16 Establishing a Joint Venture with Anglian Water and Norfolk Authorities to provide environmental credits

5 - 14

Purpose: The issuing of planning consents for new overnight accommodation in Norwich is currently on hold due to the nutrient neutrality constraints that arose following guidance issued by Natural England in March 2022.

The purpose of this report is to consider whether the Council should seek to participate in a Joint Venture company being established in partnership with neighbouring Councils and Anglian Water Ltd. The purpose of the company will be to purchase environment credits created by the delivery of nutrient mitigation measures and sell the credits to the development industry so they will be able to provide information to the Local Planning Authorities so that the nutrient neutrality constraint may be overcome.

***17 Exclusion of the public**

Consideration of exclusion of the public.

EXEMPT ITEMS:

(During consideration of these items the meeting is not likely to be open to the press and the public.)

To consider whether the press and public should be excluded from the meeting during consideration of an agenda item on the grounds that it involves the likely disclosure of exempt information as specified in Part 1 of Schedule 12 A of the Local Government Act 1972 or it being confidential for the purposes of Section 100A(2) of that Act.

In each case, members are asked to decide whether, in all circumstances, the public interest in maintaining the exemption (and discussing the matter in private) outweighs the public interest in disclosing the information.
