No Olger XHAFERRLLARI is the registered tenant and the landlords recognised owner of this lease.

He has spoken to us about working with his brother whom will take on the licence if accepted and trade with him under this new name.

He would retain the lease of the property under his name and be responsible for paying rent etc whilst his brother would handle the day to day business i.e. licensing requirements.

He has briefly outlined possibly assigning his ownership at a future date into the new company name with him as Surety.

Kind regards

Darren

Hello Darren

Thanks for your time, it was good to talk to you earlier.

As I correct in thinking that although there are plans to transfer the lease into Olger's brother under another company but Olger will still be the person paying the lease.

Regards

Michelle Bartram
