(b) "permitted price" is the price found by applying the formula:

$$P = D + (D \times V)$$

Where:

(i) P is the permitted price

(ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and

(iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;

10 (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

(2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day. Where a premises licence includes a condition that at specified times one or more individuals must be at the premises to carry out a security activity, each such individual must:

(a) be authorised to carry out that activity by a licence granted under the Private Security Industry Act 2001; or

(b) be entitled to carry out that activity by virtue of section 4 of the Act.

12 But nothing in subsection (1) requires such a condition to be imposed:

(a) in respect of premises within paragraph 8(3)(a) of Schedule 2 to the Private Security Industry Act 2001 (c12) (premises with premises licences authorising plays or films); or

(b) in respect of premises in relation to:

13 For the purposes of this section:

(a) "security activity" means an activity to which paragraph 2(1)(a) of that Schedule applies, and, which is licensable conduct for the purposes of that Act, (see Section 3(2) of that Act) and

Do you want the proposed variation to have effect in relation to the introduction of the late night levy? (Please see guidance note 1) ☐ Yes ☒ No

Please describe briefly the nature of the proposed variation (Please see guidance note 2)

To allow off license purchases in line with our existing business. We have offered a cocktail delivery service for 18 months in Broadland district, having recently moved to a Norwich City premises we hope to continue from here in the same manor. This involves pre-orders taken for set times/days, our cocktails will be made fresh on site and delivered to customers homes (typically 5:30-8pm delivery slot, with one afternoon also on Saturday of 2-4pm). As well as this, we would like to offer collection from the bar, hoping to catch those after work who would like to take a few jars home on their way. We would absolutely not encourage drinking within the public domain and make this clear in marketing. The concept is much like grabbing a bottle of wine on the customers way home.

Driver is fully trained in think 25, but we have found the pre-order system and earlier delivery times (ie finishing work) have not caused any issues in anybody being too drunk for service, and the higher price tag of the products are purposefully not attractive for anybody under the age of 18. In any instance, as standard, full 'Think 25' training is given to anybody serving the public within the business, including delivery drivers.

Also to increase our license to 12pm week nights and 1am Friday/Saturday which will help with the slightly longer seasons such as Christmas/December.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, please state the number expected to attend:

Reasons why I have not enclosed the premises licence or relevant part of premises licence.

M Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 11)

Challenge 25 – All staff (in bar and delivery drivers) are trained in challenge 25 and have previous experience working in busy bar environments. We provide full training and refreshers for age verification and refusal of alcohol to people who have drunk too much. For deliveries, we have a record of address and contact information readily available. CCTV throughout the venue.

b) The prevention of crime and disorder

CCTV recording constantly throughout the venue, with a back up readily available. The cameras are obvious, and a screen in the bar shows these are on throughout the venue which acts as a preventative measure to anybody walking in, who can clearly see they are on camera. Age identification checks at all points of sale, and delivery.

c) Public safety

We have CCTV records readily available, and hope to maintain a good working relationship with the police. We will always be fully cooperative, and ensure standards are kept to the expectations of all authorities.

Our table service style leads itself well to encouraging a calm environment.

Off premises sales are made via delivery to peoples homes, or people are able to take away if they are going straight home. We ask this questions, and would not allow off sales if people were going to stay out into the evening.

d) The prevention of public nuisance

We have taken actions as per points a, b and c above. Our atmosphere remains calm, with low level music, table service. We always ask guests to leave quietly from the premises. Off premises deliveries are made to peoples homes, we have done this for the last 18 months which has worked well with no instances.

We appreciate the rules regarding not drinking in the city, and will uphold this. We will not allow people to take drinks off the premises to drink if we do not feel they are taking them home. We have implemented training in regards to this.

e) The protection of children from harm

Children will not be allowed on the premises after 19:30. No children will be left unattended and our service does not lend itself to encourage children in any instance.

Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

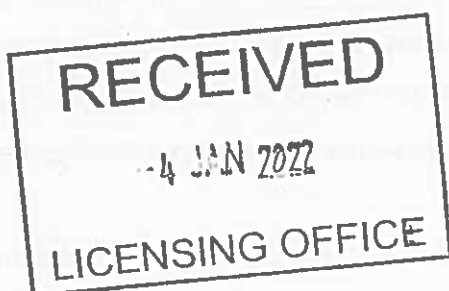

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy
2. Describe the premises. For example, the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place of consumption of these off-supplies of alcohol, you must include a description of where the place will be and its proximity to the premises.
3. In terms of specific regulated entertainments please note that:
 - Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
 - Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
 - Indoor sporting events: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
 - Boxing or Wrestling Entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000. Combined fighting sports – defined as a contest, exhibition or display which combines boxing or wrestling with one or more martial arts – are licensable as a boxing or wrestling entertainment rather than an indoor sporting event.
 - Live music: no licence permission is required for:
 - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that is not licensed to sell alcohol on those premises, provided that the audience does not exceed 500.
 - a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the

relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.

 - any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.
 - Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500. However, a performance which amounts to adult entertainment remains licensable.
 - Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
 - any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
 - any entertainment taking place on the hospital premises of the health care provider where the entertainment is provided by or on behalf of the health care provider;
 - any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and
 - any entertainment (excluding films and a boxing or wrestling entertainment) taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.
4. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).
 5. For example state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
 6. For example (but not exclusively), where the activity will occur on additional days during the summer months.
 7. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
 8. Please give timings in 24 hour clock (e.g. 16.00) and only give details for the days of the week when you intend the premises to be used for the activity.
 9. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.
 10. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not

4 January 2022

Dear Sirs,

**Re: 8 Redwell Street Norwich NR2 4SN, application for a variation to a Premises
Licence [21/02010/PREM]**

I should be grateful if the Licensing Authority ("LA") would accept this letter as my written representations in respect of the application for a variation to a Premises Licence [21/02010/PREM] in relation to premises at **8 Redwell Street, Norwich NR2 4SN** ("the Premises").

The application is made by Ellice Fennell ("Applicant").

The Application Form ("Application") is dated 7 December 2021.

I object to the application for the reasons more fully set out below.

For ease of reference my representations are in numbered paragraphs.

Introduction and summary

1. My property is situated a short distance from the Premises. It forms part of the timber framed rusticated building which sits at the top of Elm Hill at the junction with Princes Street and Redwell Street. I have been here since 2009, which predates the first grant by the LA of any licence in respect of the Premises, which were formally used for retail.
2. In June 2020 the then Freeholder of the Premises ("the Pilsen Group") applied for a licence in respect of the Premises. The Pilsen Group, and its then intended Leaseholder

of the Premises, agreed terms with me, and those terms were subsequently made part of the licence for the Premises by the Licensing Committee at a hearing on 11 September 2020 (see APPENDIX 1). It should be noted that the terms agreed specifically included the hours of operation and that no off sales would be made from the Premises.

3. Since then, it appears that the LA issued a licence on 25 November 2021 to the Applicant trading as L A Mixology. I was not aware of any new application having been notified or published and therefore I assume that this was by way of transfer and that the terms of the licence agreed with me at grant remain extant in relation to the Premises. Unfortunately, the LA does not make available a copy of the licence submitted by the Applicant with the Application.
4. I confirm that the Applicant did not contact me prior to submitting the Application.
5. **It is of particular concern that the Applicant looks to fundamentally alter the agreement I made with the Pilson Group by:**
 - a) **extending the hours of the supply of alcohol (Operating Schedule J) and the hours the premises are open (Operating Schedule L) from 07.00 to midnight Sunday to Thursday, thus enabling the bar to “call last orders at midnight” (Operating Schedule I), and from 07.00 to 01.00 Friday and Saturday, and**
 - b) **by introducing off sales from the Premises for the same hours (Operating Schedule J).**
6. I fundamentally object to the hours sought. The hours previously agreed with me and seemingly provided for in the current licence are necessary to meet the Licensing Objectives. The variation sought is not appropriate for the Premises and will undermine the Licensing Objectives of the prevention of public nuisance and the prevention of crime and disorder.
7. As presented in the Application on and off sales are sought for the same hours and therefore I also object to that part of the Application to vary.

8. My objection to the Application and my respectful request for it to be rejected is premised on the application of the Norwich Cumulative Impact Policy ("CIP")¹ and the Licensing Objectives, specifically the prevention of public nuisance and the prevention of crime and disorder.

Cumulative Impact Policy

9. In my view the Application seems precisely the kind of attempt to extend to midnight and beyond the hours of operation of a licensed premises that the CIP is intended to meet head on. The attempt to add off sales only compounds the problem.
10. Queen Street is now a busy bar area. There are also a number of licensed premises on St Andrews and St Georges Streets.
11. It is self-evident that the location of a bar in Redwell Street operating at the extended hours sought runs the real risk of it becoming an extension of Queen Street or a link destination between there and licensed premises beyond, including the St Andrews Brew House.
12. The plain truth of the matter is that licensed premises in this location draws patrons to a street and a vicinity to which they would not otherwise be drawn and would certainly have no reason to linger. If the variation sought is permitted this will have a detrimental impact on residential premises near the Premises.
13. I invite the LA to consider §29.7 of the NCC Licensing Policy, which says:

"29.7 The cumulative impact policy creates a rebuttable presumption that applications for the grant or variation of premises licences or club premises certificates in respect of premises that fall within the designated cumulative impact area will normally be refused if relevant representations are received, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives."

¹ NCC Licensing Policy §29.6.

14. In my view, the Applicant does not demonstrate in its Application, or otherwise, “that there will be no negative cumulative impact on one or more of the licensing objectives”. I therefore invite the LA to give effect to the presumption contained in its CIP and reject the Application.
15. I note that the CIP should not be considered absolute and that the LA “will consider whether it would be justified in departing from its CIP in the light of the individual circumstances of the case”².
16. On the information provided, there would appear to be no reasonable grounds to justify departing from the CIP.

Representations in respect of the Application and the Licensing Objectives

17. I now turn to the Licensing Objectives.

Operating Schedule, J, Supply of alcohol

Operating Schedule, L, Hours Premises are open to the public

18. As noted above I strongly object to the hours sought in relation to the supply of alcohol and the hours the Premises are open to the public.
19. Selling alcohol for consumption off the Premises in this location is also a concern to me; despite what is indicated by the Applicant this inevitably runs the risk of encouraging yet more people to drink in the vicinity.
20. I explain below how I consider the Licensing Objectives are engaged in relation to these aspects of the Application.
21. In my view, these matters will lead to or exacerbate problems of public nuisance, crime and disorder if the Application is granted as sought.

² NCC Licensing Policy §29.11.

22. Trading beyond 23:00³ is particularly damaging to me as a resident in this vicinity. The effect is amplified with the absence of any respite because the Premises trade every day of the week.
23. Section E of the NCC Licensing Policy⁴ explains the circumstances under which restrictions may be applied to the hours of trading and I would urge the LA to maintain the current hours and not extend them.

Specific representations in respect of the Licensing Objectives

Prevention of Public Nuisance

24. My main concern in relation to this Licencing Objective is noise nuisance.
25. The immediate vicinity of the Premises includes residential premises. The LA is specifically invited to acknowledge that fact and give sufficient weight to this important characteristic of the vicinity.
26. Most of the residential premises in the vicinity are listed buildings. Some, like my own, are timber framed Grade 2 listed. They are subject to constraints in terms of what we can do to insulate them from noise emanating from outside our own premises.
27. The Premises themselves are likewise listed. They were not constructed with a view to operating as licensed premises.
28. Redwell Street is a narrow street with equally narrow pavements on either side.
29. By the way it is configured Redwell Street is acoustically challenging. Noise travels down the street towards the building containing my property.
30. Please also note that access and egress to and from the Premises is still understood to be via Redwell Street. This means patrons must use Redwell Street when attending and

³ NCC Licensing Policy, §24.7 identifies this as a material factor.

⁴ NCC Licensing Policy, Section E – hours of trading, §§30.2(iv), 30.3, 30.5 and 30.7 are relied upon.

leaving the Premises. Moreover, it is in Redwell Street and the vicinity that patrons will congregate.

31. In sum, the Premises by their individual type, location, characteristics and configuration pose a significant risk in relation to the Licensing Objective of the prevention of public nuisance.
32. Further, the variation requested in the Application merely exacerbates the risk by the expanded hours of operation which are asked for.
33. The risk to which I speak is real. This is supported by my experience as a resident. If reported correctly, these former retail premises were first given a grant for wine tasting during restricted hours until 20:00. As is the unfortunate pattern, this quickly morphed into the Norwich Tap House⁵. Then Panda Bar⁶, a prosecco, wine and cheese bar. All failed. However, the pattern is clear: more alcohol, sold for more hours to an ever-greater intended capacity.
34. The result of these past decisions was that patrons visited a street and its vicinity when they would not otherwise do so. You had a noise source in the street that would otherwise not exist to the same extent or degree. You also got to experience the noise and behaviour of some patrons as they came to and left the Premises.
35. I make plain that the noise and behaviour experienced was not always at a level that would constitute a public nuisance, but it was disproportionate and unreasonable at times.
36. In relation to this Licensing Objective, I note that the duty of the LA in this respect is purposive. The objective is to *prevent* public nuisance arising in the first place. Consequently, I respectfully suggest that it is no answer to proceed on the basis that a risk can be taken and if a problem were to arise it can be addressed by other means. That would run contrary to the obligation on the LA to *promote* the objectives as a paramount consideration at all times⁷.

⁷ s.182 Guidance, §1.2-1.4

37. In relation to the CIP, I note the presumption in favour of rejecting the Application and the burden on the Applicant if that presumption is to be rebutted. I should be grateful if the LA would bear that test firmly in mind when it comes to consider this particular Licensing Objective.

Prevention of crime and disorder

38. Since the Premises were first used for licensable activities there has been a deterioration in Redwell Street in relation to crime and disorder.
39. Unfortunately, the adjacent property was tagged with graffiti. My own property was likewise tagged with graffiti.
40. No doubt the LA is aware of the incidence of anti-social behaviour in Norwich East⁸. Unfortunately, this appears to remain a persistent issue in this area of the city.
41. The connection between anti-social behaviour and the concentration of licensed premises in the exact same area in which the Premises is situated is beyond doubt; that much is manifest by the terms and effect of your own CIP.
42. Permitting the extended hours and use sought by the Applicant must come with an associated risk of the low level, but still impactful, crime and disorder which the Licensing Objective seeks to prevent.
43. It is very much a privilege to live here, and I am prepared to spend the time, money and effort to ensure that the area remains clean and respectable, but some support in that regard from those making decisions likely to impact those efforts would be appreciated.

Conclusion

44. For the reasons set out above, I repeat the position I set out at the outset, namely:

⁸ <https://www.police.uk/pu/your-area/norfolk-constabulary/norwich-east/?tab=Statistics>

45. I object to the Application made and the variation sought.
46. I invite the LA to reject the Application.
47. I ask the LA to consider this a relevant representation for the purpose of applying the CIP and the associated presumption against the granting of the variation sought.
48. In my view, the Applicant does not demonstrate in its Application, or otherwise, "that there will be no negative cumulative impact on one or more of the licensing objectives"⁹. I therefore invite the LA to give effect to the presumption contained in its CIP.

I apologise in advance if I have made any mistakes in the representations I have made, particularly as to the reading of the NCC Licensing Policy.

I reserve the right to amend or supplement these representations if necessary.

In closing I should want to acknowledge that there seems to be something of a disconnect between what the Applicant says it wants to achieve in terms of the use of the Premises and that which is sought in the Application itself. If occasional extended hours of operation "such as Christmas/December" and limited off sales via a delivery service are really what is wanted, then perhaps there are other means of achieving this in cooperation with the LA without the kind of extensive variation sought in the Application. I would encourage the Applicant to reconsider.

Yours faithfully,

L Bennett

National Guidance

(issued under section 182 of the Licensing Act 2003)

Licence conditions – general principles

1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as “must”, “shall” and “will” is encouraged. Licence conditions:

- must be appropriate for the promotion of the licensing objectives;
- must be precise and enforceable;
- must be unambiguous and clear in what they intend to achieve;
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met, (for example, whilst beer glasses may be available in toughened glass, wine glasses may not);
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

Each application on its own merits

1.17 Each application must be considered on its own merits and in accordance with the licensing authority’s statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Crime and disorder

2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).

2.3 Conditions should be targeted on deterrence and preventing crime and disorder. For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.

2.6 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

2.7 It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. However, licensing authorities must ensure that they do not stray outside their powers and duties under the 2003 Act. This is important to ensure the portability of the personal licence and the offences set out in the 2003 Act and to ensure, for example, that the prevention of disorder is in sharp focus for all managers, licence holders and clubs.

Public nuisance

2.18 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.19 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance, perhaps affecting a few people living locally, as well

as major disturbance affecting the whole community. It may also include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

2.20 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or more sophisticated measures like the installation of acoustic curtains or rubber speaker mounts. Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.21 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.22 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, music noise from premises usually occurs from mid-evening until either late-evening or early-morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. In certain circumstances, conditions relating to noise immediately surrounding the premises may also prove appropriate to address any disturbance anticipated as customers enter and leave.

2.23 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.

2.24 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Determining actions that are appropriate for the promotion of the licensing objectives

9.41 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations

should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.42 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.43 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. Whilst this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

Conditions attached to premises licence

General

10.1 This chapter provides further guidance in relation to conditions attached to premises licences and club premises certificates. General principles on licence conditions are set out in Chapter 1 (see paragraph 1.16).

10.2 Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by a fine of up to £20,000 or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided.

10.3 There are three types of condition that may be attached to a licence or certificate: proposed, imposed and mandatory. Each of these categories is described in more detail below.

Proposed conditions

10.4 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or

certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.

10.5 It is not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention.

Consistency with steps described in operating schedule

10.6 The 2003 Act provides that where an operating schedule or club operating schedule has been submitted with an application and there have been no relevant representations made by responsible authorities or any other person, the licence or certificate must be granted subject only to such conditions as are consistent with the schedule accompanying the application and any mandatory conditions required under the 2003 Act.

10.7 Consistency means that the effect of the condition should be substantially the same as that intended by the terms of the operating schedule. If conditions are broken, this may lead to a criminal prosecution or an application for a review and it is extremely important therefore that they should be expressed on the licence or certificate in unequivocal and unambiguous terms. The duty imposed by conditions on the licence holder or club must be clear to the licence holder, club, enforcement officers and the courts.

Imposed conditions

10.8 The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

10.9 It is possible that, in certain cases, where there are other legislative provisions which are relevant and must be observed by the applicant, no additional conditions are appropriate to promote the licensing objectives.

Proportionality

10.10 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

Hours of trading

10.13 The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.

10.14 Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested.

The need for licensed premises

13.18 There can be confusion about the difference between the “need” for premises and the “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of licensing policy.
