4. Polling Places and Districts Review 2019

The democratic and elections manager presented the proposals of the (Acting) Returning Officer (ARO) and went through the report which outlined the timetable and consultation process.

The review started on 14 June 2019 and must be completed by 29 August 2019.

The democratic and elections manager said there was a requirement to publicise the review and seek input from key stakeholders such as:

- the public
- disability groups
- community groups
- political parties
- councillors (city/county)
- (Acting) Returning Officer for Norwich

In response to member questions about the ARO proposals the democratic and elections manager stated that individual and group responses could be taken through the contact methods listed on the review page on the council's website. The working group would consider any responses and the ARO proposals at the next meeting of the polling places and district review group.

There was a further discussion about potential alternative venues to existing or former polling stations. The democratic and elections manager noted these and informed the group that he would be visiting potential and existing venues in July.

RESOLVED to note the interim polling district and polling places review report and Acting Returning Officer's proposals.

RESOLVED to note the following dates for future meetings of the polling district review group:
