Background Documents

Draft Local Development Framework Annual Monitoring Report 2007-08

Report

1. The Council is required to submit a Local Development Framework Annual Monitoring Report to the Secretary of State before 31 December each year. This report gives information about progress made on the Local Development Documents set out in Local Development Schemes and highlights the range of development taking place locally and how that development is contributing to the implementation of the adopted development plan policies
2. As you will be aware from the Forward Agenda the Director of Regeneration and Development is currently scheduled to submit the Annual Monitoring Report for 2007/08 to the Executive on 10 December 2008 following consideration by the Local Development Framework Working Party on 8 December 2008. This is however currently the only substantive item scheduled for consideration on 10 December and, in the circumstances, it is suggested that the Portfolio Holder for Sustainable City Development and Director of Regeneration and Development should be granted delegated powers to approve the Annual monitoring report for submission to the Secretary of State.
