

**Norwich City Council**  
**SCRUTINY COMMITTEE**  
**ITEM 9**

**REPORT for meeting to be held on 19 June 2014**

**Quarter 4 2013-14 performance report**

**Summary:**

The report sets out the council's performance against the corporate plan priorities for quarter 4 of 2013/14.

The council's budget monitoring report for this period is also included as previously requested by scrutiny.

The report, therefore, provides scrutiny with an opportunity to consider overall council performance in quarter 4 of 2013/14 alongside the budget monitoring for the period and to identify successes and any areas of concern.

**Conclusions:**

The report should enable the scrutiny committee to determine any areas of performance they would wish to review or monitor in the future.

**Recommendation:**

To consider the quarter 4 performance report, alongside the budget monitoring report for the period, and in particular to identify:

- Successes and any areas of concern.
- Any specific areas that scrutiny would wish to review in more detail as part of their future work programme.
- Any trends that scrutiny may wish to be monitored and reported on when they receive the next performance report.

## **1. Introduction**

- 1.1 This report sets out progress against the key performance measures that are designed to track delivery of the council's corporate plan priorities. This is the final performance report for 2013/14 against the Corporate Plan 2012-2015.
- 1.2 The Corporate Plan 2012 - 15 established five priorities. Progress with achieving these is tracked by 35 key performance measures. It is these performance measures which form the basis of this report. Most of the performance measures are available quarterly while some are reported six monthly or annually to show general outcomes for residents.
- 1.3 Performance status for each of the performance measures is then combined for each priority to show at a glance high level performance. This should enable members to see where performance is improving or falling.
- 1.4 Performance is based around a traffic light concept where green is on target, red is at a point where intervention may be necessary and amber a point in between these two.
- 1.5 A copy of the full performance report can be found at annex A.

## **2. Headlines**

- 2.1 Overall performance this quarter shows continuing improvement with four of the council's overall priorities showing as green. There are some areas where the council is performing very highly and exceeding its targets. There are a number of measures where performance has been marginally below target. Also, there are a small number of areas where performance has been further from target and work continues to address these. For each of the performance measures where performance is below target, reasons for this are provided within the relevant section of the performance report at annex A.
- 2.2 The following areas of performance are brought to your attention:
  - a) Satisfaction with waste and recycling collection was 80%, well above our target of 70%.
  - b) 381 new jobs were created/ supported by council activity, better than our target for the year of 300 jobs.
  - c) Our average processing time for new housing benefit and council tax reduction scheme claims was 17 days this quarter

continuing the improvement over the year and better than our target of 21 days.

- d) Our work to prevent people becoming homeless has continued to produce excellent results. In the year as a whole 623 individuals or families who have presented as homeless have been given advice that has resolved their situation. Our target was 300.
- e) 40 new affordable homes were completed on council owned land compared with our target of 31.
- f) In our 6 monthly surveys of users at the Norman Centre, Riverside Swimming Centre and The Halls, 97% of respondents were satisfied with our leisure and cultural facilities.
- g) The proportion of contact with the council that is classified as "avoidable" showed notable improvement this quarter falling from 32.5% to 24.2%, and is now better than our target of 24.5%.
- h) Resident satisfaction with the last service received from the council was above target at just under 97%. This is the highest we have ever achieved for this measure and a significant achievement for the council.
- i) However, the proportion of household waste sent for re-use, recycling or composting was 35.5% (quarter 3 data) a slight fall compared with the previous quarter and below our target of 43%. When the new materials recycling facility contract comes into effect in October this will enable residents to recycle more materials which we expect to result in improvement in these figures.
- j) 53 people were killed or seriously injured on our roads in the year to the end of March. This had fallen compared with 3 months earlier but remains above the anticipated level of 45. Norfolk County Council will be continuing to work with partners including ourselves and the Police to achieve a reduction through education and enforcement as well as engineering measures.
- k) In the final quarter of 2013/14 the time taken to re-let council homes had increased to an average of 20 days, though the average for the year as a whole remained on target at 16 days which compares very well with other organisations across the country. The last quarter had been affected by an increase in properties requiring significant works before they could be re-let. We, therefore, expect performance to improve again.

**Report to** Cabinet  
25 June 2014

**Report of** Chief finance officer

**Subject** Provisional Capital Outturn 2013/14

---

**Item**

**X**

## **Purpose**

To update Cabinet on the financial position of the capital programmes as at 31 March 2014, provisional capital outturns for the year 2013/14, and the estimated carry-forwards to 2014/15.

## **Recommendation**

1. To note the provisional capital outturns of the housing and non-housing capital and estimated carry-forwards to 2014/15.
2. To delegate to the Deputy Chief Executive (Operations) and Chief Finance Officer, in consultation with the portfolio holder for resources, approval of carry-forward of unspent 2013/14 capital budgets to the 2014/15 capital programme.

## **Corporate and service priorities**

The report helps to meet the corporate priority value for money services and the service plan priority to provide accurate, relevant and timely financial information.

## **Financial implications**

The housing and non-housing capital programmes are being delivered within currently available resources, and forecast expenditure will remain within anticipated resources.

The detailed financial implications of this report are set out in the text.

Capital Plan & Programme Reports

## 1. Introduction

- 1.1 The capital budgets shown below were approved by Cabinet and Council on 13 and 18 February 2013 respectively, and reflect the expenditure plans for both the housing and non-housing capital programmes.
- 1.2 This report reflects the position as at the end of March 2014. The report does not include the accounting adjustments necessary to reflect the financing of the housing and non-housing capital programmes, which will be incorporated into the capital outturn and financial statements.
- 1.3 The estimated carry-forwards within this report will, once confirmed, be additional to the approved 2014/15 programmes.

## 2. Housing Capital Programme

- 2.1 The housing capital programme for the year to date, provisional outturn, and estimated carry-forward requests are summarised below:

Original Budget £000s	Current Budget £000s	Item	Actual YTD £000s	Provisional Outturn £000s	Provisional Variance £000s	Estimated Carry Fwd £000s
3,391	2,404	Housing Investment	945	1,004	-1,399	1,386
29,625	35,646	Neighbourhood Housing	27,736	27,826	-7,820	6,266
1,850	2,989	Strategic Housing	2,098	2,166	-823	387
<b>34,866</b>	<b>41,038</b>	<b>Total Housing Capital</b>	<b>30,779</b>	<b>30,996</b>	<b>-10,042</b>	<b>8,040</b>

- 2.2 The 2013/14 current budget of £41.038m includes £3.467m of carry-forward from 2012/13 and £2.705m of in-year additions to the programme.
- 2.3 Expenditure in this financial year up to the end of March 2014 totals £30.779m. The provisional outturn of £30.996m is £10.042m short of the budget of £41.038m. Budget managers are expected to request a total of £8.040m in carry-forwards, leaving a £2.002m surplus.

2.4 Further detail regarding housing capital expenditure may be found in Appendix 1.

### 3. Housing Capital Resources

3.1 Planned available housing capital resources total £43.140m, plus £11.565m of resources brought forward. The current forecast is for an outturn of £47.154m, which after funding the 2013/14 anticipated expenditure of £30.996m, would leave surplus resources of £16.158m available to be carried forward into 2014/15.

<b>Total housing capital plan</b>	<b>(8,274)</b>	<b>(11,565)</b>	<b>10,349</b>	<b>(1,217)</b>	<b>(16,158)</b>

3.2 Carry forward requests will reduce the uncommitted balance of resources as follows:

Total housing capital resources carried forward	(16,158)
Less housing capital programme carry forward requests	8,040
Total uncommitted housing capital resources 2014/15	(8,118)

3.3 The total uncommitted housing capital resources carried forward to 2014/15 of £8.118 is £0.156m below the estimate of £8.274m required by the housing capital plan to finance the 2014/15 capital programme. This shortfall is expected to be covered from underspends within the programme.

### 4. Non-Housing Capital Programme

4.1 The housing capital programme for the year to date, provisional outturn, and estimated carry-forward requests are summarised below:

Original Budget £000s	Current Budget £000s	Item	Actual YTD £000s	Provisional Outturn £000s	Provisional Variance £000s	Estimated Carry Fwd £000s

- 4.2 Original expenditure budgets of £7.167m have been supplemented by £2.409m of brought forward work, the majority of which relates to S106 schemes, and £3.404m of in-year additions to the programme, principally Push The Pedalways funding.
- 4.3 Expenditure in this financial year up to the end of March 2014 totals £3.195m. The provisional outturn of £3.224m is £9.756m short of the budget of £12.980m. Budget managers are expected to request a total of £7.809m in carry-forwards, leaving a £1.947m surplus.

- 4.4 Asset Improvement covers reconfiguration and major repairs to City Hall as part of the delivery of the office accommodation strategy, and Investment in existing assets.
- 4.5 Asset Investment covers the acquisition of new investment property as part of the delivery of the asset management plan. Opportunities are identified and assessed with the support of the council's advisers, NPS Norwich Ltd. The carry-forward shown will allow the continuation of this delivery in 2014/15.
- 4.6 Asset maintenance expenditure covers provision for major repairs and upgrades (including works to St Andrews car park) and investment to reduce asset liabilities
- 4.7 Initiative funds cover the community capital fund and the eco-investment fund, as well as the IT investment fund.
- 4.8 Regeneration and Growth covers the Norwich And Homes & Communities Agency Strategic Partnership (NAHCASP)-funded Bowthorpe/Three Score site development and enabling, together with a development fund for vacant buildings and sites. The balance of NAHCASP resources (including approval for additional borrowing by the council) will be carried forward for imminent investment.
- 4.9 Further detail regarding non-housing capital expenditure is shown in Appendix 2.

## 5. Non-Housing Capital Resources

- 5.1 Planned available non-housing capital resources total £8.842m, plus £8.603m of resources brought forward. The current forecast is for an outturn of £12.701m, which after funding the 2013/14 anticipated expenditure of £4.158m, would leave surplus resources of £8.542m available to be carried forward into 2014/15

- 5.2 Carry forward requests of £7.809m will reduce the uncommitted balance of resources as follows:

Total non-housing capital resources carried forward	(9,788)
Total non-housing capital programme carry forward requests	7,809
Total uncommitted non-housing capital resources 2014/15	(1,979)

- 5.3 The total uncommitted housing capital resources carried forward to 2014/15 of £1.979m is £0.304m in excess of the minimum of £1.675m required by the non-housing capital plan to finance the 2014/15 capital programme, though the plan also requires significant capital receipts in 2014/15 from an accelerated disposal programme.

## 6. Carry Forwards

- 6.1 The carrying forward of capital budget approvals from one year to the next allows for the continuation of schemes across the year-end without the need to seek re-approval of capital budgets through the new year's capital programme. This facility caters for schemes starting later than planned, schemes where the expenditure profile is different from that originally envisaged, and packaged schemes of small capital projects.
- 6.2 The tables above summarise, and the appendices detail, where carry-forwards have been requested by capital budget managers. Some of these requests may still be amended during the remaining process of closing the 2013/14 accounts.

- 6.3 To allow flexibility in dealing with any such amendments, and to provide continuity of budget approval, it is recommended that the approval of capital carry-forwards be delegated to the Deputy Chief Executive (Operations) and Chief Finance Officer, in consultation with the portfolio holder for resources.
- 6.4 Such approvals would be within the usual parameters of being limited to the amounts underspent on each budget in 2013/14, and being for the purpose(s) for which the existing approval was given.

**Report to** Cabinet

**Item**

**Report of** Chief finance officer

**Subject** Provisional Revenue Outturn 2013/14

---

## **Purpose**

To update Cabinet on the provisional revenue outturn for the year 2013/14, and the consequent provisional General Fund and Housing Revenue Account balances.

The provisional revenue outturn does not include accounting adjustments required by International Financial Reporting Standards (IFRS) to be included in the council's statutory financial accounts.

## **Recommendations**

1. To note the provisional revenue outturn 2013/14;

## **Corporate and service priorities**

The report helps to meet the corporate priority value for money services and the service plan priority to provide accurate, relevant and timely financial information.

## **Financial implications**

The provisional revenue outturn for the General Fund for the year 2013/14 is a surplus of £2.819m, which after the planned contribution to reserves of £1.587m, gives rise to an underspend of £1.232m against budget.

The provisional revenue outturn for the Housing Revenue Account for the year 2013/14 is a deficit of £2.761m which after the planned use of reserves of £5.541m, gives rise to an underspend of £2.780m against budget.

The provisional balances on both funds will remain above the prudent minima.

**Ward/s:** All wards

**Cabinet member:** Councillor Waters – Deputy leader and resources

Budget Reports (Council 21 February 2012)

## Report

1. Council approved budgets for the 2013/14 financial year on 19 February 2013.
2. The attached appendices show the provisional revenue outturn positions for the General Fund and the Housing Revenue Account:
  - [Appendix 1](#) shows the General Fund by Corporate Leadership Team responsibilities, and by Subjective Group
  - [Appendix 2](#) shows the Housing Revenue Account in (near) statutory format, and by Subjective Group
  - [Appendix 3](#) shows budget and expenditure for the year to date in graphical format
  - Appendix 4 [BMG only] shows budget info at service & cost centre level.
  - Appendix 5 [BMG only] shows budget information relating to Contingencies
  - Appendix 6 [BMG only] shows budget information for the Collection Fund
3. The amounts reported show both actual expenditure and income to date, and the forecast (provisional outturn) which includes entries not yet posted but for which budgets are included within the management accounts. These include:
  - Revenue financing for housing and non-housing capital programmes
  - Interest charges allocated from the General Fund to the Housing Revenue Account
  - Depreciation of assets (wear & tear)
  - Provision for Highways and HCA partnership surplus & deficit transfers
4. The financial accounts include adjustments required by IFRS which are not budgeted for and included in the provisional revenue outturn, including:
  - Provision for holiday & flexitime owed to/owed by employees
  - Provision for movement in pension fund assets & liabilities
  - Impairment of assets (loss of value)

## General Fund

5. Budgets reported include the resources financing the council's net budget requirement (which includes a £1.587m contribution to balances as called for by the Medium Term Financial Strategy) so that the net budget totals zero:

## Financial Planning

13. Overall levels of overspend and underspend will have an ongoing impact on the budget for following years and the size and urgency of savings requirements
14. Net overspends and underspends will be consolidated into the General Fund and Housing Revenue Account balances carried forward to 2014/15.
15. These are reflected in periodic updates to the Medium Term Financial Strategy and Housing Revenue Account Business Plan.

## Impact on Balances

16. The prudent minimum level of General Fund reserves has been assessed as £4.496m for 2014/15. The provisional outturn position is as follows:

<i>Item</i>	<i>£000s</i>
Balance at 1 April 2013	(5,195)
Budgeted contribution to balances 2013/14	(1,587)
Provisional budget deficit/(surplus) 2013/14	(1,232)
= Provisional balance at 31 March 2014	(8,014)

17. The General Fund balance is therefore expected to continue to exceed the prudent minimum.
18. The Medium Term Financial Strategy calls for General Fund balances to increase in early years in order to provide resources to “smooth” savings requirements in later years, and the level of provisional balance shown above is consistent with that requirement.
19. The prudent minimum level of HRA reserves has been assessed as £3.067m for 2014/15. The provisional outturn position is as follows:

<i>Item</i>	<i>£000s</i>
Balance at 1 April 2013	(27,788)
Budgeted use of balances 2013/14	5,541
Provisional budget deficit/(surplus) 2013/14	(2,780)
= Provisional balance at 31 March 2014	(25,027)

20. The Housing Revenue Account balance is therefore expected to continue to exceed the prudent minimum.
21. The Housing Revenue Account Business Plan utilises HRA balances to support housing capital expenditure in the medium term, and the level of provisional balance shown above is consistent with that requirement.

Budget & Expenditure – Monthly by Service Graphs

The following graphs show the monthly budget profile and income/expenditure to date for each service (both General Fund and Housing Revenue Account) for the financial year.

The actual income/expenditure reported is influenced by accrual provisions brought forward from the previous financial year, and by any delays in invoicing and/or payment.

Budgets are profiled to show the expected pattern of income & expenditure, and will be refined and improved during the course of the financial year.

## Commentary

Overall performance for this final quarterly report of 2013-14 against the priorities in the Corporate Plan 2012-2015 shows an improving picture. Performance in relation to four of our corporate priorities is showing as green this quarter.

There has been excellent performance across a range of key areas and this has contributed to our highest ever satisfaction rating (just under 97% satisfied) from users of our services.

The highlighted measures below are examples where we are performing very highly and exceeding targets:

Value for money services – 98% of income due collected; the level of contact with the Council that is avoidable back on target this quarter;

Character and culture – processing times for major planning applications on target; 97% satisfaction with our leisure and cultural facilities;

Decent housing for all – numbers of households prevented from becoming homeless and new affordable homes completed exceeding target;

Prosperous city – 381 new jobs were supported by council activity; households helped to improve their energy efficiency above target; the average number of days that we are now taking to process Housing Benefit and Council Tax Reduction Scheme claims is now on target and at an average of 17 days which compares favourably with top performance elsewhere.

Safe and Clean city – on average, 79% of residents in our surveys report as feeling safe in their local area; 80% of residents are satisfied with our waste collection services.

There are, however, some measures that remain below target. We will continue to do all we can as a Council working with our partners to improve performance in relation to the above and other performance measures that underpin the priorities in our Corporate Plan.

Green is on target, amber between target and cause for concern and red is cause for concern.

<b>To maintain street and area cleanliness</b>	SCC1 % streets found clean on inspection	91	93	●	🚩	92	93	●	
<p>Comments: The areas of land with the highest percentage of littering were other highways e.g. alleyways, cycle paths, walkways between properties (17.65%), industry and warehousing (10.29%) and on other retail and commercial areas (14.71%) Much of the retail related littering relates to shop fronts which get a daily litter pick anyway. These areas will be monitored closely over the next few weeks to establish if any changes in the current cleansing regime are required.</p> <p>The areas with highest percentage of detritus were residential areas with a lot of on street parking (23.5%). This figure has reduced from 26.5% from the last survey in November 2013. The deep clean programme will be targeted towards these areas over the coming months thereby improving the standard of street cleansing.</p>									
<b>To protect residents and visitors by maintaining the standards of food safety</b>	SCC5 % of compliant food premises	91	95	●	🟢	91	95	●	
<p>Comments: The figure has continued to improve since Q2. However officers will continue to target the non broadly compliant premises with a higher level of interventions, including revisits, advice and training, and we expect this work to be reflected in an improved compliance score at the next inspection and thus a continued increase in broad compliance.</p>

<b>To provide efficient and effective waste services and increase the amount of recycling</b>	SCC3 % of people satisfied with waste collection services	80	70	🟢	🟢	80	70	🟢	
Comments: In Q4, 80% of surveyed residents expressed satisfaction with our waste collection service compared with the target of 70%. The annual satisfaction figure for 2013/14 was also 80%.									
<b>To work effectively with the police to reduce antisocial behaviour, crime and the fear of crime</b>	SCC4 % of people feeling safe	79.1	70.0	🟢	🔴	79.5	70.0	🟢	
Comments: Performance has remained above target for all four quarters. Given that the most recent quarter coincides with the winter evenings, this is a positive out turn. An analysis of performance will now be undertaken in conjunction with the Police to explore what the results might be indicating.

<b>To support the development of the local economy and bring in inward investment through economic development and regeneration activities</b>	PRC3 No. of new homes built - Q	1	213	▲	▲	210	513	▲	

Comments: Whilst there are now clear signs that house building is starting to rise in Norwich e.g. some housebuilders starting on site shortly after being granted planning permission such as in the case of the former Aviva car park at Brazengate, last year's housing completions do not reflect this upturn. The figure of 200 dwellings completed is the lowest since 1998/99 (181 dwellings). The reduction from the 2012-13 completions of 407 reflects not only the fact that the private development market had not emerged from recession, but also that the 2012/13 figure was raised due to the significant number of homes built with public sector funding in that year.

<b>To encourage visitors and tourists to Norwich through effective promotion of the city</b>	PRC4 number of people accessing info via TIC	64,786	67,000	●	▲	350,048	365,000	●	

Comments: For 2013/14, the number of people accessing information via the Tourist Information Centre (TIC) was approximately 4% below target, but this still meant a small increase on the previous year. Factors affecting the lower numbers were largely due to a very wet and cold Easter holidays in 2013, which had a negative impact on April visitor numbers. Email enquiries were down over the year as the two main websites feeding enquiries to us were both revamped, impacting on the total number of emails received.

--	---	-----	----	---	---	-----	----	---	--

Comments: In 2013/14 we assisted residents in the following ways: 150 low level insulation measures were provided to residents at risk of excess winter death (EWD) and/or in fuel poverty. Also, 100 winter wellbeing packs were distributed to those who are vulnerable to EWD and the fuel poor. To reach these residents the council worked in partnership with a range of different public and voluntary partners. 12 portable radiators were lent to residents who were in need of urgent heating. 4 people were helped by the benevolent fund in regards to insulation in their homes and boiler replacements. 600 people took up our "Switch and Save" offer.

The council has also launched a green deal service called Cosy City which we hope will increase take up of energy efficiency measures in private households.

<b>To improve the letting of council homes so we make the best use of existing affordable housing resources</b>	DHA1 Ave days to re-let council housing - Q	20	16	▲	▲	16	16	★	

Comments: The average time taken to re-let council homes has increased during this quarter to 20 days. This follows a number of challenges including an increased number of properties requiring significant work such as asbestos clearance and upgrades to kitchens, heating and other facilities. Despite the recent increase performance is still well above average. Information from CORE lettings (funded by the Department of Communities and Local Government) shows that the average re-let time across the entire social housing sector for the calendar year 2013 was 33 days. The performance for the year as a whole was an average of 16 days. This is the third successive year in which a challenging target has been achieved.

--	--	-----	----	---	---	-----	-----	---	-----

Comments: The housing options department is structured to provide specialist housing advice at the first point of contact in order to prevent homelessness and crisis situations for our clients. This successful approach is based on the accessibility of expert advice and support, and the provision of a range of housing options to resolve our clients' housing issues. Despite the challenging external environment and increased pressure on the service, the figures demonstrate the continuing success of this proactive approach to preventing homelessness.

<b>To manage the development of the city through effective planning and conservation management</b>	CCC2 % of minor & other planning apps completed within target	84.0	85.0	●	🔴	84.7	85.0	●	

Comments: The performance figures for this quarter are slightly below the 3rd quarter and are below the target by approximately 6% (minors) and 4% (others).

Performance was affected by significant problems with the public access IT system which was out of action and faulty for many weeks from late quarter 3. This diverted officer time and necessitated the time period for external comments to be extended in many cases with consequential effects on deadlines for committee and decisions. In addition, the performance in the final quarter of the year is normally lower than the 3rd quarter because of the impact of the 8 day Christmas closure on decisions issued in January and February.

It should also be noted that the workload is on an upward trajectory. This has continued into April with the numbers being at the highest level for 10 months.

Comments: Working with our neighbourhood teams, our partners, including Norwich Norse Environmental Ltd, and our friends of groups we are continuously looking to improve the service delivered across all parks and open spaces. Issues raised by the survey include investment into the parks and dealing with anti-social behaviour issues. Our work plan for the coming year seeks to address these issues and build upon the successes already achieved such as improving the provision of tennis facilities, improved standards of grounds maintenance and improved relationships with park users.

Comments: Our survey of our key partners on their satisfaction with opportunities to engage with the council showed an increase in the number very satisfied and a decrease in the number dissatisfied. However there was an increase in the number expressing a neutral view resulting in a slight drop in the overall satisfaction rate to 78.2% from 82.5%. Phase 1 of the council's carbon management plan ended in 2013 and over the lifetime of the plan from 2008-2013 the council made carbon savings of 24% (non-weather corrected data) or 29% (weather corrected). Phase 2 of the Carbon Management Plan has been agreed and between 2013 to 2018 the target is to save a further 11%, bringing the total up to 40% (weather corrected) by 2018, or 2.2% per year.

Comments: : Avoidable contact for this quarter was 24.2% and within target. Avoidable contact had been outside of target during August to November mainly as a result of work to clear the backlogs in our revenues and benefits service but has shown consistent improvement from December onwards as backlogs were reduced. We also undertook a piece of work to identify specific letters that were creating avoidable contact. This will be used to understand the major causes of demand and then to work with services to improve this.
