MERRY GO ROUND - CARROUSEL

The Carroussel is available the whole season. Not available when there is too much wind and hard rain.

The Carroussel is made to please little people. Kids from 2.5 to 7 years old our maximum 1.20 m high. There are 20 places on the carousel.

The Carroussel is 8.5 meter on 8.5 meter round and 5 meters high.
The carousel global weight is around 1.800 Kg. We need 4 assistants to build up and break up the carousel for 2 hours. To transport the carousel we hire a big truck 15 meters long and 4.5 meters high. This truck must have place to park very close to the setting place.

CAROUSEL ITSELF IS 7.5 m ROUND

CARROUSEL

Electronic control with panic-emergency
button to stop the carrousel

CONTROLE

ELECTRICITY
220 V 16 A

LIGHTNING
220 V 16 A

On this plan you can see the different figures.

We need at least **2 separated Lines of Electricity 16 A and 220 Volt**. One for the engine and one for the sound and lightning. We need also **2 ladders, 2 chairs and one little table**.

If the carrousel is placed inside it's nice you can set some spotlighting on it.

Building time is around 2-3 hours without roof and 3-4 hours with the roof. We need help to unload and load, at least 4 strong people. Our start and stockage place is in Mortsel - Antwerp - Belgium

We have always 2 carrousel building- girls to help the installation and one truck driver. During the use of this carrousel, one of us is permanent around and we ask you to have 2 people permanent available to help children on and of the carrousel, start and stop, and take care to save use of the carrousel.

All materials used to make the figures are flexible and soft, latex, rubber, mousse...
We have a certificate from VINCOTTE (a firm that controls installations in Belgium) for the carrousel, they controlled it on security for use.

We need also coffee, thee, some soft drinks, meals, hotel for our people.
This are the names and mobile phones of your contact.

el laberint a l'escola

una producció de la Companyia Itinerània

QUÈ ÉS EL LABERINT

Es una instal·lació lúdica apta per a tot tipus d'espais (placots, carrers, patis d'escola), que constitueix una interessant eina pedagògica, tant per l'adaptabilitat del seus continguts com per la transversalitat amb què es tracten aspectes educatius tan diversos com el treball en equip, l'orientació, la lateralitat o la presa de decisions. És un entramat de PARETS i PORTES que conformen un laberint transparent de múltiples camins vàlids (segons quines siguin les portes que aconseguim obrir). Hi ha sis portes d'enigma (que s'obren col·locant la resposta correcta a una pregunta) i deu portes d'habilitat (que ho fan quan descobrim i activem el seu mecanisme).

Circus Ronaldo

Circenses

Technical rider

The organiser provides:

- 1) Ground: A good **site with a hard surface**, easily accessible to heavy vehicles, even in poor weather. It has to be possible to knock **78 spikes** into the ground. **The organiser is responsible for indicating any utilities below ground (e.g. electricity, water, etc.)**. The access road must be at least 4 metres wide and also 4 metres high. **Grass** is perfect, as long as the site is accessible to heavy vehicles in bad weather. **Asphalt** is possible, as long as the spikes can be knocked in. If the spikes can only be knocked in by using a pneumatic hammer, the organiser will make sure this is provided. **Clinkers/cobblestones** are possible, but the organiser is responsible for removing and re-laying them in the places where this is necessary. **Sand** is not possible. **No sites** which in bad weather turn into mud or **are flooded** are possible. If this occurs, the organiser is responsible for finding a solution. Nor should the site be one that produces a lot of dust. The site should be **completely empty** as from the date of arrival.
 - 2) The tent has a diameter of **24 metres**, not including the guy ropes / **31 metres** including guy ropes. The income/reception tent has a diameter of 14 metres not including guy ropes / 19 metres including guy ropes. For safety reasons, an area of minimum **40 x 50 metres** is needed for the **tent and the caravans**.
Minimum height of tent: ± 9.5 metres.
The tent seats **450 people**.
 - 3) **Power supply**: 63 Amp. in 3 phases, 380 Volt (from arrival until departure of the circus) (at the rear of the circus tent; the circus itself brings 50 m of cable).
 - 4) **Eight people** to help in setting up and **eight people** for dismantling, all permanently available, if possible with experience in putting up tents and tiered seating (preferably motivated people).
Set-up: 1 day before the first performance.
Duration: ± 8 hours' work (may take longer due to unforeseen circumstances).
Dismantling: 1 day after last performance.
Duration: ± 6 hours' work (may take longer due to unforeseen circumstances).
Attention: arrival of the company: the evening before the set-up day.
- The show is suitable for adults and children of 12 and older.
- 5) **A representative of the organisers must remain in attendance throughout each show.** One person at the entrance to the tent during the performance. **Security for the equipment, the tent and the caravans** may be necessary at night. The guarding of the equipment is to be carried out in consultation with the circus management.
 - 6) **BAR**

Circus Ronaldo has an income/reception tent 14 metres in diameter with a decorated side panel and lighting, plus a circular bar.

2 persons of Circus Ronaldo take care of and organise the bar during the interval and before and after the show. **The organiser only has to provide information regarding the liquor licence.** The organiser need make no other arrangements regarding the bar.

At the last event in Chapelfield Gardens (Lord Mayors?), I had 2 confrontations plus a bout of fisticuffs with your eventers who try to use my property and the access to that property as a toilet and dumping ground. I have pointed this problem out to you previously and asked for security but nothing happens.

You only take responsibility up to the fence line of Chapelfield Gardens, but residences start only a few feet beyond that, and are wide open to abuse. We are not like Earlham Park which has large spaces for events and a large spillover area/buffer zone which avoids conflict with living areas. As you appear unwilling to solve the problem you should reconsider using CG as an events area as it is too small and too close to living areas.

I will continue to confront your revellers where they behave anti-socially. I suppose sooner or later I will end up in hospital, at which time I will consider suing you.

APPENDIX D

Local Policy considerations

1.0 Introduction

1.4 The 2003 Act requires the Council to carry out its various licensing functions so as to promote the four licensing objectives. These are:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

1.5 The 2003 Act also requires that the Council publishes a 'Statement of Licensing Policy' that sets out the policies the Council will generally apply to promote the Licensing Objectives when making decisions on applications made under the Act.

2.0 Consultation and Links to other Policies and Strategies

2.7 So far as possible, the Council will avoid duplication with other regulatory regimes, and will not to use its powers under the Licensing Act 2003 to achieve outcomes that can be achieved by other legislation and other enforcement agencies.

3.0 Applications for Licences

3.2 Applicants must address the four licensing objectives in their operational plan. The operating plan must have regard to the nature of the area where the premises are situated, the type of premises, the licensable activities to be provided, operational procedures and the needs of the local community. The operating schedule must demonstrate how the premises will be "good neighbours" both to residents and to other venues and businesses.

3.3 Applicants must provide evidence that suitable and sufficient measures, as detailed in their operating schedule, will be implemented and maintained, relevant to the individual style, location and characteristics of their premises and activities. They must also indicate if additional measures will be taken on an occasional or specific basis, such as when a special event or promotion is planned, which is, for example, likely to attract larger audiences.

4.0 Representations

4.1 "Responsible Authorities" will be asked to consider all applications and to make representations to the Council, if they relate to the promotion of the four licensing objectives and particularly in respect of applications which, might be

regarded as contentious. Representations must be evidentially based and the organisation should attend any hearing when the application is being considered.

4.2 The Council will consider all representations from any "Interested Party" (see Appendix 7), or their representative, which should preferably be evidentially based and supported by attendance at any hearing at which the application is being considered.

4.3 A representation, will only be accepted by the Council if it is 'relevant', in that it must relate to the likely effect of granting the licence on the promotion of at least one of the four licensing objectives. Representations, which are regarded as being frivolous or vexatious, will not be considered, and in the case of a review of a licence, any representation which is regarded as repetitious, will also not be considered. A decision as to whether a representation is frivolous, vexatious or repetitive will be made by an officer of the Council.

5.0 Conditions attaching to Licences

5.1 Where relevant representations are made, the Council will make objective judgments as to whether conditions may need to be attached to the premises licence to secure achievement of the licensing objectives. Any conditions arising as a result of representations will primarily focus on the direct impact of the activities taking place at licensed premises, on those attending the premises, and members of the public living, working or engaged in normal activity in the area concerned, and will cover matters that are within the control of individual licensees.

5.2 All applications will be considered on an individual basis and any condition attached to such a licence, will be tailored to each individual premises, in order to avoid the imposition of disproportionate or burdensome conditions on those premises. Therefore, mandatory conditions, will only be imposed where they are necessary for the promotion of the licensing objectives.

8.0 The Impact of Licensed Premises

8.1 When considering whether any licensed activity should be permitted, and a relevant representation has been received, the likelihood of it causing unacceptable adverse impact will be assessed by taking into account relevant matters including:

- the type of use, the number of customers likely to attend the premises and the type of customers at the time of the application;
- the proposed hours of operation;
- the level of public transport accessibility for customers either arriving or leaving the premises and the likely means of public or private transport that will be used by the customers;

- the means of access to the premises including the location of customer entrances and exits;
- the level of likely car parking demand on principal roads and surrounding residential streets and its effect on local residents, in comparison with the existing situation, and the effect on residential parking and emergency access;
- the frequency of the licensable activity.

With any adverse impact it may be possible to take steps to mitigate or prevent the impact and if such measures are reliable an activity may be licensed.

13.0 Management of Licensed Premises

13.1 A Premises Supervisor must be specified in the Operating Schedule for a premises, in which alcohol will be sold ('Designated Premises Supervisor' DPS). The DPS will have responsibility for running the premises on a daily basis. They should normally be present on the licensed premises on a regular basis. In addition to the DPS holding a personal licence, they should either undergo additional training, or to be able to demonstrate they have the experience commensurate with the size, capacity, nature and style of the premises and licensable activities to be provided.

13.2 There must be proper management arrangements in place in all licensed premises, whether or not alcohol is sold or not, which will ensure there is an appropriate number of responsible, trained/instructed persons at the premises to provide the proper management of the premises, the activities taking place and compliance with all statutory responsibilities and the terms and conditions of the premises licence.

LICENSING OBJECTIVES

21.0 Objective - Prevention of Crime and Disorder

21.1 Section 17 of the Crime and Disorder Act 1998 introduced a wide range of measures for preventing crime and disorder and imposed a duty on the City Council, and others, to consider crime and disorder reduction in the exercise of all their duties. The Licensing Act 2003 reinforces this duty for local authorities.

21.2 The promotion of the licensing objective, to prevent crime and disorder, places a responsibility on licence holders to become key partners in achieving this objective. **Applicants will be expected to demonstrate in their operating schedule that suitable and sufficient measures have been identified and will be implemented and maintained to reduce or prevent crime and disorder on and in the vicinity of their premises, relevant to the individual style and characteristics of their premises and the licensable activities at those premises.**

- 21.3 When addressing the issue of crime and disorder, the applicant should demonstrate that all those factors that impact on crime and disorder have been considered. These include:

- Underage drinking
- Drunkenness on premises
- Public drunkenness
- Keeping Illegal activity like drug taking and dealing, offensive weapons and sales of contraband or stolen goods away from the premises.
- Preventing disorderly and potentially violent behaviour on and outside the premises.
- Reducing Anti-social behaviour and Disorder inside and outside the premises
- Litter
- Unauthorised advertising
- Protecting people and property from theft, vandalism and assault
- Guard against glasses and bottles being used as weapons or causing accidents.

- 21.4 The following examples of control measures are given to assist applicants who may need to take account of them in their operating schedule, having regard to their particular type of premises and/or licensable activities:

- Effective and responsible management of premises
- Training and supervision of staff
- Employ sufficient numbers of staff to keep numbers down of people awaiting service
- Provide sufficient seating for customers
- Patrols of staff around the premises
- Ensure sufficient lighting and visibility, removing obstructions if necessary, to discourage illegal activity.
- Introduce an entry policy – making people aware of it – and apply it consistently and fairly
- Implement a search policy to prevent drugs, offensive weapons etc being brought onto the premises
- Implement effective management of entrance queues – incorporating barriers if necessary
- Adoption of best practice guidance e.g. Safer Clubbing, the National Alcohol Harm Reduction Strategy Toolkit, Minor Sales Major Consequences, Clubbing against Racism and other voluntary codes of practice, including those relating to drinks promotions e.g. The Point of Sale Promotions published by the British Beer and Pub Association (BBPA), Security in Design published by BBPA and Drugs and Pubs, published by BBPA
- Acceptance of accredited 'proof of age' cards e.g. Portman proof of age cards, Citizencard, Connexions Card and/or 'new type' driving licences with photographs, or passports
- Provision of effective CCTV in and around premises
- Employment of Security Industry Authority licensed door staff to manage the door and minimize disorder

Ensure glasses are collected on an on going basis, make regular inspections for broken glass and clear up.
 Provision of toughened or plastic drinking vessels and bottles
 Provision of 'bottle bins' inside the premises and near exits.
 Provision of secure, deposit boxes for confiscated items i.e. Operation Enterprise Drug and Weapon Amnesty Safe's
 Information displayed for staff and customers on Drug Awareness including the 'spiking' of drinks with drugs.
 Provision of litterbins and other security measures, such as lighting, outside premises
 Membership of local 'Pubwatch' schemes or similar accreditation schemes or organizations ie Operation Enterprise.
 Responsible advertising
 Distribution of promotional leaflets, posters etc.
 Drug Seizure Kits (available from Norfolk Police Operation Enterprise)
 Member of the 'NiteLink' radio scheme
 Working in partnership with the SOS Bus scheme
 Ban known offenders and share information with other licensed premises in the area
 Implement a dispersal policy
 Introduce a 'closed door' policy, with attendance prohibited for new customers 2-3 hours before licensable activities finish

25.0 Objective - Prevention of Public Nuisance

- 25.3 Applicants should be aware that stricter conditions, including controls on licensing hours for all or some licensable activities will be applied, where licensed premises are in residential areas or where their activities may impact on residents or other business premises, and where relevant representations have been received. Conversely, premises for which it can be demonstrated have effective measures to prevent public nuisance, may be suitable for longer opening hours.
- 25.7 When addressing the issue of prevention of public nuisance, the applicant must demonstrate that those factors that impact on the likelihood of public nuisance have been considered. These may include:
- the location of premises and proximity to residential and other noise sensitive premises, such as hospitals, hospices, care homes and places of worship
 - the hours of opening, particularly between 23.00 and 07.00
 - the nature of activities to be provided, including whether those activities are of a temporary or permanent nature and whether they are to be held inside or outside premises
 - the design and layout of premises and in particular the presence of noise limiting features
 - the occupancy capacity of the premises
 - the availability of public transport
 - 'wind down period' between the end of the licensable activities and closure of the premises

- last admission time
- Preventing litter and refuse becoming an eyesore
- Consideration of local residents that they are not upset by loud or persistent noise or by excessive light.
- Preventing cars attending an event or premises from causing a noise nuisance and congestion, and from taking up local people's parking spaces.
- Avoid early morning or late night refuse collections
- Avoiding emptying bins into skips, especially if they contain glass, either late at night or early in the morning

25.8 The following examples of control measures are given to assist applicants who may need to take account of them in their operating schedule, having regard to their particular type of premises and/or activities:

- Effective and responsible management of premises
 - Appropriate instruction, training and supervision of those employed or engaged to prevent incidents of public nuisance, e.g. to ensure customers leave quietly
 - Fit prominent signs requesting that customers respect local residents and leave quietly
 - Control of operating hours for all or parts (e.g. garden areas) of premises, including such matters as deliveries i.e not too early in the morning
 - Adoption of best practice guidance (e.g. Good Practice Guide on the Control of Noise from Pubs and Clubs, produced by Institute of Acoustics, Licensed Property: Noise, published by BBPA)
 - Installation of soundproofing, air conditioning, acoustic lobbies and sound limitation devices
 - Management of people, including staff, and traffic (and resulting queues) arriving and leaving premises
 - Liaison with public transport providers
 - Siting of external lighting, including security lighting
 - Management arrangements for collection and disposal of waste, empty bottles etc.
 - Effective ventilation systems to prevent the emission of unwanted odours
 - Take away packaging to include the name and address of the premises on it.
 - Capacity levels for Fast Food Outlets
 - Introduce a chill out area with coffee and mellow music where customers can settle before leaving
 - Introduce a 'closed door' policy, with attendance prohibited for new customers 2-3 hours before licensable activities finish.
- where the supply of alcohol for consumption on the premises is the exclusive or primary purpose of the services provided at the premises.

SECTION E - Hours of Trading

31.7 The policy options which will be applied to applications for premises licences where the sale or supply of alcohol for consumption on the premises is proposed, are as follows:

- a) **The Council will consider restricting the hours if it believes, on the basis of representations made, that not doing so would lead to or exacerbate problems of crime, disorder or public nuisance.**
- b) Where no relevant representations are received from either a responsible body or an interested party, the application will be granted in accordance with the terms of the operating schedule.
- c) Where relevant representations are received from either a responsible body or an interested party, and those representations relate to the hours of trading then subject to (a) above, the Council will consider restricting the hours in relation to any of the licensable activities for which a licence is being sought, provided it is considered necessary to do so in order to promote one or more of the licensing objectives which may not be achieved without such restrictions. The Council may impose different restrictions on hours for different licensable activities and for different days of the week.

APPENDIX E

National Guidance (issued under section 182 of the Licensing Act 2003)

Standardised Conditions

- 13.20 "...statements of policy should make it clear that a key concept underscoring the 2003 Act is for conditions to be tailored to the specific premises concerned. This effectively rules out standardised conditions...However, it is acceptable for licensing authorities to draw attention in their statements of policy to pools of conditions which applicants and others may draw on as appropriate."

The Scope of the Licensing Act 2003

- 13.16 "...licensing is about regulating licensable activities on licensed premises...and the conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others with relevant authorisations, i.e. the premises and its vicinity."
- 13.17 "...whether or not incidents can be regarded as being "in the vicinity" of licensed premises is a question of fact and will depend on the particular circumstances of the case."

Licensing Law and the Control of Anti-Social Behaviour

- 13.18 "...licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises."

Licensing Hours

Extended Opening Hours

- 13.40 "...flexible licensing hours for the sale of alcohol can help to ensure that the concentrations of customers leaving premises simultaneously are avoided. This can help to reduce the friction at late night fast food outlets, taxi ranks and other sources of transport which lead to disorder and disturbance."
- 13.41 "...the Government wants to ensure that licensing hours should not inhibit the development of thriving and safe evening and night-time economies."

Consideration for Residents

- 13.41 "...providing consumers with greater choice and flexibility is an important consideration, but should always be balanced carefully against the duty to promote the four licensing objectives and the rights of local residents to peace and quiet."

- 9.4 "...it is for the licensing authority to decide in the first instance whether or not representations are relevant. This may involve determining whether they have been made by an interested party and whether or not, for example, an individual making a representation resides or is involved in business "in the vicinity" of the premises concerned."
- 9.5 "...licensing authorities should consider whether the individual's residence or business is likely to be directly affected by disorder and disturbance occurring or potentially occurring on those premises or immediately outside the premises."
