Norwich City Council

SCRUTINY COMMITTEE

Item No 6

REPORT for meeting to be held on Thursday 15 October		
Scrutiny committee work programme 2020-21		
Summary:	The purpose of this report is to assist committee members in setting the work programme for the rest of the civic year 2020-21.	
	Members are asked to consider the report and any additional recommendations to update the work programme throughout the civic year.	
Conclusions:	It is proposed that any discussion is agreed as a whole committee using 'TOPIC' criteria. This will assist members in achieving the goal of an agreed work programme that is met by consensus.	
	The work programme is a standing item at each committee meeting and can be adjusted as necessary.	
Recommendation:	То:	
	(1) consider the scrutiny committee work programme 2020- 21.	
	(2) consider the recommendation from the cabinet motion tracker regarding safe drug consumption rooms.	
	 (3) agree the membership of the scrutiny select committee for anti-social behavior; and 	
	(4) consider the scrutiny recommendations tracker.	

Report

- 1. When the scrutiny committee considers which items to include on its work programme, it is useful to do so in the context of what the focus is for the council over the coming year and to look at how activity aligns to the council's corporate plan.
- 2. This is so that the scrutiny committee will be able to consider where and how it can add value to the work being carried out towards achievement of the council's priorities and ensure that resources are being focused effectively.
- 3. Although sometimes not possible to achieve, it was previously agreed that the committee should agree as few as possible substantive topics per meeting. The main reason for this is to ensure that there is enough time for the committee to effectively consider the issues and has a fair chance of reaching sound, evidence based outcomes. Ideally, one main item per meeting would be the aim.
- 4. Members will have the opportunity on a monthly basis to revise the work programme if and when required or due to changing events.
- 5. Along with this report, members have a copy of the scrutiny recommendations tracker for consideration.
- 6. It is proposed that any discussion is as a whole committee using the TOPIC criteria. This will assist members in achieving the goal of an agreed work programme that is met by consensus.
- 7. Members are reminded that any items placed on the work programme should be considered within the council's COVID-19 recovery framework.
- 8. There has been some recent work undertaken to update the motions tracker for council. This work has highlighted that at its meeting on 28 January 2020 council resolved to;
 - Ask the scrutiny committee to consider examining the implications of Norwich becoming a pilot city for safe drug consumption rooms, which have been shown to save lives;

The committee may want to include this topic in the scope for the antisocial behavior select committee.

- 9. At the last meeting of scrutiny it was agreed to re-focus and revitalise the select committee for anti social behavior. Cllrs Carlo, Sarmezey, Oliver and Osborn have indicated that they would like to stand on this committee. If scrutiny committee are happy with this then we will now proceed on that basis.
- 10. At the last meeting of the scrutiny committee it was agreed to revisit the ranking of the topic forms submitted for this civic year with a view to

adding to the annual work programme planning grid. The topics and their ranking is reproduced in **appendix A** for the consideration of the scrutiny committee.
