE NORWICH.

Your support or objection must relate to one of the four licensing objectives (see note 2)

Licensing objective Please set out your support or objections below.
Please use separate sheets if necessary.

To prevent crime and disorder ANTI SOCIAL BEHAVIOUR OF PEOPLE DRINKING ALCOHOL ESPECIALLY IN EVENINGS. THIS ESTABLISHMENT ALREADY DO NOT FOLLOW THE RULES LAID OUT IN THEIR TABLES + CHAIRS LICENCE. REFRESHMENTS. WHEN IT WAS OPEN HAD ANTI SOCIAL BEHAVIOUR REGULARLY & OFTEN TABLE WERE * 1

Public safety SMOKING IN A PEDESTRIANISED AREA BUSY WITH STOPPERS. SMOKERS CONGREGATE OUTSIDE LICENCED PREMISES. INCREASED STREET ACTIVITY WHERE THIS ESTABLISHMENT ALREADY HAVE A' BOARDS & TABLES + CHAIRS LITTERING THE STREET. * 2

To prevent public nuisance THERE ARE MANY PEOPLE LIVING IN FLATS ABOVE SHOPS AND WILL LEAD TO INCREASED NOISE POLLUTION.

To protect children from harm CONGREGATION OF DRINKERS IN A COMMERCIAL FAMILY AREA

Please suggest any conditions which would alleviate your concerns IF THE PLAN IS TO BECOME A FORMAL RESTAURANT DO THIS FIRST PROVE THAT THIS SORT OF DINER WILL COME & THEN LOOK AT ALCOHOL LICENCE.

Signed:

Date:

3-6-13.

*₁ "FIGHTS AND ARGUMENTS WHICH THE POLICE HAD TO ATTEND. THIS IS NOT A RESTAURANT IT IS A CAFE SETTING FRY UPS AND OTHER TYPES OF FOOD THAT ORDINARILY YOU WOULD NOT DRINK WITH. I WOULD QUESTION WHY AN ALCOHOL LICENCE IS WANTED AS I'M SURE THE CURRENT CUSTOMERS WOULD NOT USE IT. IS IT A BACK DOOR TO BECOME A BAR? IF THEY CAN'T FOLLOW THEIR TABLES AND CHAIRS RULES & IN AN AREA THAT WAS ONCE A HAVEN FOR CRIME BEHAVIOUR IT IS RATHER WORRYING."

*₂ IN TERMS OF PUBLIC SAFETY I HAVE ALREADY HAD COMPLAINTS FROM MY STAFF AT NOVA STREET (6 LOWER GOAT LANE) REGARDING SMOKING AND LARGE CONGREGATIONS OUTSIDE THE COPPER CAFE (MAINLY SMOKING). AND FROM CUSTOMERS. THIS IS NOT REALLY THE "CAFE CULTURE" ASPECT THAT NCC. ARE DOING A GOOD JOB OF PROMOTING. ALSO CURRENTLY THERE IS OFTEN FOOD LEFT ON THE OUTSIDE TABLES AND NOT CLEARED TOGETHER WITH GLASSES AND THE AREA IS LITTERED WITH CIGARETTE ENDS. THIS WILL JUST GET WORSE AND WILL BE FAR FROM PROMOTING "CAFE CULTURE".

IN ADDITION PLEASE BE AWARE THAT THERE IS NO DATE AS TO WHEN THE OBJECTIONS SHOULD BE RECEIVED BY IN THE WINDOW OF 4 LOWER GOAT LANE.

SEE ATTACHED.

APPENDIX D

Local Policy considerations

1.0 Introduction

1.4 The 2003 Act requires the council to carry out its various licensing functions so as to promote the four licensing objectives. These are:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

1.5 The 2003 Act also requires that the Council publishes a 'Statement of Licensing Policy' that sets out the policies the Council will generally apply to promote the Licensing Objectives when making decisions on applications made under the Act.

2.0 Consultation and Links to other Policies and Strategies

2.7 So far as possible, the council will avoid duplication with other regulatory regimes, and will not to use its powers under the Licensing Act 2003 to achieve outcomes that can be achieved by other legislation and other enforcement agencies. As an example, the council will not seek to impose fire safety conditions that may duplicate any requirements or prohibitions that could be imposed under the Regulatory Reform (Fire Safety) Order 2005.

3.0 Applications for Licences

3.2 Applicants must address the four licensing objectives in their operational plan. The operating plan must have regard to the nature of the area where the premises are situated, the type of premises, the licensable activities to be provided, operational procedures and the needs of the local community. The operating schedule must demonstrate how the premises will be "good neighbours" both to residents and to other venues and businesses.

3.3 Applicants must provide evidence that suitable and sufficient measures, as detailed in their operating schedule, will be implemented and maintained, relevant to the individual style, location and characteristics of their premises and activities. They must also indicate if additional measures will be taken on an occasional or specific basis, such as when a special event or promotion is planned, which is, for example, likely to attract larger audiences.

4.0 Representations

4.1 "Responsible Authorities" (see Appendix 7) will be asked to consider all applications and to make representations to the council, if they relate to the promotion of the four licensing objectives and particularly in respect of applications which, might be regarded as contentious. Representations must be

evidentially based and the organisation should attend any hearing when the application is being considered. Representations can be made in opposition to, or in support of, an application.

4.2 The council will consider all representations from any “Interested Party” (see Appendix 7), or their representative, which should preferably be evidentially based and supported by attendance at any hearing at which the application is being considered.

4.3 A representation, will only be accepted by the council if it is ‘relevant’, ie it must relate to the likely effect of granting the licence on the promotion of at least one of the four licensing objectives. Representations, that are regarded as being frivolous or vexatious, will not be considered, and in the case of a review of a licence, any representation which is regarded as repetitious, will also not be considered. A decision as to whether a representation is frivolous, vexatious or repetitive will be made by an officer of the council.

5.0 Conditions attaching to Licences

5.1 Where relevant representations are made, the council will make objective judgments as to whether conditions may need to be attached to the premises licence to secure achievement of the licensing objectives. Any conditions arising as a result of representations will primarily focus on the direct impact of the activities taking place at licensed premises, on those attending the premises, and members of the public living, working or engaged in normal activity in the area concerned, and will cover matters that are within the control of individual licensees.

5.2 All applications will be considered on an individual basis and any condition attached to such a licence, will be tailored to each individual premises, in order to avoid the imposition of disproportionate or burdensome conditions on those premises. Therefore, mandatory conditions, will only be imposed where they are appropriate for the promotion of the licensing objectives.

8.0 The Impact of Licensed Premises

8.1 When considering whether any licensed activity should be permitted, and a relevant representation has been received, the likelihood of it causing unacceptable adverse impact will be assessed by taking into account relevant matters including:

- the type of use, the number of customers likely to attend the premises and the type of customers at the time of the application;
- the proposed hours of operation;
- the level of public transport accessibility for customers either arriving or leaving the premises and the likely means of public or private transport that will be used by the customers;
- the means of access to the premises including the location of customer entrances and exits;
- the provision of toilet facilities;
- the frequency of the licensable activity.

With any adverse impact it may be possible to take steps to mitigate or prevent the impact and if such measures are reliable an activity may be licensed.

13.0 Management of Licensed Premises

- 13.1 Within the operating schedule for premises from which alcohol will be sold, with the exception of qualifying community premises, a premises supervisor must be designated (designated premises supervisor) and such person must be in possession of a current personal licence. The licensing authority will normally expect the designated premises supervisor [DPS] to have been given the day to day responsibility for running the premises by the premises licence holder and, as such, would normally be present on the licensed premises on a regular basis. In addition to the DPS holding a personal licence, the licensing authority would strongly encourage the DPS to undergo additional training and to have experience commensurate with the nature and style of entertainment provided and the capacity of the premises.
- 13.2 The act does not require a DPS or any other personal licence holder to be present on the premises at all times when alcohol is sold. However, the DPS and the premises licence holder remain responsible for the premises at all times and have a duty to comply with the terms of the licensing act and any conditions, including the matters set out in the premises' operating schedule, in order to promote the licensing objectives. To that end, the licensing authority will be mindful of the guidance issued by the secretary of state, which recommends that a personal licence holder/DPS gives specific written authorisations to those individuals they are authorising to retail alcohol. Although written authorisation is not a requirement of the act and the designated premises supervisor/personal licence holder remain ultimately responsible for ensuring compliance with the act and licensing conditions, this action could assist in demonstrating due diligence should any issues arise with regard to enforcement.

The licensing authority will therefore expect that where the personal licence holder/DPS does not have the premises under their immediate day to day control, written authorisations will be issued to staff acting on their behalf, such authorisations being made available for inspection by a responsible Officer of the licensing authority or the police upon request.

LICENSING OBJECTIVES

20.0 Objective - Prevention of Crime and Disorder

- 20.1 Section 17 of the Crime and Disorder Act 1998 introduced a wide range of measures for preventing crime and disorder and imposed a duty on the City Council, and others, to consider crime and disorder reduction in the exercise of all their duties. The Licensing Act 2003 reinforces this duty for local authorities.
- 20.2 The promotion of the licensing objective, to prevent crime and disorder, places a responsibility on licence holders to become key partners in achieving this objective. Applicants will be expected to demonstrate in their operating schedule that suitable and sufficient measures have been identified and will be implemented and maintained to reduce or prevent crime and disorder on and in the vicinity of

their premises, relevant to the individual style and characteristics of their premises and the licensable activities at those premises.

- 20.3 When addressing the issue of crime and disorder, the applicant should demonstrate that all those factors that impact on crime and disorder have been considered. These include:

Underage drinking

Drunkenness on premises

Public drunkenness

Keeping Illegal activity like drug taking and dealing, offensive weapons and sales of contraband or stolen goods away from the premises.

Preventing disorderly and potentially violent behaviour on and outside the premises.

Reducing Anti-social behaviour and Disorder inside and outside the premises

Litter

Unauthorised advertising

Protecting people and property from theft, vandalism and assault

Guard against glasses and bottles being used as weapons or causing accidents.

- 20.4 The following examples of control measures are given to assist applicants who may need to take account of them in their operating schedule, having regard to their particular type of premises and/or licensable activities:

Effective and responsible management of premises;

Training and supervision of staff;

Employ sufficient numbers of staff to keep numbers down of people awaiting service;

Provide sufficient seating for customers;

Patrols of staff around the premises;

Ensure sufficient lighting and visibility, removing obstructions if necessary, to discourage illegal activity;

Introduce an entry policy – making people aware of it – and apply it consistently and fairly;

Implement a search policy to prevent drugs, offensive weapons etc being brought onto the premises;

Implement effective management of entrance queues – incorporating barriers if necessary;

Adoption of best practice guidance e.g. Safer Clubbing, the National Alcohol Harm Reduction Strategy Toolkit, Minor Sales Major Consequences, Clubbing against Racism and other voluntary codes of practice, including those relating to drinks promotions e.g. The Point of Sale Promotions published by the British Beer and Pub Association (BBPA), Security in Design published by BBPA and Drugs and Pubs, published by BBPA;

Acceptance of accredited 'proof of age' cards e.g. Portman proof of age cards, Citizencard, Connexions Card and/or 'new type' driving licences with photographs, or passports;

Provision of effective CCTV in and around premises;

Employment of Security Industry Authority licensed door staff to manage the door and minimize disorder;

Ensure glasses are collected on an on going basis, make regular inspections for broken glass and clear up;

Provision of toughened or plastic drinking vessels and bottles;

Provision of 'bottle bins' inside the premises and near exits;

Provision of secure, deposit boxes for confiscated items i.e. Operation Enterprise Drug and Weapon Amnesty Safe's;

Information displayed for staff and customers on Drug Awareness including the 'spiking' of drinks with drugs;

Provision of litterbins and other security measures, such as lighting, outside premises;

Membership of local 'Pubwatch' schemes or similar accreditation schemes or organizations ie Operation Enterprise;

Responsible advertising;

Distribution of promotional leaflets, posters etc;

Drug Seizure Kits (available from Norfolk Police Operation Enterprise);

Member of the 'NiteLink' radio scheme;

Working in partnership with the SOS Bus scheme;

Ban known offenders and share information with other licensed premises in the area;

Implement a dispersal policy;

Introduce a 'closed door' policy, with attendance prohibited for new customers 2-3 hours before licensable activities finish;

22. Objective – public safety

- 22.1 The safety of any person visiting or working in licensed premises must not be compromised. **Applicants are expected to demonstrate in their operating schedule that suitable and sufficient measures have been identified and will be implemented and maintained to ensure public safety, relevant to the individual style and characteristics of their premises and the licensable activities for which the licence is being sought.**
- 22.2 Applicants must ensure that they carry out their responsibilities under the Regulatory Reform (Fire Safety) Order 2005 and liaise with the Norfolk Fire and Rescue Service where necessary. Further information is available from

<http://www.norfolkfireservice.gov.uk/firesafetyinbusinesspremises.html>

- 22.3 Also when addressing the issue of public safety, an applicant must demonstrate that they have considered other public safety issues.

These include:

- the age, design and layout of the premises
- the nature of the licensable activities to be provided, in particular the sale or supply of alcohol and/or the provision of music and dancing and including whether those activities are of a temporary or permanent nature
- the hours of operation (differentiating the hours of opening from the hours when licensable activities are provided, if different)
- customer profile (eg age, disability)
- the use of special effects such as lasers, pyrotechnics, smoke machines, foam machines, etc
- the safety of electrically powered equipment brought onto their premises
- having public liability insurance.

- 22.4 The following examples of control measures are given to assist applicants who may need to take account of them in their operating schedule, having regard to their particular type of premises and/or activities:

- suitable and sufficient risk assessments
- effective and responsible management of premises
- provision of a sufficient number of people employed or engaged to secure the safety of the premises and patrons
- effective management of number of patrons within different parts of the premises
- determine sensible occupancy limits according to the nature of the premises and activities being carried out
- impose occupancy limits rigorously, employing registered doorstaff as necessary. In order to manage occupancy effectively, consider automated systems like electronic door counters
- appropriate instruction, training and supervision of those employed or engaged to secure the safety of the premises and patrons
- adoption of best practice guidance (eg Guide to Fire Precautions in Existing Places of Entertainment and Like Premises (further advice can be obtained from the Norfolk
- Fire Service on 01603 810351 www.norfolkfireservice.gov.uk The Event Safety Guide, Safety in Pubs published by the BBPA)
- provision of effective CCTV in and around premises
- provision of toughened or plastic drinking vessels
- implementation of crowd management measures
- the provision of suitable electrical cut outs for use with electrical appliances which are brought onto the premises (such as amplifiers, microphones etc). Such cut-outs should be of a residual current device with a rated tripping current of 30ma in 30 milliseconds (applicants should have regard to HSE Publication INDG 24 7 Electrical safety for entertainers)
- proof of regular testing (and certification where appropriate) of procedures, appliances, systems etc. pertinent to safety.

24.0 Objective - prevention of public nuisance

- 24.1 Licensed premises can potentially have a significantly adverse impact on communities through public nuisances that arise from their operation. The amenity of residents and occupiers of other businesses should be maintained and protected from the potential consequence of the operation of licensed premises, whilst recognising the valuable cultural, social and business importance that such premises provide.
- 24.2 Public nuisance will be interpreted in its widest sense, and will take it to include such issues as noise, light, odour, litter and antisocial behaviour, where these matters impact on those living, working or otherwise engaged in normal activity in an area.
- 24.3 Applicants should be aware that stricter conditions, including controls on licensing hours for all or some licensable activities will be applied, where licensed premises are in residential areas or where their activities may impact on residents or other business premises, and where relevant representations have been received. Conversely, premises for which it can be demonstrated have effective measures to prevent public nuisance, may be suitable for longer opening hours.
- 24.4 The council will normally permit the hours during which alcohol is sold to match the normal trading hours during which other sales take place, unless there are exceptional reasons such as disturbance or disorder attributable to the location and/or the premises, and relevant representations have been made.
- 24.5 The council believe that the impact a licensed premises can have on a neighbourhood is significantly influenced by the times when those licensed premises are open, and the times when licensable activities are taking place. Consequently, the council has adopted a policy on hours of trading, (section E) and in so doing, has given full consideration to the secretary of state's guidance on hours of trading.
- 24.6 Applicants will be expected to demonstrate in their operating schedule that suitable and sufficient measures have been identified and will be implemented and maintained to prevent public nuisance, relevant to the individual style and characteristics of their premises and events. For example, the increasing business requirement for licence holders to provide live or recorded music in premises where this has not previously been the case is especially pertinent, and should be fully assessed on the application.**
- 24.7 When addressing the issue of prevention of public nuisance, the applicant must demonstrate that those factors that impact on the likelihood of public nuisance have been considered. These may include:
- the location of premises and proximity to residential and other noise sensitive premises, such as hospitals, hospices, care homes and places of worship
 - the hours of opening, particularly between 11pm and 7am

- the nature of activities to be provided, including whether those activities are of a temporary or permanent nature and whether they are to be held inside or outside premises
- the design and layout of premises and in particular the presence of noise limiting features
- the occupancy capacity of the premises
- the availability of public transport
- wind down period between the end of the licensable activities and closure of the premises
- last admission time
- preventing litter and refuse becoming an eyesore
- consideration of local residents that they are not upset by loud or persistent noise or by excessive light
- preventing cars attending an event or premises from causing a noise nuisance and congestion, and from taking up local people's parking spaces
- avoid early morning or late night refuse collections
- avoiding emptying bins into skips, especially if they contain glass, either late at night or early in the morning
- customers eating, drinking or smoking in open air areas (for example beer gardens/forecourts and other open areas adjacent to the premises).

24.8 The following examples of control measures are given to assist applicants who may need to take account of them in their operating schedule, having regard to their particular type of premises and/or activities:

- Effective and responsible management of premises.
- Appropriate instruction, training and supervision of those employed or engaged to prevent incidents of public nuisance, eg to ensure customers leave quietly.
- Fit prominent signs requesting that customers respect local residents and leave quietly.
- Control of operating hours for all or parts (eg garden areas) of premises, including such matters as deliveries ie not too early in the morning.
- Adoption of best practice guidance (eg Good Practice Guide on the Control of Noise from Pubs and Clubs, produced by Institute of Acoustics, Licensed Property: Noise, published by BBPA).
- Installation of soundproofing, air conditioning, acoustic lobbies and sound limitation devices.
- Management of people, including staff, and traffic (and resulting queues) arriving and leaving premises.
- Liaison with public transport providers.
- Siting of external lighting, including security lighting.
- Management arrangements for collection and disposal of waste, empty bottles etc.
- Effective ventilation systems to prevent the emission of unwanted odours.
- Take away packaging to include the name and address of the premises on it.
- Capacity levels for fast food outlets.
- Introduce a chill out area with coffee and mellow music where customers can settle before leaving.

- Introduce a closed door policy, with attendance prohibited for new customers 2 to 3 hours before licensable activities finish.

To address issues arising from customers smoking, eating and drinking in outdoor areas and on the highway outside the premises could include signage asking customers to keep noise to a minimum when using outdoor areas; restrictions on the numbers of customers permitted in certain outside areas and/or at certain times; and use of door-staff and employees to monitor possible public nuisance issues.

SECTION E - Hours of Trading

- 30.7 Consideration will always be given to an applicant's individual case and if the matter of trading hours has been raised in a representation, the council will take into account any proposals the applicant has to minimise the risk of nuisance or disorder being caused or exacerbated by customers departing from the premises. It is however, unlikely that statements such as the premises being well-managed, or that the applicant is of good character or that the style of the premises is intended and likely to attract a discerning clientele, will alone be sufficient to demonstrate that restrictions on hours of trading should not be applied.

APPENDIX E

National Guidance

(issued under section 182 of the Licensing Act 2003)

CRIME AND DISORDER

2.1 The steps any licence holder or club might take to prevent crime and disorder are as varied as the premises or clubs where licensable activities take place. Licensing authorities should therefore look to the police as the main source of advice on these matters. They should also seek to involve the local Community Safety Partnership (CSP).

2.4 The essential purpose of the licence or certificate in this context is to regulate behaviour on and access to premises where this relates to licensable activities and the licensing objectives. Conditions attached to licences cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff or agents, but can directly impact on the behaviour of customers on, or in the immediate vicinity of, the premises as they seek to enter or leave. Examples of measures which may encourage swift and effective dispersal from licensed premises include quietening down periods at the end of the night, security training in reminding patrons to leave quietly and signage on the premises reminding people of this.

2.5 Licence conditions should not replicate offences that are set out in the 2003 Act or other legislation. For example, a condition that states that a licence holder shall not permit drunkenness and disorderly behaviour on the premises would be superfluous because this is already a criminal offence. A condition that states that a licence holder shall not permit the sale of controlled drugs on the premises would be similarly superfluous.

2.6 Conditions are best targeted on deterrence and preventing crime and disorder. For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.

2.7 Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.

2.8 Radio links and ring-round phone systems allow managers of premises and clubs to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises. The inclusion of

these systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises.

2.9 However, while this may be appropriate and effective in certain parts of a licensing authority's area, it may be less effective or even inappropriate in others. Licensing authorities must remember that only appropriate conditions, which are within the control of the licence holder or club, may be imposed.

2.10 A condition must also be capable of being met. For example, while beer glasses may be available in toughened glass, wine glasses may not. Licensing authorities should carefully consider conditions of this kind to ensure that they are not only appropriate but both practical and achievable. Further guidance on determining whether a condition is appropriate is given in Chapter 10 of this guidance.

2.16 Conditions on a premises licence are important in setting the parameters within which premises can lawfully operate. The use of wording such as "must", "shall" and "will", is encouraged. Conditions on licences must:

- be precise and enforceable;
- be unambiguous;
- not duplicate other statutory provisions;
- be clear in what they intend to achieve; and,
- be appropriate, proportionate and justifiable.

PUBLIC SAFETY

2.17 As a part of their duties under the 2003 Act, licence holders have a responsibility to ensure the safety of those using their premises. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.

2.18 A number of matters should be considered in relation to public safety. These may include:

- Fire safety (see paragraphs 2.20 – 2.23);
- Ensuring appropriate access for emergency services such as ambulances;
- Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.8 above);
- Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
- Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);

- Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
- Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.11, 2.28 to 2.30, Chapter 10 and 10.41 and 10.42.
- Considering the use of CCTV in and around the premises (as noted in paragraph 2.6 above, this may also assist with promoting the crime and disorder objective).

2.19 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.36 to 8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

FIRE SAFETY – SPECIAL PROVISIONS IN RESPECT OF LICENSED PREMISES

2.20 The Regulatory Reform (Fire Safety) Order 2005 (the 2005 Order) came into force on 1 October 2006 and applies to practically all non-domestic premises. Under it, a ‘responsible person’ (usually the employer, owner or occupier) is required to carry out a fire risk assessment and put in place suitable and sufficient fire precautions to ensure that the risk to life in the event of a fire is minimised.

2.21 To help ‘responsible persons’ comply with the 2005 Order, the Department for Communities and Local Government (DCLG) makes available a range of technical guidance which explains the risk assessment process and offers detailed practical advice on the range of fire safety measures which will need to be considered to deliver compliance. This, along with information on the law, is available on the DCLG website at: www.communities.gov.uk/firesafety.

2.22 The 2005 Order contains special provisions for consultation between the enforcing authority and the licensing authority in respect of licensed premises. These require the licensing authority to give the enforcing authority the opportunity to make representations before issuing a licence. Once a licence is issued, the enforcing authority is required to notify the licensing authority of any enforcement action that it takes in relation to premises which have been licensed. These provisions do not apply in the limited circumstances (i.e. designated sports stands) where the licensing authority and the enforcing authority are the same.

2.23 A licence issued by the licensing authority cannot impose any term, condition or restriction relating to fire safety. Fire safety needs to be considered by the responsible person as part of the risk assessment process required by the 2005 Order and enforced by local fire and rescue authorities. In the case of licensed premises, and irrespective of the number of employees on it, the responsible person is required by the 2005 Order to keep a record of the significant findings of their fire safety risk assessment.

PUBLIC NUISANCE

2.33 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be

disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.34 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance, perhaps affecting a few people living locally, as well as major disturbance affecting the whole community. It may also include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises.

2.35 Conditions relating to noise nuisance will normally concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or more sophisticated measures like the installation of acoustic curtains or rubber speaker mounts. Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.36 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where the provisions of the Environmental Protection Act 1990, the Noise Act 1996, or the Clean Neighbourhoods and Environment Act 2005 adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.37 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, music noise from premises usually occurs from mid-evening until either late-evening or early-morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. In certain circumstances, conditions relating to noise immediately surrounding the premises may also prove appropriate to address any disturbance anticipated as customers enter and leave.

2.38 Measures to control light pollution will also require careful thought. Bright lighting outside premises considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.

2.39 In the context of preventing public nuisance, it is again essential that conditions are focused on measures within the direct control of the licence holder or club. Conditions relating to public nuisance caused by the anti-social behaviour of customers once they are beyond the control of the licence holder, club or premises management cannot be justified and will not serve to promote the licensing objectives. However, premises should have adequate dispersal policies (where appropriate) in place to ensure that customers leave the premises promptly and with minimal disruption to those in the surrounding area.

2.40 Beyond the immediate area surrounding the premises, these are matters for personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area and to respect the rights of people living nearby to a peaceful night.

PROPOSED CONDITIONS

10.6 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.

10.7 In order to minimise problems and the necessity for hearings, it would be sensible for applicants and clubs to consult with responsible authorities when schedules are being prepared. Proper liaison may avoid the need for representations.

10.8 Conditions should be appropriate, proportionate and justifiable in meeting the licensing objectives. They should be written in a prescriptive format and be readily understood and enforceable.

10.9 It is also not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention. Conditions should be appropriate for the promotion of the licensing objectives and easily enforceable.

CONSISTENCY WITH STEPS DESCRIBED IN OPERATING SCHEDULE

10.10 The 2003 Act provides that where an operating schedule or club operating schedule has been submitted with an application and there have been no relevant representations made by responsible authorities or any other person, the licence or certificate must be granted subject only to such conditions as are consistent with the schedule accompanying the application and any mandatory conditions required under the 2003 Act.

10.11 Consistency means that the effect of the condition should be substantially the same as that intended by the terms of the operating schedule. If conditions are broken, this may lead to a criminal prosecution or an application for a review and it is extremely important therefore that they should be expressed on the licence or certificate in unequivocal and unambiguous terms. The duty imposed by conditions on the licence holder or club must be clear to the licence holder, club, enforcement officers and the courts.

IMPOSED CONDITIONS

10.12 The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result

of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

10.13 It is possible that, in certain cases, where there are other legislative provisions which are relevant and must be observed by the applicant, no additional conditions are appropriate to promote the licensing objectives.

Proportionality

10.14 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided.

10.15 Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives. Consideration should also be given to wider issues such as conditions already in place that address the potential negative impact on the promotion of the licensing objectives and the track record of the business. The physical safety of those attending such events should remain a primary objective.

THE NEED FOR LICENSED PREMISES

13.18 There can be confusion about the difference between the “need” for premises and the “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of licensing policy.
