1. Playing of recorded music will be restricted to indoors only.
2. The hatched outside area marked on the plan at appendix C, will be closed between 2230hrs and 0800hrs the following day.

The Committee also noted that the landlord will encourage customers who smoke to use the premises at the rear of the public house and will encourage customers waiting for taxi cabs to remain inside the premises until the cabs arrive.

**The Committee's decision:**

The Committee granted the sought variation and therefore agreed:

1. To extend the opening hours of the premises so that on Monday to Thursday the premises close at 0100hrs the following day and on Friday and Saturday the premises close at 0130hrs the following day. The premises will be open on Sundays from 1100hrs.

The hours for the sale of alcohol and provision of late night refreshment are extended from the end of permitted hours on New Year's Eve to the start of permitted hours on New Year's Day.

On the morning on which summertime begins, where the terminal hour is later than 0100hrs the terminal hour shall be extended by 1 hour in respect of the provision of late night refreshment and the sale of alcohol.

The opening hours of the premises are extended to 0130hrs the following day on the seasonal variation days specified in this clause 4.

5. That the premises may be used for the licensable activities of the provision of facilities for making music (indoors only) and the provision of facilities for dancing (indoors only) on the following days and times:

Friday and Saturday, 2000hrs to 2300hrs

Sundays 2000hrs to 2200hrs

6. That the plan showing the extent of the licensed area is amended to include the external drinking area and smoking shelter marked on Plan at appendix C.

7. That condition No 8 on Annexe 2 of the premises licence is removed.

### **The Committee's reasons:**

The reasons for the Committee's decision were:-

There were no representations received from the responsible authorities.

There was no evidence to support a view that noise complained of in the street outside the premises emanated from the Ten Bells and/or was within the control of the licensee.

That considering all the evidence before the committee, the licensing objectives

would be promoted by the approved variation.
