- T** is this, the right **TIME** to review the issue and is there sufficient officer time and resource available?
- O** what would be the **OBJECTIVE** of the scrutiny?
- P** can **PERFORMANCE** in this area be improved by scrutiny input?
- I** what would be the public **INTEREST** in placing this topic onto the work programme?
- C** will any scrutiny activity on this matter contribute to the council's activities as agreed to in the **CORPORATE PLAN**?

Once the TOPIC analysis has been undertaken, a joint decision should then be reached as to whether a report to the scrutiny committee is required. If it is decided that a report is not required, the issue will not be pursued any further. However, if there are outstanding issues, these could be picked up by agreeing that a briefing email to members be sent, or other appropriate action by the relevant officer.

If it is agreed that the scrutiny request topic should be explored further by the scrutiny committee a short report should be written for a future meeting of the scrutiny committee, to be taken under the standing work programme item, so that members are able to consider if they should place the item on to the work programme. This report should outline a suggested approach if the committee was minded to take on the topic and outline the purpose using the outcome of the consideration of the topic via the TOPIC analysis. Also the report should provide an overview of the current position with regard to the topic under consideration.

By using the flowchart, it is hoped that members and officers will be aided when giving consideration to whether or not the item should be added to the scrutiny committee work programme. This should help to ensure that the scope and purpose will be covered by any future report. The outcome of this should further assist the committee and the officers working with the committee to be able to produce informed outcomes that are credible, influential with SMART recommendations.
