

Scrutiny committee

Date: Thursday, 18 June 2015

Time: 16:30

Venue: Mancroft room, City Hall, St Peters Street, Norwich, NR2 1NH

All group pre-meeting briefing – 16:00 Mancroft Room

This is for members only and is not part of the formal scrutiny meeting which will follow at 16:30.

The pre-meeting is an opportunity for the committee to make final preparations before the start of the scrutiny committee meeting. The public will not be given access to the Mancroft room before 16:30.

Committee members:

Councillors:

Wright (chair)
Bogelein
Coleshill
Grahame
Haynes
Manning
Maxwell
Packer
Peek
Raby
Ryan
Sands (S)
Schmierer

Information for members of the public

Members of the public and the media have the right to attend meetings of full council, the cabinet and committees except where confidential information or exempt information is likely to be disclosed, and the meeting is therefore held in private.

For information about attending or speaking at meetings, please contact the committee officer above or refer to the council's website

If you would like this agenda in an alternative format, such as a larger or smaller font, audio or Braille, or in a different language, please contact the committee officer above.

AGENDA

- 1 Apologies**
To receive apologies for absence
- 2 Public questions/petitions**
To receive questions / petitions from the public (notice to be given to committee officer in advance of the meeting in accordance with appendix 1 of the council's constitution)
- 3 Declaration of interest**
(Please note that it is the responsibility of individual members to declare an interest prior to the item if they arrive late for the meeting)
- 4 Work programme update**
To update members on the work programme
- 5 Quarter 4 2014-15 performance report** 7 - 50
Purpose - To identify any causes for concern and to note the successes arising from this look at performance monitoring data
- 6 Norfolk health overview and scrutiny committee update 28 May 2015** 51 - 56
Purpose - To update members on the meeting of the Norfolk Health Overview and Scrutiny Committee meeting held on 28 May 2015

Date of publication: **Wednesday, 10 June 2015**

- T** is this, the right **TIME** to review the issue and is there sufficient officer time and resource available?
- O** what would be the **OBJECTIVE** of the scrutiny?
- P** can **PERFORMANCE** in this area be improved by scrutiny input?
- I** what would be the public **INTEREST** in placing this topic onto the work programme?
- C** will any scrutiny activity on this matter contribute to the council's activities as agreed to in the **CORPORATE PLAN**?

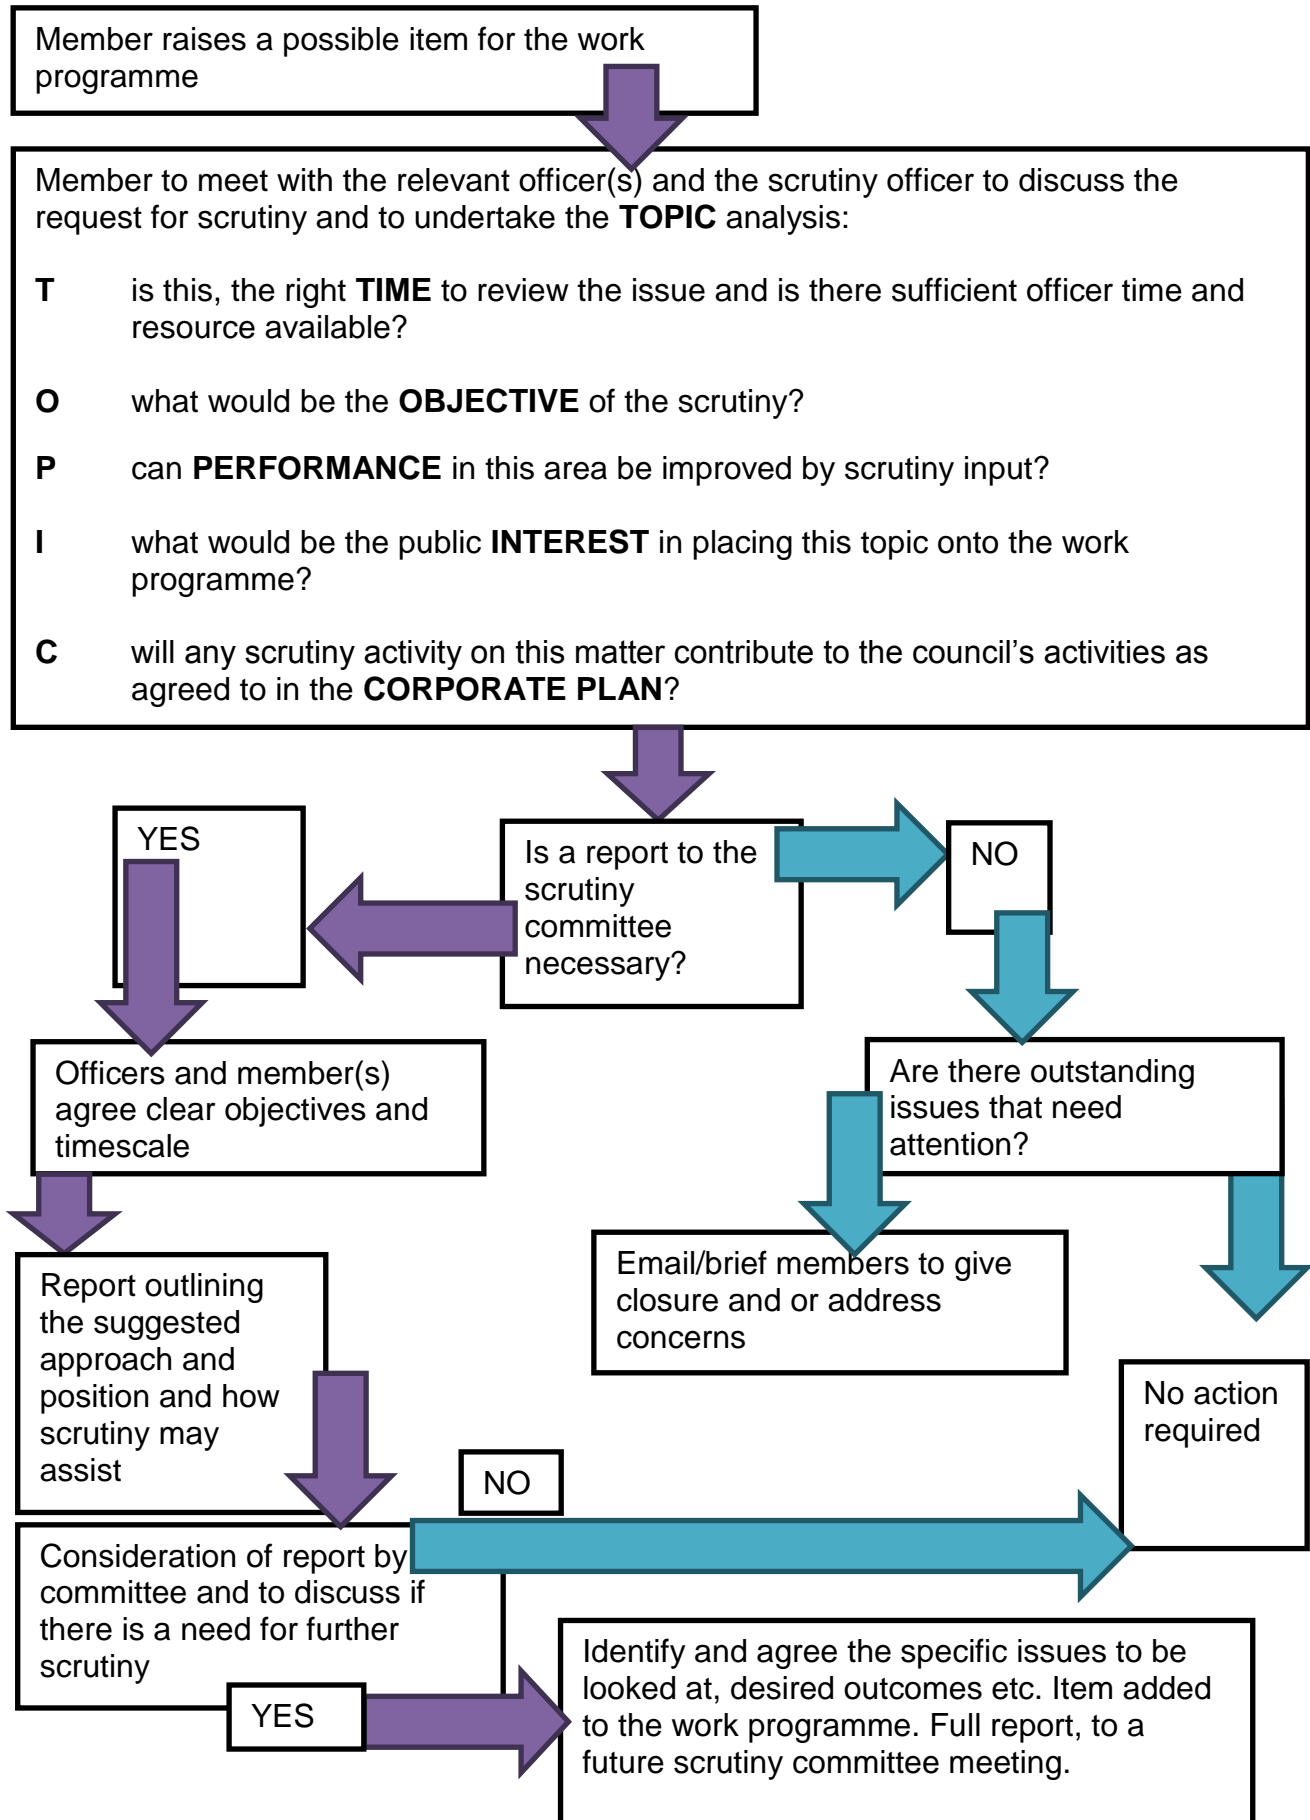

Once the TOPIC analysis has been undertaken, a joint decision should then be reached as to whether a report to the scrutiny committee is required. If it is decided that a report is not required, the issue will not be pursued any further. However, if there are outstanding issues, these could be picked up by agreeing that a briefing email to members be sent, or other appropriate action by the relevant officer.

If it is agreed that the scrutiny request topic should be explored further by the scrutiny committee a short report should be written for a future meeting of the scrutiny committee, to be taken under the standing work programme item, so that members are able to consider if they should place the item on to the work programme. This report should outline a suggested approach if the committee was minded to take on the topic and outline the purpose using the outcome of the consideration of the topic via the TOPIC analysis. Also the report should provide an overview of the current position with regard to the topic under consideration.

By using the flowchart, it is hoped that members and officers will be aided when giving consideration to whether or not the item should be added to the scrutiny committee work programme. This should help to ensure that the scope and purpose will be covered by any future report. The outcome of this should further assist the committee and the officers working with the committee to be able to produce informed outcomes that are credible, influential with SMART recommendations.

Specific, Measurable, Attainable, Relevant and Time-bound

Guidance flow chart for placing items onto the scrutiny committee work programme

Working style of the Scrutiny committee and a protocol for those attending scrutiny

- All scrutiny committee meetings will be carried out in a spirit of mutual trust and respect
- Members of the scrutiny committee will not be subject to whipping arrangements by party groups
- Scrutiny committee members will work together and will attempt to achieve evidence based consensus and recommendations
- Members of the committee will take the lead in the selection of topics for scrutiny
- The scrutiny committee operates as a critical friend and offers constructive challenge to decision makers to support improved outcomes
- Invited attendees will be advised of the time, date and location of the meeting to which they are invited to give evidence
- The invited attendee will be made aware of the reasons for the invitation and of any documents and information that the committee wish them to provide
- Reasonable notice will be given to the invited attendee of **all** of the committees requirements so that these can be provided for in full at the earliest opportunity (there should be no nasty surprises at committee)
- Whenever possible it is expected that members of the scrutiny committee will share and plan questioning with the rest of the committee in advance of the meeting
- The invited attendee will be provided with copies of **all relevant** reports, papers and background information
- Practical arrangements, such as facilities for presentations will be in place. The layout of the meeting room will be appropriate
- The chair of the committee will introduce themselves to the invited attendee before evidence is given and; all those attending will be treated with courtesy and respect. The chair of the committee will make sure that all questions put to the witness are made in a clear and orderly manner

Norwich City Council
SCRUTINY COMMITTEE
ITEM 5

REPORT for meeting to be held on 18 June 2015

Quarter 4 2014-15 performance report

Summary:

The report sets out the council's performance against the Corporate Plan (2012-15) priorities for quarter 4 of 2014/15.

The council's budget monitoring report for this period is also included as previously requested by scrutiny.

The report, therefore, provides scrutiny with an opportunity to consider overall council performance in quarter 4 of 2014/15 alongside the budget monitoring (appendices B and C) for the period and to identify successes and any areas of concern.

Conclusions:

The report should enable the scrutiny committee to determine any areas of performance they would wish to review or monitor in the future.

Recommendation:

To consider the quarter 4 performance report, alongside the budget monitoring report for the period, and in particular to identify:

- Successes and any areas of concern.
- Any specific areas that scrutiny would wish to review in more detail as part of their future work programme.
- Any trends that scrutiny may wish to be monitored and reported on when they receive the next performance report.

Contact Officer:

Russell O'Keefe, Executive head of strategy, people and neighborhoods
Phone: 01603 212908
Email: russello'keefe@norwich.gov.uk

1. Introduction

- 1.1 This report sets out progress against the key performance measures that are designed to track delivery of the council's corporate plan priorities. This is the last quarterly performance report for the final year (2014/15) of the Corporate Plan 2012-2015.
- 1.2 The Corporate Plan 2012 - 15 established five priorities. Progress with achieving these is tracked by 35 key performance measures. It is these performance measures which form the basis of this report. Most of the performance measures are available quarterly while some are reported six monthly or annually to show general outcomes for residents.
- 1.3 Performance status for each of the performance measures is then combined for each priority to show at a glance high level performance. This should enable members to see where performance is improving or falling.
- 1.4 Performance is based around a traffic light concept where green is on target, red is at a point where intervention may be necessary and amber a point in between these two.
- 1.5 A copy of the full performance report can be found at appendix A.

2. Headlines

- 2.1 Overall performance this quarter shows a mixed picture with four of the council's overall priorities showing as amber. There are some areas where the council is performing very highly and exceeding its targets. There are, however, a number of measures where performance has fallen below target and work continues to address these. For each of the performance measures where performance is below target, reasons for this are provided within the relevant section of the performance report at appendix A.
- 2.2 The following areas of performance are brought to your attention:
 - a) 375 new jobs were created/ supported by council activity, this was aided by Norwich's City Deal and was above our target of 300.
 - b) 391 private households were assisted with energy efficiency measures for their homes against the target of 150.
 - c) Over the year, 94% of clients assisted by Norwich City Council supported debt advice said that debt issues had become more manageable following that advice. Our target was 56%.
 - d) This quarter, the average number of days taken to re-let council homes was 16 days in line with the target of 16 days. For the year as a whole the average was 14 days. This compares very well with other organisations across the

country and is in the top quarter of best performing social landlords.

- e) Resident satisfaction with the last service received from the council was above target at 95.4%. This compares with our target of 93% and continues a run of excellent results for this measure.
- f) The latest survey showed a marked improvement in council housing tenant satisfaction with the overall service provided. 82% of tenants were either very or fairly satisfied with the service, and whilst this was still below our challenging target of 85%, it had increased from 71% satisfaction rating in the last survey.
- g) Our work to prevent people becoming homeless has continued to produce excellent results. In the last year 596 individuals or families who have presented as homeless have been given advice that has resolved their situation. Our target was 300.
- h) Performance in relation to the time taken to give decisions for planning applications has remained on target this quarter with 83% of major applications and 93% of minor and other applications processed within set timescales.
- i) In our surveys of users at the Norman Centre, Riverside Swimming Centre and The Halls, 96% of respondents were satisfied with our leisure and cultural facilities.
- j) 98% of income owed to the council has been collected this year compared with the target of 96%.
- k) Our average processing time for new housing benefit and council tax reduction scheme claims was 23.7 days in the year as a whole. This was outside of our target of 21 days, however, it was the best annual performance for a number of years. Work continues to try and improve this performance.
- l) The number of new homes built in Norwich in 2014/15 was 252. This remained well below the target of 521.
- m) The number of serious accident casualties on Norwich roads was 64 in the last year, higher than the anticipated level of 43. A range of work is underway with Norfolk County Council to try and address this.

Summary

CP1 - Safe and Clean City

CP2 - Prosperous City

CP3 - Decent Housing for all

CP4 - City of Character and Culture

CP5 - Value for Money Services

Comments

Overall performance for this final quarterly report for 2014-15 and for the Corporate Plan 2012-2015 shows a mixed picture with four of our priorities showing as Amber.

This is slightly disappointing given that last quarter all of our priorities were Green but this drop in overall outturn results from final performance for a small number of measures being below the previous quarter.

As ever, there are areas where the council is performing very highly and exceeding its targets. Amongst those in this category are our performance in relation to: number of new jobs created or supported by council activity, numbers of private households helped to improve the energy efficiency of their homes, clients satisfied that debt has become more manageable following advice, the number of days taken to re-let council homes, speed of processing of planning applications, overall customer satisfaction and satisfaction with the council's leisure and cultural facilities.

Some of our performance has fallen just a little below what can be very challenging targets. Examples of this are attendance at our free or low cost events and overall tenant satisfaction with the housing service. The latter had improved from 71% satisfied to 82% satisfied but was just below our 85% target.

However, there are a small number of measures where performance is further below target. These are not always things we can completely control e.g. number of new homes built in the City.

Our new Corporate Plan for 2015-2020 was approved by Council in February this year and sets out the priorities for the Council going forward and the performance measures we will use to track how successful we are being. We will continue to work towards achieving excellent performance across all our service areas and with our partners in order to achieve those priorities.

Green is on target, amber between target and cause for concern and red is cause for concern.

For more information please contact the Policy, Performance and Partnerships team on ext 2535 or email performance@norwich.gov.uk

Key to tables (following pages) :

RAG - Red, Amber, Green; **DoT** - Direction of Travel: a green upward arrow signifies an improvement in performance compared with the previous reporting period, a red downward arrow shows a drop in performance and a blue horizontal arrow shows no change. **YTD** - data shown is for the (financial) year to date

	Safe and clean city	Prosperous city	Decent housing for all	City of character and culture	Value for money services	Corporate plan
--	---------------------	-----------------	------------------------	-------------------------------	--------------------------	----------------

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To provide efficient and effective waste services and increase the amount of recycling	SCC2 % waste recycled/ composted	35 %	43 %	▲	➡	36 %	43 %	▲
Comments: Recycling and composting rates reduced further below target in the three months to December 2014, despite the new recycling service changes on 1st October 2014. As a result of new advanced equipment being installed at the Materials Recycling Facility (MRF), the machinery is 'smarter' at picking out contamination, resulting in an increased contamination rate, which has affected the recycling rates. The residual waste tonnage has also fluctuated since October 2014. Early evidence suggests that collected recycling tonnages are now starting to increase which should help move towards the 40% target over the next 12 months.								
To maintain a safe highway network and reduce road casualties including seeking to achieve the introduction of 20mph zones across the city.	SCC6 Reducing the number of people killed or seriously injured on our roads (rolling year)	64	43	▲	➡	64	43	▲
Comments: It is disappointing to see the number of killed and seriously injured on our city's road continue to increase. There are a number of work strands in place to try and reduce this number. These are focused on the two areas where there has been an increase in casualties; vulnerable road users (pedestrians and cyclist) and riders of powered two wheelers, particularly scooters. The road safety team at county hall are targeting training at for cyclists and motorcyclists, the casualty reduction team are identifying sites for local safety schemes to benefit pedestrians and cyclists in the urban area and the police have a focus on enforcement for both cycles and motorcycles. At the end of May the city council will be starting work on 2 junctions that have a particularly high rate of accidents for cyclists using funding from the city cycle ambition project. These are the junctions of The Avenues with Colman Road and George Borrow Road. The planned improvements should make both junctions safer for cyclists.								

Key Action	▲ Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To maintain street and area cleanliness	SCC1 % streets found clean on inspection	93 %	94 %	●	➡	93 %	94 %	●
Comments: The final tranche of 2014-15 of surveying of streets for levels of litter and detritus has been completed. However, the data inputting required to produce the results of these surveys is not yet complete. Data presented here is for the previous period.								

Key Action	▲ Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To provide efficient and effective waste services and increase the amount of recycling	SCC3 % of people satisfied with waste collection services	80 %	75 %	★	➡	81 %	75 %	★
Comments: For the year to April 2014 to March 2015, 80% of respondents expressed satisfaction with waste and recycling services. In the last quarter (January - March) there was an insufficient number of responses to give reliable data for that quarter. Therefore, the result reported won't really reflect any change in satisfaction levels resulting from the new recycling service implemented at the beginning of October.								
To work effectively with the police to reduce antisocial behaviour, crime and the fear of crime	SCC4 % of people feeling safe	76 %	72 %	★	➡	78 %	72 %	★
Comments: The outturn at Q4 was 76% against a target of 72% which is very positive for an urban area and exceeds a similar indicator in the 2009 place survey. Whilst it is difficult to evidence this performance, it does suggest that the work undertaken by the council, police and other agencies is making a positive difference to how safe communities feel. An end of year assessment will be undertaken against a similar indicator in the British Crime Survey (BCS) which indicates that people's perception of crime does not always align with actual levels of crime. On a national basis, overall falls in crime do not always result in a fall in people's perceptions of crime. The continuing reductions in public sector funding including reductions in PCSOs in the Norfolk constabulary, may impact on how safe people feel either through changes in patterns of crime and ASB or how this is perceived and this may impact on performance over the next 12 months.								
To protect residents and visitors by maintaining the standards of food safety	SCC5 % of compliant food premises	92 %	90 %	★	➡	92 %	90 %	★
Comments: The hygiene standards of Norwich food premises have improved over the year, the Food and safety team have continued to assist poorly performing premises becoming broadly compliant premises using both education and support and through enforcement action.								

	Safe and clean city	Prosperous city	Decent housing for all	City of character and culture	Value for money services	Corporate plan
--	---------------------	-----------------	------------------------	-------------------------------	--------------------------	----------------

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To support the development of the local economy and bring in inward investment through economic development and regeneration activities	PRC3 No. of new homes built	252	521	▲	■	252	521	▲
Comments: While housing completions in Norwich have risen slightly from 210 in 2013/14 to 252 in 2014/15, they remain well below the housing target of over 500 dwellings. With planning permissions having been granted for more than 4,000 new houses and flats, current projections for the next two years are more promising and it seems likely that we will be closer to achieving the target as the housing market picks up.								
To support people on low incomes through advocacy and financial inclusion activities	PRC6 Ave days for processing new HB and CTRS - Q	26.3	21.0	▲	■	23.7	21.0	●
Comments: The pressure remains on processing new claims and Q4 saw significant work to try to reduce older claims ahead of the start of the new year leading to an increase in the average number of days for Q4. The annual performance whilst outside of target is the best performance in recent years. Whilst not yet satisfactory there have been significant improvements.								

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To encourage visitors and tourists to Norwich through effective promotion of the city	PRC4 number of people accessing info via TIC	62,105	67,000	●	■	313,270	363,000	▲
Comments: The annual total of 313,270 was down by 10.5% compared with the previous year. We are monitoring the trends as an increasing use of electronic forms of information is changing how and where we provide information and how people seek to access information.								

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To support the development of the local economy and bring in inward investment through economic development and regeneration activities	PRC1 No. of new jobs created/ supported by council activity	375	300	★	■	375	300	★
Comments: 375 new jobs were created / supported by Council activity this was as a result of the increased resources put into business support via Norwich's City Deal.								
To support the development of the local economy and bring in inward investment through economic development and regeneration activities	PRC2 Amount of funding secured for regeneration activity (£ thousands)	£2,612	£250	★	■	£2,612	£250	★
Comments: £2.612m of regeneration funding was received in 2014/15. This was funding from the DfT for the Push the Pedalways project.								
To support people on low incomes through advocacy and financial inclusion activities	PRC5 % people saying that debt issues had become manageable following face to face advice	94 %	56 %	★	■	94 %	56 %	★
Comments: This result is from data collected by the Citizens' Advice Bureau (CAB) and the Money Advice and Budgeting Service (MABS). A variety of approaches have been adopted to assist clients with debt problems including debt write offs, bankruptcy or DRO's, as well as a more educative approach that involves working with clients over a period of time to improve their ability to manage their own finances. We continue to receive information back from the commissioned services about the types and nature of debt and money advice.								
To reduce fuel poverty through affordable-warmth activities	PRC7 No. of private households where council activity helped to improve energy efficiency YTD	391	150	★	■	391	150	★
Comments: In quarter 4, 186 private households were helped with energy efficiency measures for their homes. This constituted 35 completed boiler replacements or repairs, solid wall insulation, cavity wall insulation or loft insulation. Additionally, there were 20 small insulation measures, and 131 Green Deal and Energy Performance Certificate assessments were carried out through Cosy City and the green deal communities fund.								

	Safe and clean city	Prosperous city	Decent housing for all	City of character and culture	Value for money services	Corporate plan
--	---------------------	-----------------	------------------------	-------------------------------	--------------------------	----------------

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To develop new affordable housing	DHA4 New affordable homes delivered on council owned land - YTD	36	78	▲	▲	36	78	▲
Comments: Our original target for the year of 78 affordable dwellings on council owned land was set over 2 years ago based on forecast completions in 2014/15. The nature of development does mean that schemes will slip from year to year and clearly this impacts on our ability to meet annual targets. In the new Corporate Plan for 2015-20 our measure for affordable housing will have a target that is cumulative for the 5 year period which should reduce the impact of project slippage on performance.								

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To improve the council's housing stock through a programme of upgrades and maintenance including new kitchens, windows and doors	DHA2 % council homes meeting the "Norwich standard"	92.0 %	97.0 %	●	▲	92.0 %	97.0 %	●
Comments: The Norwich standard is a 5 year programme with the target of 100% of council housing stock attaining the Norwich Standard at the end of 2016-17. Sometimes properties that have been scheduled for works in a particular year have to be put back and whilst works to other properties will be brought in to make up programme numbers, this can affect the hitting of annual targets. However, at present we remain confident that overall delivery of the Norwich Standard for 2016/17 remains on track								
Decent housing for our tenants	DHA3 % of tenants satisfied with the housing service	82	85	●	▲	82	85	●
Comments: The results of the latest STAR survey show overall satisfaction with the housing service has improved by 11 percentage points. Not only has satisfaction increased or remained the same for all questions asked within the survey, we are also performing well compared to our peers, showing that the work we have undertaken to assist tenants to maintain tenancies in the face of welfare reform, improve their homes and neighbourhoods and offer value for money services has been a great success.								
To bring empty homes back into use and improve the standard of private sector housing through advice, grants and enforcement	DHA7 Privately owned homes made safe	76	100	●	▲	76	100	●
Comments: The final outturn for the year was 76 privately owned homes made safe. Whilst below target this represents good performance given that there was a long-term staff vacancy within the team. The private sector housing team is now up to full complement and it is fully expected that the target for 2015-16 will be achieved.								

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To improve the letting of council homes so we make the best use of existing affordable housing resources	DHA1 Ave days to re-let council housing - Q	16	16	★	▲	14	16	★
Comments: Over the past year the council has re-let more than 1,000 homes taking, on average, just 14 days to re-let. This is the third year in a row that we have achieved our challenging target. This continued level of high performance means rentable homes are not left standing empty, new tenants can move in quicker, and we can collect more income to help fund improvements to homes.								
To prevent people from becoming homeless through providing advice and alternative housing options	DHA5 Number of households prevented from becoming homeless	124	80	★	▲	596	300	★
Comments: High performance has been maintained despite a difficult external environment. This is testament to the council's best practice homeless prevention model which ensures a focused, proactive and effective approach to preventing homelessness in Norwich.								
To bring empty homes back into use and improve the standard of private sector housing through advice, grants and enforcement	DHA6 Empty homes brought back into use	150	20	★	▲	150	20	★
Comments: The number of empty homes brought back into use this year was 150. This figure includes long term empty homes brought back in to use as a result of enforcement work carried out by our Private Sector Housing team, as well as from the 2014/15 empty homes review. The figure above shows the long term empty properties confirmed as occupied and where council tax will now be paid. Our target for the year to date was 20.								

	Safe and clean city	Prosperous city	Decent housing for all	City of character and culture	Value for money services	Corporate plan
--	---------------------	-----------------	------------------------	-------------------------------	--------------------------	----------------

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To provide a range of cultural and leisure opportunities and events for people	CCC5 People attending free or low-cost events YTD	93,000	100,000	●	➡	93,000	100,000	●
Comments: During 2014/15, attendances at our free or low-cost events were estimated to be 93,000, a little below our target of 100,000. There were better than expected attendances at our autumn events - Halloween, Big Boom fireworks and Christmas lights switch on - due to mild weather. However, attendances at the Lord Mayor's Celebrations were below expected levels due to wet weather.								

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To manage the development of the city through effective planning and conservation management	CCC1 % of major planning apps completed within target - Q	83 %	80 %	★	➡	93 %	80 %	★
Comments: Planning performance this quarter, in terms of timeliness of processing applications, has been excellent. This is a result of both the close monitoring of internal processes to deal with all administrative stages promptly and a close working relationship with applicants to keep them informed and appraised of progress. The systems currently in place, with current resources and workload, should mean ongoing good performance.								
To manage the development of the city through effective planning and conservation management	CCC2 % of minor & other planning apps completed within target	93 %	85 %	★	➡	90 %	85 %	★
Comments: See comment above (for CCC1).								
To provide well-maintained parks and open spaces	CCC3 % satisfied with parks & open spaces	79 %	75 %	★	➡	79 %	75 %	★
Comments: Over the winter months we have completed numerous refurbishment and maintenance projects, which should help maintain the level of satisfaction with our parks for the coming year.								
To provide a range of cultural and leisure opportunities and events for people	CCC4 % satisfied with council leisure and cultural facilities	96 %	75 %	★	➡	96 %	75 %	★
Comments: Data for this measure is collected via six monthly surveys. The overall result for 2014/15 shows very high satisfaction levels with 96% of respondents to our surveys at the Norman Centre, Riverside Leisure Centre and The Halls satisfied with the council's leisure and cultural facilities.								
To maximise the opportunities provided by the 2012 Olympics	CCC6 People engaged with Olympic torch relay activities	56,000	30,000	★	➡	56,000	30,000	★
Comments: Achieved.								
To become England's first UNESCO City of Literature	CCC7 City becomes England's first UNESCO City of Literature	1	1	★	➡	1	1	★
Comments: Norwich was the first English city to be a UNESCO City of Literature. Achieved in quarter 1, 2012-13.								

	Safe and clean city	Prosperous city	Decent housing for all	City of character and culture	Value for money services	Corporate plan
--	---------------------	-----------------	------------------------	-------------------------------	--------------------------	----------------

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To continue to reshape the way the council works to realise our savings targets, protecting and improving services wherever possible and working effectively with partners, through a transformation programme. Comments: This measure is an amalgamation of all the other performance measures in this report and shows the percentage of all those measures that are Green. Those performance measures that are areas of concern will be looked at by relevant Heads of Service with the aim of improving individual measures, giving better performance to our residents and contributing to a higher score on this combined measure.	VMS3 % of all council outcome performance measures on or above target	61 %	90 %	▲	■	61 %	90 %	▲
To improve the efficiency of the council's customer engagement and access channels. Comments: Despite focused work continuing during this quarter on high levels of avoidable contact the dip in performance for this quarter and the year is due to the high volume of abandoned phone calls for the council tax and benefit services which are classified as "premature closure". The measure for the coming year has been changed in order to better reflect what is really avoidable contact measure, so premature closure will be excluded in future.	VMS5 Avoidable contact	32.9 %	24.5 %	▲	■	28.3 %	24.5 %	●

Key Action	Measure	Actual	Target	RAG Status	DoT	Actual YTD	Target YTD	RAG YTD
To continue to reshape the way the council works to realise our savings targets, protecting and improving services wherever possible and working effectively with partners, through a transformation programme. Comments: This is an annual survey of key Council partners carried out in quarter 4 (January - March) each year. This showed a slight increase in the percentage of our key partners who were very satisfied or satisfied with opportunities to engage with the council compared with 78.2% satisfaction last year. However where areas for improvement have been raised they will be considered and where possible built into future engagement work at both service and council wide level.	VMS4 % of council partners satisfied with the opportunities to engage with the council	80.8	85.0	●	■	80.8	85.0	●
To reach the achieving-level of the equalities framework. Comments: The council has self-assessed against the standard and we believe we meet it. However, we have not progressed the external assessment at this stage due to the overall cost involved and the recent departure of key staff who would need to organise the external work. We will review the potential for this again in the future.	VMS7 Reach "achieving" level of equalities framework	1	2	●	➡	1	2	●

To continue to reshape the way the council works to realise our savings targets, protecting and improving services wherever possible and working effectively with partners, through a transformation programme. Comments: We successfully delivered a package of general fund savings of £3.2 million for 2014/15 against our target of £2.0 million.	VMS1 Council achieves savings target (£ thousands)	3,200	2,000	★	■	3,200	2,000	★
To improve the efficiency of the council's customer engagement and access channels. Comments: At 95.4%, this performance measure remains above target (93%). Additionally, annual performance at 95.3% showed a small increase against last year's performance (94.1%).	VMS2 % residents satisfied with service from council	95.4 %	93.0 %	★	■	95.3 %	93.0 %	★
To maximise council income through effective asset management, trading and collection activities. Comments: This is a combination of % council tax, NNDR, Housing Rent and Sundry Income collected. Overall collection for the year was 98.3% (£206.2m). This is made up of: Council Tax (£52.1m, 98.6% of "amount due"); NNDR (£77.7m, 100.4% of "amount due"); Housing Rent (£66.0m, 98.4% of the "amount due") and Sundry Income (£10.4m, 83.7% of the "amount due").	VMS6 % of income owed to the council collected	98 %	96 %	★	■	98 %	96 %	★
To reduce the council's carbon emissions through a carbon management programme. Comments: The target for reduction in overall (i.e. all scopes) CO2 emissions has been re-set to 40%, from a 2006/07 baseline following the completion of the first phase of the council's carbon management plan. This target exceeds the national target of a 34% reduction in carbon emissions by 2020. On completion of this report 26.6% of the 40% target has been achieved so far. The council has recently produced the second phase of its Carbon Management Plan which details opportunities across our assets and services where we can further reduce energy consumption.	VMS8 % CO2 reduction from local authority operations	5.38	2.00	★	■	5.38	2.00	★

Report to	Cabinet	Item
Report of	Chief finance officer	9
Subject	Revenue budget monitoring 2014-15 – Provisional period 12	

Purpose

To update cabinet on the provisional financial position as at 31 March 2015, the forecast outturn for the year 2014-15, and the consequent forecast of the general fund and housing revenue account balances.

Recommendation

To note the provisional financial position as at 31 March 2015.

Corporate and service priorities

The report helps to meet the corporate priority of value for money services and the service plan priority to provide accurate, relevant and timely financial information.

Financial implications

The general fund budget is forecast to achieve an underspend of £1.314m. The housing revenue account budget is forecast to achieve an underspend of £2.483m.

The collection fund is in deficit on business rates for 2014-15. The forecast impact in 2014-15 of deficits arising in 2013-14 is £152k. The forecast impact in 2015-16 of deficits arising in 2013-14 and 2014-15 is £1.249m. Following council approval on 17th Feb 2015, s31 business rates relief grant has been transferred to an earmarked reserve to be offset against deficits in the years that they impact on the revenue accounts. For 2014-15, a transfer of £1.06m has been made from the General Fund revenue budget to the earmarked reserve. The forecast underspend above takes account of this transfer.

Ward/s: All wards

Cabinet member: Councillor Stonard – Resources and income generation

Background documents

None

Report

1. Council approved budgets for the 2014-15 financial year on 18 February 2014.
2. The attached appendices show the forecast outturn and year-to-date positions for the general fund and the housing revenue account:
 - [Appendix 1](#) shows the general fund by corporate leadership team responsibilities, and by subjective group
 - [Appendix 2](#) shows the housing revenue account in (near) statutory format, and by subjective group
 - [Appendix 3](#) shows budget and expenditure for the year to date in graphical format

General fund

3. Budgets reported include the resources financing the council's net budget requirement (which includes a contribution of £0.541m to balances as allowed for in the *Medium term financial strategy*) so that the net budget totals zero:

<i>Item</i>	<i>Approved budget £000s</i>
Net budget requirement	18,407
Non-domestic rates	(4,651)
Revenue support grant	(5,980)
Council tax precept	(7,776)
Total general fund budget	0

4. The general fund has been forecast to underspend by **£1.313m** at year end. This compares to a forecast underspend of **£1.066m** at the end of February but also now takes account of the transfer to the earmarked reserve of the s31 small business rates relief grant. Significant forecast overspends and underspends are explained below:

<i>Previous forecast over/(under) spend £000s</i>	<i>General fund service</i>	<i>Current forecast over/(under) spend £000s</i>	<i>Commentary</i>
60	Business relationship management	(752)	The underspend arises from: contingency not utilised of £356k, grant income higher than budgeted by £133k and corporate recharges being lower than budgeted.

<i>Previous forecast over/(under) spend £000s</i>	<i>General fund service</i>	<i>Current forecast over/(under) spend £000s</i>	<i>Commentary</i>
370	Finance	1,387	Overspend is as a result of: the unbudgeted transfer to the earmarked reserve of s31 grant for small business rates relief £1,064k; and an overspend on benefits subsidy due to adjustments to payments made by the DWP, LA error, and finalisation of the 13/14 audit.
(318)	Procurement and service improvement	294	Supplies and services spend lower than budgeted resulting in recharge income being lower than budgeted. Corporate and depreciation charges higher than budgeted on IT.
(72)	Communications and culture	(132)	Corporate recharges, gas and insurance for St Andrews less than budget; Riverside depreciation lower than budgeted and management income unbudgeted; Events spend less than budgeted.
(35)	Customer contact	137	Overspend on land charges due to refunds due and corporate recharges exceeding budget.
(296)	City development	(338)	Parking income higher than budgeted, capital recharges lower than budgeted.
(185)	Planning	(473)	Staff savings from extra recharges to capital (<i>Push the pedalways</i>), higher income than budgeted from planning applications £76k and lower corporate recharges than budgeted by £275k including pensions credit.
(66)	Citywide services	(531)	The variance is partly due to a Biffa rebate on cleansing contract, depreciation charges lower than expected for all but one of the codes and pensions credit unbudgeted for.
(88)	Neighbourhood housing	(574)	Homelessness underspend £156k, private sector leasing underspend £124k and depreciation on non HRA properties £205k lower than budgeted.
(109)	Neighbourhood services	(220)	Mainly due to lower than budgeted corporate recharges including pensions credit.
(70)	Strategy and programme management	(154)	Mainly due to additional grant funding.

Housing revenue account

5. The budgets reported include a £7.7m use of HRA balances, so that the net budget totals zero:

<i>Item</i>	<i>Approved budget £000s</i>
Gross HRA expenditure	80,827
Gross HRA income	(73,120)
Contribution from HRA balance	(7,707)
Total net HRA budget	0

6. The housing revenue account has been forecast to underspend by **£2.483m**. This compares to a forecast underspend of **£1.622m** at the end of February. Significant forecast overspends and underspends are explained below:-

<i>Previous forecast over/(under) spend £000s</i>	<i>HRA division of service</i>	<i>Current forecast over/(under) spend £000s</i>	<i>Commentary</i>
(322)	Repairs and maintenance	(602)	The repairs budget of £15.9m is expected to underspend by £602k. The main areas of underspend against budgets are landlord lighting £140k, security improvements £145k, water mains renewal £142k and balcony repair £158k.
365	Rents, rates and other property costs	218	Due to unbudgeted insurance costs £213k, offset by insurance underspend against HRA general management
(740)	General management	(1,483)	Main reasons for this underspend are: 1) £587k NPS property management; unrequired recharge budgets due to staff no longer working for NCC (£289k), unrequired professional fees budget (£179k) and lower than budgeted customer contact recharge (£124k), 2) £320k unbudgeted pension credits offset on depreciation and impairment line 3) £209k underspend on RTB insurance, offset by £213k overspend against rents, rates and other property costs 4) £100k unspent grant.

<i>Previous forecast over/(under) spend £000s</i>	<i>HRA division of service</i>	<i>Current forecast over/(under) spend £000s</i>	<i>Commentary</i>
(413)	Special services	(759)	Underspend as a result of: 1) £272k district heating and sheltered housing fuel underspend 2) £114k unbudgeted pensions credits 3) £167k sheltered housing underspend - salaries, gritting, furniture etc. 4) £83k NCAS call maintenance / group alarms underspend.
(1,348)	Depreciation and impairment	270	Underspend on capital financing costs of £1,150k offset by £1,478k pension costs credited to other service lines.
(701)	Provision for bad debts	(823)	Provision increased in anticipation of the effects of full implementation of bedroom tax and universal credit. Delayed implementation of universal credit and better than anticipated rent collection performance have delivered a lesser call on this provision.
244	Dwelling rents	303	Write-offs included within this figure, partially offsetting the underspend on the bad debt code.
(191)	Garage and other property rents	(271)	Lower than anticipated garage voids rate
602	Service Charges - General	618	Lower income than budgeted for (tenants), partially offset by underspend in special services (district heating). Also lower leasehold income than budgeted for.
715	Adjustments and financing items	113	£856k relating to profit / loss on sale of assets, offset by corresponding credit against depreciation and impairment

Risks

7. A risk-based review based on the size and volatility of budgets has identified a 'Top 10' of key budgets where inadequacy of monitoring and control systems could pose a significant threat to the council's overall financial position. These are shown in the following table.

8.

Key Risk Budgets	Budget £000s	Forecast Variance	Forecast Var %	Forecast RAG
Housing benefit payments - council tenants	36,254	-320	-1%	GREEN
Housing benefit subsidy - council tenants	-35,514	299	-1%	GREEN
Housing benefit payments - other tenants	32,280	-2,732	-8%	RED
Housing benefit subsidy - other tenants	-32,923	3,042	-9%	RED
HRA Repairs - tenanted properties	12,408	-565	-5%	AMBER
HRA Repairs - void properties	2,630	128	5%	AMBER
Multi-storey car parks	-3,015	-234	8%	RED
HRA rents - estate properties	-58,916	303	-1%	GREEN
Corporate management including contingency	-3,512	-143	4%	AMBER
Private sector leasing costs	2,570	-221	-9%	RED

9. The red/amber status of items in the forecast RAG column is explained below.

Key Risk Budgets	Comment
Housing benefit payments and subsidy - Other tenants:	Reduced value of payments than planned for. This is offset by reduced subsidy to fund these payments but see also comments in the table at paragraph 4 about the net overspend on benefits subsidy.
HRA repairs - Tenanted properties, multi-storey car parks, private sector leasing costs	Whilst red or amber in all cases these variances are underspends or higher levels of income than anticipated so do not pose a risk to delivery within budget.
Corporate management including contingency	Contingency budget not needed in full. Remaining balance will be transferred to reserves at year end. Budget has been reduced for 2015-16.
HRA Repairs - void properties	Costs higher than anticipated but more than offset by underspends on HRA repairs - tenanted properties .

10. The 2014-15 budgets approved by council were drawn up in the expectation of reduced resources as announced by the coalition government. There are risks to the current and medium term financial position from:

- Reductions in government grant – the localisation of business rates and of council tax reductions has increased the risks to the council's financial position arising from economic conditions and policy decisions.
- Changes in policy – if further 'empowerment' of local authorities is not matched by devolved resources
- Delivery of savings – the budget incorporates both savings measures already in place, and those planned for implementation during the year. If

these savings are not achievable in full, overspends will result. With appropriate approvals these may be mitigated through provision made in the corporate contingency, up to the level of that contingency

- Identification of further savings – work is continuing on developing proposals for additional savings to bridge the medium-term budget gap. If these proposals fall short, or are not implemented fully and in a timely manner, further budget shortfalls will result.

11. Forecast outturns are estimates based on management assessments, formulae and extrapolation. They may not adequately take account of variables such as:

- Bad debts – budget reports show gross debt, i.e. invoices raised. While allowance has been made in the budget for non-collections, the current economic climate may have an adverse influence on our ability to collect money owed. This may be reflected in higher provisions for bad debt, as may the impact of welfare reforms such as the so-called ‘Bedroom Tax’.
- Seasonal factors – if adverse weather conditions or a worsening economic climate depress levels of trade and leisure activities in the city, there may be a negative impact on parking and other income.
- Housing repairs and improvements – the rate of spend on void properties, though closely managed, is heavily influenced by void turnaround, since transfers can create a chain of voids involving significant repair costs.

Financial Planning

12. Overall levels of overspend and underspend will have an ongoing impact on the budget for following years and the size and urgency of savings requirements.

13. Net overspends and underspends will be consolidated into the general fund and housing revenue account balances carried forward to 2015-16. These are reflected in periodic updates to the *Medium term financial strategy* and *Housing revenue account business plan*.

Impact on balances

14. The prudent minimum level of general fund reserves has been assessed as £4.496m. The budgeted and forecast outturn's impact on the 2013-14 balance brought forward, is as follows:

<i>Item</i>	<i>£000s</i>
Balance at 1 April 2014	(8,313)
Budgeted contribution to balances 2014-15	(541)
Forecast outturn 2014-15 (after transfer of 2014-15 section 31 business rates relief grant to earmarked reserve)	(1,313)
Transfer of 2013-14 section 31 business rates relief grant to revenue for deficit arising in 2014-15 and balance to earmarked reserve.	600
= Forecast balance at 31 March 2015	(9,567)

15. The general fund balance is therefore expected to continue to exceed the prudent minimum.
16. The prudent minimum level of HRA reserves has been assessed as £3.067m. The budgeted and forecast outturn's impact on the 2013-14 balance brought forward, is as follows:

<i>Item</i>	<i>£000s</i>
Balance at 1 April 2014	(25,129)
Budgeted use of balances 2014-15	7,707
Forecast outturn 2014-15	(2,483)
= Forecast balance at 31 March 2015	(19,905)

17. The housing revenue account balance is therefore expected to continue to exceed the prudent minimum.

Collection fund

18. The collection fund is made up of three accounts – council tax, the business improvement district (BID) account, and national non-domestic rates (NNDR).
- Council tax is shared between the city, the county, and the police and crime commissioner based on an estimated tax base and the council tax rates agreed by each of the preceptors. Any surplus or deficit is shared in the following financial year.
 - The BID account is operated on behalf of the BID company to collect their income from the BID levy. Any surplus or deficit is passed on to the BID company.
 - NNDR income is shared between the city, the county, and central government. Since 'localisation', any surplus or deficit is also shared, rather than as formerly being borne wholly by the government.

19. There are particular risks attached to NNDR, which are:

- Appeals – the impact of any appeals will fall on the collection fund, and therefore in part on the city. The valuation office has cleared a large number of appeals which has adversely affected the council's business rates income levels. However, a backlog of appeals remains and the value of the appeals is not known, nor the likelihood of success, nor the timing of the appeal being determined.
- NNDR billable – changes in the NNDR billable, e.g. demolition or construction of new billable premises, will impact on the amount billable. Assumptions of growth may also be affected by changes in the larger economic environment.
- NNDR collectable – arrears and write-offs (e.g. where a business goes into administration) will also impact on the collection fund.

20. These risks are monitored and mitigated through normal revenues operations.

21. A summary of the collection fund is provided below:

<i>Approved budget £000s</i>	<i>Current budget £000s</i>	Collection fund summary	<i>Actual to date £000s</i>	<i>Forecast outturn £000s</i>	<i>Forecast variance £000s</i>
		Council tax			
53,797	53,797	Expenditure	55,591	55,591	1,794
(53,797)	(53,797)	Income	(55,594)	(55,594)	(1,797)
		Business improvement district			
656	656	Expenditure	755	99	99
(656)	(656)	Income	(646)	10	10
		National non-domestic rate			
77,698	77,698	Expenditure	81,599	81,599	3,901
(77,698)	(77,698)	Income	(81,596)	(81,596)	(3,898)
0	0	Total collection fund	109	109	109

22. On council tax, actual income is not posted from the council tax system into the finance system until year-end. The actual year-end surplus or deficit will be taken into account in considering distribution of balances between the preceptors (city, county, and police).

23. The council operates the BID account on behalf of the BID company, so no surplus or deficit will fall on the council's accounts.

24. The deficit reported on the NNDR account will roll forward and be distributed in the 2015-16 budget cycle. The forecast impact on the council in 2014-15 of

deficits arising in 2013-14 is £152k. The forecast impact in 2015-16 of deficits arising in 2013-14 and 2014-15 is £1.249m.

25. Additional (section 31) grant has been received in the general fund to offset all or part of any shortfall in business rate income due to additional reliefs granted by government. On 17 February, council approved the creation of an earmarked reserve for this section 31 business rate relief grant, and that all grant monies received since 2013-14 and going forwards be transferred to this earmarked reserve to be offset against deficits in the years that they impact on the revenue accounts. The associated transfer from revenue to the earmarked reserve for monies received in 2014-15, and from general fund reserve to the earmarked reserve for monies received in 2013-14 but not applied against deficits to date, is included in the reserve forecasts set out at paragraph 15 above.

Budget and Expenditure – Monthly by Service Graphs

The following graphs show the monthly budget profile and income/expenditure to date for each service (both General Fund and Housing Revenue Account) for the financial year.

The actual income/expenditure reported is influenced by accrual provisions brought forward from the previous financial year, and by any delays in invoicing and/or payment.

Budgets are profiled to show the expected pattern of income and expenditure, and will be refined and improved during the course of the financial year.

Report to Cabinet
10 June 2015
Report of Chief finance officer
Subject Capital budget monitoring 2014-15 – Provisional outturn

Purpose

To update cabinet on the financial position of the capital programmes as at 31 March 2015, provisional capital outturns for the year 2014-15, and the estimated carry-forwards to 2015-16.

Recommendations

To:

- (1) note the provisional outturns of the 2014-15 housing and non-housing capital programme budgets and estimated carry-forwards to 2015-16.
- (2) delegate to the executive head of regeneration and development, executive head of strategy, people and neighbourhoods and chief finance officer, in consultation with the portfolio holder for resources and income generation, approval of carry-forward of unspent 2014-15 capital budgets still required to the 2015-16 capital programme.

Corporate and service priorities

The report helps to meet the corporate priorities to provide value for money services and to make Norwich a healthy city with good housing.

Financial implications

The housing and non-housing capital programmes are being delivered within currently available resources, and forecast expenditure will remain within anticipated resources.

The detailed financial implications of this report are set out in the text.

Ward/s: All wards

Cabinet member: Councillor Stonard – resources and income generation

Background documents

None

Report

1. The housing and non-housing capital programmes for 2014-15 were approved by cabinet and council on 5 and 18 February 2014 respectively.
2. The carry-forward of unspent 2013-14 capital budgets to the 2014-15 capital programme was approved following delegation to the deputy chief executive (operations) and chief finance officer, in consultation with the portfolio holder for resources, by cabinet on 25 June 2014.
3. This report reflects the position as at the end of March 2015. The report does not include the accounting adjustments necessary to reflect the financing of the housing and non-housing capital programmes, which will be incorporated into the capital outturn and financial statements.
4. The estimated carry-forwards within this report will, once confirmed, be additional to the approved 2015-16 programmes.

Non-housing capital programme

5. The financial position of the non-housing capital programme is set out in detail in appendix 1 and summarised with commentary in the following paragraphs.

Provisional outturn

The following table shows expenditure to date, the provisional outturn for expenditure and estimated carry forwards:

Programme group	Original budget £000's	Current budget £000's	Provisional outturn £000's	Forecast variance £000's	Estimated carry forward £000's
Asset improvement	360	716	263	(454)	144
Asset investment	10,735	10,969	293	(10,676)	51
Asset maintenance	1,290	2,054	405	(1,650)	1,356
Push the pedalways (CCA)	3,726	4,802	1,836	(2,966)	2,545
Initiatives funding	50	1,215	516	(698)	484
Regeneration	10,519	10,943	1,470	(9,473)	8,881
Section 106	157	840	115	(685)	706
Subtotal GNDP	0	180	132	(48)	48
CIL	0	0	141	141	0
Total non-housing	26,837	31,720	5,171	(26,509)	14,215

Programme Group	Original Budget £000's	Current Budget £000's	Provisional Outturn £000's	Forecast Variance £000's	Estimated Carry Forward £000's
Asset Improvement	360	716	263	(454)	144
Asset Investment	10,735	10,969	293	(10,676)	51
Asset Maintenance	1,290	2,054	405	(1,650)	1,356
Push the Pedalways (CCA)	3,726	4,802	1,836	(2,966)	2,545
Initiatives Funding	50	1,215	516	(698)	484
Regeneration	10,519	10,943	1,470	(9,473)	8,881
Section 106	157	840	115	(685)	706
Subtotal GNDP	0	180	132	(48)	48
CIL	0	0	141	141	0
Total Non-Housing	26,837	31,720	5,171	(26,509)	14,215

6. The provisional out-turn as at 31 March 2015 is £5.17m, which results in an underspend of £26.51m. The significant variance is largely due to the re-profiling of planned expenditure against specific significant schemes: Rose Lane MSCP construction (£6.5m), St Andrews MSCP repairs (£1.1m), Cycle City Ambition (CCA) (£3m), Threescore (£1.7m) Section 106 schemes (£0.7m) and the deferment of the Strategic Asset Investment scheme (£10.7m).
7. Based on the provisional outturn of £5.17m, budget managers are expected to request a total of £14.2m in carry forwards.
8. Asset Improvement covers reconfiguration and major repairs to City Hall as part of the delivery of the office accommodation strategy and investment in existing assets.
9. Asset Investment covers the acquisition of new investment property as part of the delivery of the asset management plan. Opportunities are identified and assessed with the support of the council's advisers, NPS Norwich Ltd. The carry-forward shown will allow the continuation of this delivery in 2015-16.
10. Asset maintenance expenditure covers provision for major repairs and upgrades (including works to St Andrews car park) and investment to reduce asset liabilities.
11. Initiative funds cover the community capital fund and the eco-investment fund, as well as the IT investment fund.
12. Regeneration and growth covers the Norwich and Homes and Communities Agency Strategic Partnership (NaHCASP)-funded Bowthorpe/Threescore site development and enabling, together with a development fund for vacant buildings and sites. The balance of NaHCASP resources (including approval for additional borrowing by the council) will be carried forward for continued investment.
13. Further detail regarding non-housing capital expenditure is shown in appendix 1

Non housing capital resources

14. The following table shows the approved sources and application of non-housing capital resources, and receipts.

	Original Approved £000s	Approved Brought Forward £000s	Approved Adjustments £000s	Total Approved Budget £000s	Provisional Outturn £000s

Total non-housing capital plan balance				(983)	(9,210)

Housing capital programme

15. The financial position of the housing capital programme is set out in detail in appendix 2 and summarised with commentary in the following paragraphs.

Provisional outturn

16. The following table shows expenditure to date, the provisional outturn for expenditure and estimated carry forwards:

Programme Group	Original Budget £000's	Current Budget £000's	Provisional Outturn £000's	Forecast Variance £000's	Estimated Carry Forward £000's
Housing Investment	10,911	12,044	1,584	(10,460)	3,643
Neighbourhood Housing	30,070	36,215	30,076	(6,139)	2,625
Strategic Housing	1,570	1,964	1,081	(883)	69
Total Housing	42,551	50,223	32,741	(17,482)	6,336

17. The provisional out-turn as at 31 March 2015 is £32.74m which would result in an underspend of £17.48m. The variance is largely due to projected delays in the redevelopment of a sheltered housing scheme (£3.6m), completion of structural projects (£2.1m), boiler replacements (£1.5m), the re-profiling of planned expenditure on new build social housing (£6.4m), and lower than anticipated demand for private sector grants (£0.4m).

18. Based on the provisional outturn of £32.74m, budget managers are expected to request a total of £6.34m in carry forwards.

Housing capital resources

19. The following table shows the approved sources and application of housing capital resources, and receipts.

Housing capital plan	Approved £000s	Brought Forward £000s	Approved Adjustments £000s	Total Approved Budget £000s	Provisional Outturn £000s
Housing resources brought forward	0	(17,845)		(17,845)	(17,845)
Housing capital grants	(408)			(408)	(495)
HRA Major Repairs Reserve	(16,611)			(16,611)	(12,653)
HRA Revenue Contribution to Capital	(19,885)			(19,885)	(16,958)
HRA Leaseholders contributions to major works	(250)			(250)	(110)
Capital receipts arising from RTB sales	(2,583)			(2,583)	(3,021)
Retained "one for one" RTB Receipts	(2,013)			(2,013)	(3,394)
Capital receipts arising from non-RTB sales	(802)			(802)	(1,326)
Gross housing resources	(42,551)	(17,845)	0	(60,396)	(55,801)
Provisional resources utilised	42,551	7,672		50,223	32,741
Total housing capital plan	0	(10,173)	0	(10,173)	(23,059)

20. The excess of balances brought forward, includes the approved carried forward budgets from 2013-14.

Carry forwards

21. The carrying forward of capital budget approvals from one year to the next allows for the continuation of schemes across the year-end without the need to seek re-approval of capital budgets through the new year's capital programme. This facility caters for schemes starting later than planned, schemes where the expenditure

profile is different from that originally envisaged, and packaged schemes of small capital projects.

22. The tables above summarise, and the appendices detail, where carry-forwards have been requested by capital budget managers. Some of these requests may still be amended during the remaining process of closing the 2014-15 accounts.
23. To allow flexibility in dealing with any such amendments, and to provide continuity of budget approval, it is recommended that the approval of capital carry-forwards still required be delegated to the executive head of regeneration and development, executive head of strategy, people and neighbourhoods and chief finance officer, in consultation with the portfolio holder for resources and income generation. Carry forwards approved will be reported to cabinet in the first quarterly capital monitoring report of 2015-16.
24. Such approvals would be within the usual parameters of being limited to the amounts underspent on each budget in 2014-15, and being for the purpose(s) for which the existing approval was given.

Norwich City Council
SCRUTINY COMMITTEE

Item No 6

REPORT for meeting to be held on 18 June 2015

Norfolk health overview and scrutiny committee update 28 May 2015

Summary:

Members agreed, at the March meeting of the scrutiny committee, to receive regular updates from the Norfolk Overview and Health Scrutiny Committee (NHOSC). At the time of the NHOSC meeting the scrutiny committee had not made appointments to NHOSC. However a brief report outlining outcomes from the meeting are provided by this report.

Conclusions:

There are areas of the work carried out by the Norfolk health overview and scrutiny committee that relate to Norwich while others are more county specific.

At future meetings, the representative of the scrutiny committee will be able to provide some brief feedback as per the agreed protocol arrangements adopted at the last meeting.

Recommendation:

- 1) To note the attached paper; outcomes and actions of the Norfolk health overview and scrutiny committee on 28 May 2015.
- 2) That the council's representative and substitute note that an induction session for all new NHOSC members and substitute members will be held at 2.00pm on Thursday 2 July 2015 in the Conference Room, South Wing, County Hall.

Outcomes and Actions
Norfolk Health Overview and Scrutiny Committee (NHOSC)
28 May 2015

Agenda Item Number	Report Title	Outcomes and Actions	Action By Whom
1.	Election of Chairman & Vice Chairman	Cllr Michael Carttiss was elected Chairman Cllr Nigel Legg was elected Vice Chairman	
3.	Minutes	Check the accuracy of minute 6.3 bullet point 12 – case load of mental health staff in the King’s Lynn area.	Tim Shaw
6.	Chairman’s announcements	An induction session for all new members & substitute members of NHOSC will be held at 2.00pm on Thursday 2 July 2015 in the Conference Room, South Wing, County Hall. The session is also open to any other members of NHOSC who wish to attend for a refresher and to all other members of the County Council.	Maureen Orr
7.	System-wide review of health services in West Norfolk	The West Norfolk Clinical Commissioning Group confirmed that it is not expecting there will be any proposals for major service reconfiguration in west Norfolk at this stage and that it will consult with NHOSC on any such proposals that may arise in future. The committee confirmed that it does not expect the CCG to attend with further reports about the system-wide review unless a ‘substantial variation’ in service is proposed.	Dr Sue Crossman
8.	Continuing Health Care	NHOSC agreed that, subject to the CCGs’ timetable, a consultation document on Continuing Health Care could be circulated to members of the committee for 16 July 2015 but that the item would not be included on the committee’s agenda on that date. ‘Continuing Health	Dr Anoop Dhesi Amanda Cousins

		<p>Care' would be on the agenda on 3 September 2015 at which time representatives of the CCG & Commissioning Support Unit would attend. Representations from other interested parties could also be heard at that meeting. The committee would agree its response to the CCGs on 3 September.</p> <p>The following request from a Continuing Healthcare Patient and Norwich Independent Living Group Member to be reported back to the CCGs:-</p> <p style="padding-left: 40px;">That the Harwood Care & Support Charter card should be used to open meaningful discussions with those who require help.</p> <p>Benchmarking data showing where the Norfolk CCGs' current spending on Continuing Health Care stands in comparison to other CCGs to be provided (in response to a request from a representative of Equal Lives).</p>	<p>Amanda Cousins</p> <p>Amanda Cousins</p>
9.
