Planning Applications Committee: 9 November 2017

Updates to reports

Application: 17/01192/O - 215 Woodcock Road, Norwich NR3 3TE
Item: 4 (c)

Update: Two further emails received from objectors, concerned at potential loss of privacy and lack of details within the plans. Preference for dwelling adjacent to Rocelin Close to be a single storey bungalow. Continue to have concerns regarding highway impact of proposal and bin storage.

Officer response: The precise details of elevations, windows, bin storage and parking would be controlled via a second reserved matters application. It is considered that these matters can be adequately controlled to ensure no material harm is caused and the recommendation remains one of approval for the outline planning application.
