We have received a consultation response from the Architectural Liaison Officer at Norfolk Constabulary. Based on the attention to detail and the high specifications outlined in the application, Norfolk Constabulary suggests that the applicant applies for a Secure by Design Award for this development. The comments go on to quote relevant advice from Secure by Design Homes (2016) on the specifications of windows, doors, locks etc.

We have received a consultation response from the Norwich City Council Tree Protection Officer reiterating that works should be carried out in accordance with the submitted Arboricultural Impact Assessment.

Application: 18/00319/L
Item 4(h) Page 113-123
Norwich City Council, City Hall, St. Peter's Street, Norwich

Correction to report: The application is being referred to committee because it is a city council application and site and none of the other criteria stated on page 113 of the report.
