### **Summary**

8. The following extracts from the guidance issued under Section 182 of the Licensing Act 2003 may be relevant to this application and assist the Licensing Sub-Committee:

9. The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.

10. The licensing objectives are:

- a. The prevention of crime and disorder;
- b. Public safety;
- c. The prevention of public nuisance; and
- d. The protection of children from harm.

11. Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.

12. Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy.

13. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions.
14. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.
15. The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.
16. It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.
17. The sub-committee is asked to note that it may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.
