

Report to Cabinet
18 January 2017
Report of Chief finance officer / Chief internal auditor, LGSS
Subject Risk management report

Item

8

Purpose

To provide an update on the review of key risks facing the council, and the associated mitigating actions, and the council's *Risk management policy*.

Recommendation

To approve the proposed amendments to the corporate risk register and risk management policy.

Corporate and service priorities

The report helps to meet the corporate priority "Value for money services".

Financial implications

None

Ward/s: All wards

Cabinet member: Councillor Stonard – Resources and Business Liaison

Contact officers

Justine Hartley, Chief Finance Officer, LGSS 01603 212440

Duncan Wilkinson, Chief Internal Auditor, LGSS 01908 252089

Jonathan Tully, Principal Audit Manager, LGSS 01603 212575

Background documents

None

Report

Background

1. Risk management is a fundamental aspect of the council's business practices. Cabinet has an executive role in the management of risks across the council in its role of ensuring the delivery of the council's priorities.
2. Audit committee provides independent assurance of the adequacy of the council's risk management framework and the associated control environment.
3. The Corporate Risk Register was previously reported to cabinet on 14 September 2016.

Review of corporate risks

4. As required by the Risk Management Strategy, on 12 October 2016, the corporate leadership team (CLT) carried out its regular review of the key risks to achieving the council's priorities and has updated the Corporate Risk Register.
5. The updated risk register was reported to audit committee on 23 November 2016, where it was resolved to endorse and recommend to cabinet that it approves the proposed amendments to the corporate risk register and risk management policy.

Corporate risk register

6. The updated risk register, with tracked changes marked, is attached at **appendix 1**.
7. The template for risk registers includes scoring for **inherent** risks (before any mitigating controls are considered) and **residual** risk (after taking account of key controls, which are listed). Any planned actions to further mitigate risks are also shown.
8. The council has a risk appetite which illustrates the level of risk it is willing to take. In exceptional circumstances it may not be possible, or proportionate, to implement controls that reduce the residual risk score within this appetite. In this instance the risk would be managed, and the aim would be to reduce this below the risk appetite. The maximum risk appetite score is set at 15, as a multiple of residual likelihood and residual impact. The Risk Management Policy states that "in exceptional circumstances cabinet can approve a residual risk in excess of the risk appetite if it is agreed that it is impractical or impossible to reduce the risk level below 16."
9. The residual risk score for risk B1, public sector funding, is 20 and remains above the council's risk appetite. This was approved by cabinet on 8 July 2015, and given the uncertainties around future grant and business rates income it is CLT's view that this should remain as a 'red' risk. Further details of these risks were included in the reports presented to the budget meeting of the council on 23 February 2016.
10. The residual risk score for risk A8, housing investment strategy, is 20 and remains above the council's risk appetite. This was approved by cabinet on 14 September 2016, reflecting the potential impact of legislative change and financial challenges. The risk was also considered as part of the overall Housing Revenue Account budget, which was presented and approved by cabinet on 3 February 2016.

11. Changes to the risk register include:

Risk	Description
A3 Partnership and contract management	The Council has a number of key partnerships including LGSS, NPS Norwich, and nplaw. An existing key control includes reviewing the governance arrangements. The Council is undertaking a review, and the action plan has been updated to reflect this. The risk profile has not changed.
A6 Joint core strategy	Delivering a joint core strategy can be complex, due to the number of partners and the potential for conflicting priorities. This is not a new risk, but it is appropriate to recognise this cause, and the text has been amended. The risk profile has not changed.
B1 Public sector funding B2 Income generation	Funding cuts to county budgets, plus risks associated with 100% retention of business rates, have the potential to impact the Council. This is not a new risk, having been discussed previously, and the text has been amended to reflect this. The risk profile has not changed.
C1 Emergency planning	The Council delivers a complex range of services, and an emergency event could have a significant impact. It is good practice to test the robustness of business continuity plans. The action plan has been updated to provide assurance that an exercise will be undertaken in December 2016. The risk profile has not changed.
C3 Information security	The Council is committed to good information governance. New EU legislation is being introduced from May 2018 which increases the standards for information governance. It is unclear, following Brexit, whether UK will adopt this legislation. It is good practice to be prepared for potential legislative change, and the risk register has been updated to reflect this. The risk profile has not changed.
C5 Fraud and corruption	The actions recognise that the Council has drafted three counter fraud policies, which are being consulted upon. This helps to mitigate the risk by ensuring that they reflect good practice. The risk profile has not changed.
All risks	A recent revision to the organisational structure has resulted in minor changes to job titles. It is important that risks are assigned ownership, so that they are managed. The owners of risks have been updated to reflect this.

Corporate residual risk map

12. An updated risk map is included at **appendix 2** which shows the residual risk level for each of the risks. This gives a quick view of where each risk sits in relation to the council's risk appetite, i.e. there should be no risks with a residual score greater than 15, unless specifically approved by cabinet.
13. The residual risk score for B1 (public sector funding) and A8 (housing investment strategy) are above the council's level for risk appetite, and are red. All other residual risk scores are amber.

Risk management policy

14. The Risk Management Strategy requires cabinet to review the Risk Management Policy on an annual basis.
15. CLT's review of the policy confirmed that it continues to provide the council with an effective approach to risk management and does not therefore require any updates.
16. The latest version of the policy is included at **appendix 3**.

Conclusion

17. Risk management review processes are well embedded within the council, and members can be assured that the Corporate Risk Register is up to date following review by CLT of the key risks to achieving the council's objectives.
18. Each risk shows the owner and the key controls, both in place or planned, designed to minimise any impact on the council and its provision of services to stakeholders.
19. The Risk Management Strategy requires managers to keep all risks under review, and the Corporate Risk Register is updated accordingly.

Integrated impact assessment

NORWICH
City Council

The IIA should assess **the impact of the recommendation** being made by the report

Detailed guidance to help with completing the assessment can be found [here](#). Delete this row after completion

Report author to complete

Details of Risk														Inherent Risk			Residual Risk			Actions			
Risk No.	Risk Description	Caused by	Effect	Owner	Council Priorities	Likelihood	Impact	Score & RAG	Key Controls	Likelihood	Impact	Score & RAG	Actions	Owner	Target Date	Revised Target Date	Action RAG						
CUSTOMER PERSPECTIVE																							
A1	Customer demand	1. Customer demand exceeds our capacity to deliver services as they are currently configured 2. Transfer of demand arising from service delivery changes or budget cuts by other public agencies 3. Excessive customer demand in key areas, particularly in relation to the need to cut services, or changes to policies e.g. council tax reduction scheme; universal credit	1. Unable to cope with demand 2. Complaints 3. Reputation damage 4. Increased homelessness risk to housing	D-CC	All	4	4	16 (R)	1. Proactive research on customer profile, forward planning, e.g. anticipating future events that will generate higher demand and use of data held to map and channel shift. 2. Data capture, consultation, survey and service planning. 3. Being robust about the role and responsibilities of Norwich City Council 4. Customer centre redesign 5. New 'self-serve' website including responsive forms, housing repairs diagnostics, customer portal, and full functionality on mobile devices	3	2	6 (A)	1. Customer service improvement plan for F2F service - Phase 1	Head of customer services	Mar-17		G						
A2	Delivery of the corporate plan and key supporting policies and strategies within the council's strategic framework	Corporate priorities are not on target to be delivered. The council has a clear set of corporate priorities within its corporate plan. Within the council's wider strategic framework, there are a number of key corporate strategies and policies which must be delivered across the organisation to realise the council's priorities e.g. environmental strategy, housing strategy etc. Policy from the new government will be further changing the framework for local government and put new requirements on the council that must be met in a number of different areas. When this is combined with the very significant savings the council will need to make to meet the government funding reductions, there is a risk that these changes will reduce the capacity of the council to deliver on its key corporate priorities.	1. Key priorities for the city are not delivered 2. Adverse public opinion 3. Projects / work completed to a lower quality 4. Negative impact on outcomes for citizens 5. Negative performance ratings for the council 6. Continual over-stretching of capacity	CEO	All	4	4	16 (R)	1. Regular review of corporate plan, medium term financial strategy and other key policies and strategies. 2. Effective performance and programme management 3. Corporate planning and service planning aligned with budget setting to ensure resources are in place to deliver priorities. 4. Effective preparation for changes in government policy. 5. Effective transformation programme to ensure savings are delivered. The balance between the corporate plan and resources available is anticipated to shift over the coming years bringing significant challenges for the Council. As a result the Council's Cabinet approved on June 8 2016 the initiation of a process to: a) Work with partners in the public, private, voluntary and community sectors to develop a new city vision b) Develop a revised corporate plan, priorities and performance measures which reflects the council's part in supporting that vision c) Determine a new blue print or operating model to guide how the council works in future which reflects available resources	3	4	12 (A)	a) Work with partners in the public, private, voluntary and community sectors to develop a new city vision b) Develop a revised corporate plan, priorities and performance measures which reflects the council's part in supporting that vision c) Determine a new blue print or operating model to guide how the council works in future which reflects available resources	CEO	01/10/2016 Feb-17		G

A3	<p>Relationship management with key service delivery partners and the management of contracts.</p> <p>The council has a number of key partnerships with LGSS, NPS Norwich, and NP Law. There is also a highways agency agreement with Norfolk County Council. This approach to service delivery requires a different managerial approach by the city council.</p> <p>The council also has a number of key contracts and partnerships which require strong, consistent procurement and client management.</p>	<p>1. Partnerships not managed effectively and key service outcomes not achieved.</p> <p>2. Contracts not managed effectively, and key service outcomes not achieved.</p>	<p>1. The council doesn't get value for money</p> <p>2. Benefits of partner and contract arrangements not realised</p> <p>3. Constant negotiation around the service delivery agreement</p> <p>4. Specification not adhered to</p> <p>5. Services not provided at an acceptable level</p> <p>6. Customer and staff complaints</p>	D-BS	5	3	4	12 (A)	<p>1. Governance structure is in place to manage the individual partnership agreements (e.g. NPS Norwich Board, LGSS liaison group, NP Law Board, all major contracts have strategic and operational governance arrangements with officer and member representation.</p> <p>2. In response to the council operating model training requirements have been reviewed and staffing structures refreshed to reflect this change.</p> <p>3. A contract and business relationship management toolkit has been deployed. This aims to create consistency of management of both financial and performance objectives and monitoring and management of all economic, social and environmental issues associated with the service.</p> <p>4. Internal audit periodically reviews arrangements to ensure that robust governance by client managers is in place for LGSS, nplaw, NPS Norwich, Norwich Norse (Environmental) and Norse Environmental Waste Service. Reported to CLT in April 2015 -- result was 'substantial' assurance opinion.</p> <p>5. Regular reviews of joint ventures.</p>	2	4	8 (A)	Review of joint venture working currently underway	D-BS	Mar-17

A4	Safeguarding children, vulnerable adults and equalities duties	<p>1. Safeguarding and equalities duties and responsibilities not embedded throughout the council and its contractors/ commissioned services/ partners.</p> <p>2. Continued change in council service delivery model with an increase in the number of partnership arrangements is likely to require new arrangements for the delivery of safeguarding and equalities duties.</p> <p>3. Impact of cuts on care services and benefit funding.</p> <p>4. Critical incident</p> <p>5. Change in contractor/ commissioned service/partner</p> <p>6. Reduced service provision</p> <p>7. Not being able to attract staff with diverse abilities and backgrounds</p> <p>8. Reviews of safeguarding at Norfolk County Council found a number of significant issues, which increases the risks for partner organisations</p>	<p>1. Vulnerable adults and children at greater risk of exclusion or harm</p> <p>2. Individuals from a community of identity dealt with inappropriately and at risk of exclusion</p> <p>3. Risk of judicial review on accessibility of services</p> <p>4. Risk of damage to reputation if an employee discrimination claim is made based on equalities legislation</p> <p>5. NCC's reliance on systems at Norfolk and impact on Norwich City Council if these are inadequate</p>	D-N	All	3	4	12 (A)	<p>1. Safeguarding policy & procedures in place and reviewed annually through safeguarding group.</p> <p>2. Safeguarding duties included in new contracts to ensure duties are embedded with new contractors. Where appropriate, joint training/awareness sessions are held.</p> <p>3. Equalities duties overseen by BMG</p> <p>4. A contract and business relationship management toolkit has been deployed. This aims to create consistency of management of both financial and performance objectives and monitoring and management of all economic, social and environmental issues associated with the service and particularly in relation to safeguarding</p> <p>5. Equality training for all staff and managers</p> <p>6. Mental health awareness training for employees</p> <p>7. Safeguarding training provided to all staff.</p> <p>8. Safeguarding guidance provided to all councillors</p> <p>9. External review of the council's approach through the annual self-assessment against Sec.11 of Children Act 2014, then challenge session with chair of Norfolk Safeguarding Children Board (NSCB).</p> <p>10. NCC plays full part in Norfolk Public Protection Forum</p> <p>11. NCC chief executive chairs Community Safety Partnership linking to domestic abuse across the county</p> <p>12. Constantly monitoring outcomes from serious case reviews (children adult and domestic abuse) and ensure any recommendations are actioned.</p>	2	4	8 (A)	<p>1. Work is continuing with contract managers to ensure monitoring and annual reporting of cross cutting themes including safeguarding and equalities is undertaken consistently with contractors.</p> <p>2. Refresher workshop style training developed and provided for all relevant staff ;</p> <p>3. New e-learning module developed for all staff to ensure learning is -relevant to job roles and reflects emerging safeguarding issues and priorities for Sec 11 of the Children Act 2014 and the roll out of a revised safeguarding policy and procedures.</p>	Head-of-local-neighbourhood-services D-N Head-of-local-neighbourhood-services D-N	From 'Jul-14	Complete for 'Platinum' contractors; currently-reviewing-'Gold' contractors to be completed by March 2017. Workshops completed March 2016 and will be provided on a rolling basis.	G
A6	Delivery of Joint Core Strategy (JCS). The council, through the Greater Norwich Growth Board, is seeking to promote delivery of the JCS. If delivered, JCS will see more than 30,000 homes built in the greater Norwich area, and 35,000+ jobs created over next 15 years	<p>Delivery of the JCS may be jeopardised by:</p> <p>1. Markets failing to deliver on preferred development sites identified for housing</p> <p>2. Changing approaches to calculating housing land supply to require all the backlog in housing supply that has arisen since 2008 to be met in the next five-year period rather than over the remainder of the plan period of the JCS (i.e. up to 2026).</p> <p>3. Failure to deliver the infrastructure required to support development</p> <p>4. The council increasingly relies on income from NNDR (business rates). This may be at risk if other councils allow commercial developments on the edge of the city but outside the boundary or the number of commercial premises in the City reduce.</p> <p>5. Partners across the Greater Norwich area not working effectively together because of conflicting priorities.</p>	<p>1. Reputation damage</p> <p>2. Significant likelihood that the overall development strategy for the Greater Norwich area will not be delivered</p>	Head of planning services	2 & 4	3	4	12 (A)	<p>1. Ensuring that strategies being prepared with GNGB colleagues are as robust as possible and firmly grounded in reliable evidence.</p> <p>2. Inter-authority working based on consensus decision-making ensures all parties are in agreement with the agreed policy framework.</p> <p>3. All policy work is supported by comprehensive and up-to-date evidence in accordance with government guidelines.</p> <p>4. Greater Norwich Growth Board responsible for ensuring funding is available for investment in infrastructure to support growth.</p>	3	3	9 (A)

A8	<p>Housing Investment Strategy</p> <p>As part of the reform of the HRA the council has taken on a substantial debt to replace the former negative housing subsidy system. This debt is currently planned to be repaid over a period not exceeding 30 years. In addition to debt repayments the council has adopted a new standard for investment in the housing stock and a commitment to fund a new build programme. However, recent developments in welfare and housing legislation require rent reductions and the prospect of paying an annual determination which will impact significantly on the levels of funding available for stock investment and improvement.</p>	<p>1. Reduction in rental income arising from:</p> <ul style="list-style-type: none"> • compulsory 1% reduction in social housing rent for next four years wef April 2016 • higher level of council house sales due to improved incentives • increasing debt or other factors <p>2. Impact of determination to fund RTB for Registered Providers</p> <p>3. Significant increase in the cost of delivering improvement works</p> <p>4. Failure to deliver by contractors</p>	<p>1. Failure to deliver the Norwich Standard within the expected timescale</p> <p>2. Lack of resources to be able to maintain the Norwich Standard.</p> <p>3. Lack of resources to support a new build programme.</p> <p>4. Requirement to sell off stock to fund determination</p> <p>5. Reduced tenant satisfaction</p> <p>6. Need to reprogramme the housing investment plan</p>	D-N	4	5	5	25 (R)	<p>1. Regular review of HRA business plan and housing investment plan to reflect financial position of the HRA. In particular we await indicative figures for the annual determination which is likely to require further reworking of the HRA business plan and changes to planned levels of spend.</p> <p>2. The main control will be the timescale for delivering the Norwich Standard to all properties and the level of spend on the routine maintenance / replacement programme together with the delivery of any agreed new build programme.</p> <p>3. Regular review of key projects.</p> <p>4. Effective contract management</p> <p>5. Work with Registered Providers to maximise use of retained Right to Buy receipts for the development of new social housing where spend by the Council is not possible.</p>	5	4	20 (R)	Review housing investment plan	D-N CFO	Feb-16- Feb-17	Nov-16	G

FINANCE AND RESOURCES																	
B1	Public sector funding	1. Further economic decline. 2. Change in national government policy as a result of the economic position 3. New policies and regulations place a major financial burden on the council 4. Effects of funding cuts on major partners despite increased referrals, e.g. health and social care or county budgets , may result in increased costs for the council 5. Uncertainties over central government financing, e.g. new homes bonus; changes to housing finance within the Housing and Planning Bill 6. Risks from 100% retention of business rates	1. Major reduction in public sector funding, including consequences of changes in funding arrangements for other bodies. 2. Impact on balancing the budget – significant change and financial savings required. 3. Unable to make saving within the required timescales 4. Requirement to sell off housing stock to fund determination. 5. Erosion of reserves 6. Major financial problems 7. Reputation damage 8. Possible industrial action 9. Changes become “knee jerk” 10. Govt intervention 11. Council loses critical mass in key areas 12. Service failures 13. Potential disproportionate impact on the poorest and most vulnerable members of society	CFO	All	5	5	25 (R)	1. Comprehensive 5-year transformation programme based on minimum resource allocation and robust benefit realisation. 2. Medium Term Financial Strategy incl. reserves policy, financial reporting to BMG & cabinet, transformation projects regularly monitored, MTFS is regularly reviewed and updated. 3. HRA business plan. 4. Weekly review by CLT of government announcements to assess implications and response required. 5. Keep service design under review 6. Continual review of financial position by the council and major partners	5	4	20 (R)					
B2	Income generation	1. Further economic decline. 2. Under-utilisation of assets 3. CIL (community infrastructure levy) income is below expectations. 4. Collapse in world markets leading to loss of income 5. Low economic growth or recession reduces income 6. Other triggers: a) Bethel St Police Station – market value payment b) Triennial pensions review. c) VAT partial exemption. d) Variable energy prices. e) Increasing voids due to market and economy factors. f) Loss of major tenant. g) GNGP board or cabinet decision on CIL investment arrangements. h) The council increasingly relies on income from NNDR (business rates). This is a volatile income stream and may be at risk from changes to Government policy around planning and if other councils allow commercial developments on the edge of the city but outside the boundary. The move to 100% Local Authority retention of business rates by 2020 will also transfer the risk entirely to LAs. i) Lack of experience in some services for generating income	1. Inability to raise capital receipts 2. Impact on balancing the budget – significant change and financial savings required. 3. Decline in income streams (e.g. rents from investment properties) – insufficient funds to maintain current service levels 4. Unable to make saving within the required timescales 5. Erosion of reserves 6. Major financial problems 7. Reputation damage 8. Govt intervention 9. Council loses critical mass in key areas 10. Service failures 11. Potential disproportionate impact on the poorest and most vulnerable members of society 12. Damage/costs across void portfolio 13. Essential infrastructure to deliver growth in the GNGP area is delayed.	CFO	All	5	4	20 (R)	1. Comprehensive 5-year transformation programme based on minimum resource allocation, maximisation of income generation and robust benefit realisation. 2. Medium Term Financial Strategy incl. reserves policy, capital and revenue financial reporting to BMG & cabinet, transformation projects regularly monitored, MTFS is regularly reviewed and updated. 3. HRA business plan kept under review. 4. GNGP have an agreed investment plan for the Greater Norwich area and have appointed consultants to advise on the use of CIL to help deliver this programme. 5. Clear strategy for investment 6. Commercial skills training provided to all Heads of Service 7. Element of CIL programme controlled by Norwich prioritised and caution taken to ensure spend not incurred until monies certain to be received. 8. Independent review of income generation opportunities completed Spring 2016 and options built in to the transformation programme.	4	3	12 (A)					G

Norwich City Council

Summary of Residual Scores for Corporate Risks

November 2016

Impact	Very High	5					
	High	4		A3, A4, C2	A2, B4, C3		A8, B1
	Medium	3		B3, C5,	A6, C4	B2, C1	
	Low	2			A1, D1		
	Negligible	1					
			1	2	3	4	5
			Very rare	Unlikely	Possible	Likely	Very Likely
			Likelihood				

Red scores – in excess of the council’s risk appetite (risk score 16 to 25) – action needed to redress, quarterly monitoring. In exceptional circumstances cabinet can approve a residual risk in excess of the risk appetite if it is agreed that it is impractical or impossible to reduce the risk level below 16. Such risks should be escalated through the management reporting line to CLT and cabinet.

Amber scores – likely to cause the council some difficulties (risk score 5 to 15) – quarterly monitoring

Green scores (risk score 1 to 4) – monitor as necessary

1. INTRODUCTION BY CHIEF EXECUTIVE

Norwich City Council seeks to ensure that services, delivered either directly or through others, are of a high quality, provide value for money and meet evidenced need.

We are a complex organisation that works with a wide variety of other organisations in different and varying ways. As a result we need to ensure that the way we act, plan and deliver is carefully thought through both on an individual and a corporate basis.

The council defines what it seeks to achieve in the form of corporate priorities and details how it expects to deliver them through the corporate plan, as well as service and team plans.

There are many factors which might prevent the council achieving its plans, therefore we seek to use a risk management approach in all of our key business processes with the aim of identifying, assessing and managing any key risks we might face. This approach is a fundamental element of the council's code of governance.

This risk management policy is fully supported by members, the chief executive and the corporate leadership team who are accountable for the effective management of risk within the council. On a daily basis all officers of the council have a responsibility to recognise and manage risk in accordance with this policy and the associated risk management strategy. **Risk management is everyone's business.**

The Accounts and Audit Regulations 2015 state:

A relevant authority must ensure that it has a sound system of internal control which

- (a) facilitates the effective exercise of its functions and the achievement of its aims and objectives;*
- (b) ensures that the financial and operational management of the authority is effective; and*
- (c) includes effective arrangements for the management of risk.*

In Norwich City Council risk management is about improving our ability to deliver our strategic objectives by managing our threats, enhancing our opportunities and creating an environment that adds value to ongoing operational activities.

I am committed to the effective management of risk at all levels of this council. This policy, together with the risk management strategy, is an important part of ensuring that effective risk management takes place.

Laura McGillivray

Chief Executive

2. WHAT IS RISK?

The council's definition of risk is:

“Factors, events or circumstances that may prevent or detract from the achievement of the council’s corporate priorities and service plan objectives.”

3. RISK MANAGEMENT OBJECTIVE

Risk management is the process by which risks are identified, evaluated and controlled. It is a key element of the council's governance framework.

The council will operate an effective system of risk management which will seek to ensure that risks which might prevent the council achieving its plans are identified and managed on a timely basis in a proportionate manner. In practice this means that the council has taken steps to ensure that risks do not prevent the council achieving its corporate priorities or service plan objectives.

4. RISK MANAGEMENT PRINCIPLES

- The risk management process should be consistent across the council, clear and straightforward and result in timely information that helps informed decision making
- Risk management should operate within a culture of transparency and openness where risk identification is encouraged and risks are escalated where necessary to the level of management best placed to manage them effectively
- Risk management arrangements should be dynamic, flexible and responsive to changes in the risk environment
- The response to risk should be mindful of risk level and the relationship between the cost of risk reduction and the benefit accruing, i.e. the concept of proportionality
- Risk management should be embedded in everyday business processes
- Officers of the council should be aware of and operate the council's risk management approach where appropriate
- Members should be aware of the council's risk management approach and of the need for the decision making process to be informed by robust risk assessment, with cabinet members being involved in the identification of risk on an annual basis.

5. APPETITE FOR RISK

As an organisation with limited resources it is inappropriate for the council to seek to mitigate all of the risk it faces. The council therefore aims to manage risk in a manner which is proportionate to the risk faced, based on the experience and expertise of its senior managers.

However, cabinet has defined the maximum level of residual risk which it is prepared to accept as a maximum risk score of 15 in line with the scoring matrix attached at **appendix 1** (for corporate priority and service plan objective risks).

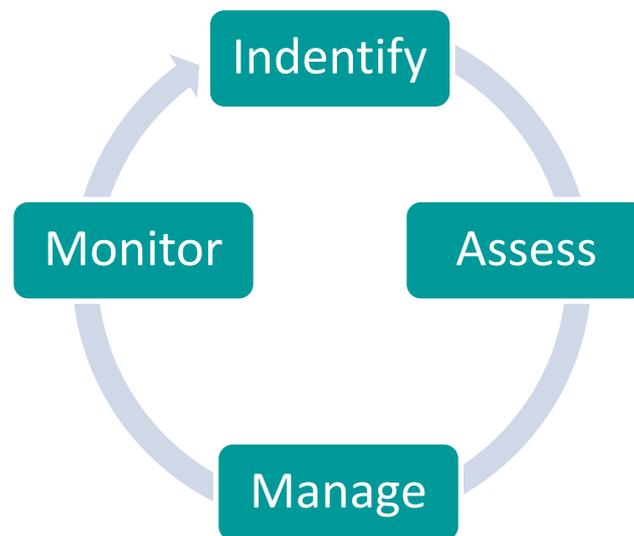

Other areas of risk, such as small projects or health and safety, may have a different risk appetite depending on the circumstances, but only if they do not impact on corporate priorities or service plan objectives.

6. BENEFITS OF RISK MANAGEMENT

- Alerts members and officers to the key risks which might prevent the achievement of the council's plans, in order that timely mitigation can be developed to either prevent the risks occurring or to manage them effectively if they do occur.
- Risk management at the point of decision making should ensure that members and officers are fully aware of any key risk issues associated with proposals being considered.
- Leads to greater risk awareness and an improved and cost effective control environment, which should mean fewer incidents and other control failures and better service outcomes.
- Provides assurance to members and officers on the adequacy of arrangements for the conduct of business. It demonstrates openness and accountability to various regulatory bodies and stakeholders more widely.
- Allows the council to take informed decisions about exploiting opportunities and innovation, ensuring that we get the right balance between rewards and risks.

7. RISK MANAGEMENT APPROACH

The risk management approach adopted by the council is based on identifying, assessing, managing and monitoring risks at all levels across the council:

The detailed stages of the council's risk management approach are recorded in the risk management strategy, which is reviewed by corporate leadership team (CLT) on an annual basis. The strategy provides managers with detailed guidance on the application of the risk management process.

The strategy can be located on citynet [\[here\]](#).

Additionally individual business processes, such as decision making, project management will provide guidance on the management of risk within those processes.

8. AWARENESS AND DEVELOPMENT

The council recognises that the effectiveness of its risk management approach will be dependent upon the degree of knowledge of the approach and its application by officers and members.

The council is committed to ensuring that all members, officers, and partners where appropriate, have sufficient knowledge of the council's risk management approach to fulfil their responsibilities for managing risk. This will be delivered through formal training programmes, risk workshops, briefings, and internal communication channels.

9. CONCLUSION

The council will face risks to the achievement of its plans. The risk management approach detailed in this policy should ensure that the key risks faced are recognised, and effective measures are taken to manage them in accordance with the defined risk appetite.

SCORING MATRIX

Very high 5	5	10	15	20	25
High 4	4	8	12	16	20
Medium 3	3	6	9	12	15
Low 2	2	4	6	8	10
