

NORWICH City Council

Committee name: Cabinet

Committee date: 11/09/2024

Report title: Corporate Risk Register 2024/25 – Quarter 1

Portfolio: Councillor Kendrick, cabinet member for an open and modern council

Report from: Interim Chief Finance Officer

Wards: All wards

OPEN PUBLIC ITEM

Purpose

This report provides an update to the council's corporate risk register based on the position for quarter one (June 2024)

Recommendation:

It is recommended that the cabinet notes the identified risks and the direction of travel.

Policy framework

The Council has five corporate priorities, which are:

- A prosperous Norwich.
- A fairer Norwich.
- A climate responsive Norwich.
- A future-proof Norwich.
- An open and modern council. This report meets the “An open and modern council” corporate priority.

This report meets the Norwich City Council is in good shape to serve the city corporate aim.

Introduction and background

1. Heads of Service and other risk owners were asked to update their directorate and corporate registers to reflect the position at the end of quarter one (June 2024). Directorate level risks are reviewed by the relevant management team and are escalated to the Corporate Risk Register, for consideration by the Executive Leadership Team (ELT) where the residual risk exposure supports that action.
2. The Corporate Risk Register is shown at Appendix A with a report included on the exempt agenda. The position at the end of quarter 4 (up to 31 March) was reported to Cabinet in July. There have not been significant changes in the Council's risk profile at the end of this quarter.
3. The environment in which the council operates remains relatively high risk as the financial environment is challenging both in terms of the economic and the funding position. The council approved its main budget and council tax setting reports at Full Council in February. Financial planning and the budget setting process for the 2025/26 budget has already begun.
4. Inflation has fallen from double digit levels but still remains above the government's long term target rate despite recent falls, placing demands on the council, its partners and residents. The General Election has led to the establishment of a new Government but their plans for local government financing are yet to be published therefore planning continues currently on the basis of the assumptions linked to the most recent Local Government Finance Settlement and the Autumn Statement.
5. The relevant service leads have identified that corporate risk 27 (Failure to deliver acceptable levels of performance in the management of HMO licenses) has been downgraded and moved to the relevant Directorate risk register. The council continues to keep a watching brief on all key risk areas. In that same vein, the Council is also in the process of updating its risk management policy to ensure that risks are properly managed and that there is adequate guidance.
6. Audit Committee at their meeting in March made recommendations to Cabinet in respect of the Q4 Risk Register. These risks continue to be monitored and reviewed with the relevant service leads.

Consultation

7. There has been no specific consultation on these proposals.

Implications

Financial and resources

8. Any decision to reduce or increase resources or alternatively increase income must be made within the context of the council's stated priorities, as set out in its Corporate Plan 2022-26 and budget.
9. There are no proposals in this report that would reduce or increase resources.

Legal

10. Identification and consideration of its corporate risks is an important governance function of the cabinet to ensure that appropriate action is being

taken to ensure the Council takes lawful decisions and mitigates exposure to risk. The audit committee also exercises similar oversight and collectively this is designed to ensure that the council understands and is in a position to respond to risks as they arise.

Statutory considerations

Consideration	Details of any implications and proposed measures to address:
Equality and Diversity	N/A
Health, Social and Economic Impact	N/A
Crime and Disorder	N/A
Children and Adults Safeguarding	N/A
Environmental Impact	N/A

Risk management

Risk	Consequence	Controls required
The council is exposed to risks which need to be identified recorded and managed appropriately	Not managing risks appropriately exposes the council to a range of potential negative outcomes ranging from financial loss to impacts on its reputation.	The risk register provides a focus to consider risk management and in particular mitigations. Other broader mitigations such as insurances also support the council's management of risk.

Other options considered

11. As the report is primarily for information no other options have been considered.

Reasons for the decision/recommendation

12. It is important for the Cabinet to understand the risks that the council is exposed to and the mitigations in place to minimise those risks to acceptable levels.
