Date	Topic	Responsible officer	Scrutiny request	Outcome(s) or current position
11 June 2015	<b>Verge and pavement issues</b>	Andy Watt	For the scrutiny committee members to receive an update on progress regarding verge and pavement issues raised at earlier meetings.	Members received an email update from the head of city development services on 12 June reporting on the current position.  The scrutiny committee will also be pre scrutinising a report that will cover the review of verge and pavement issues at the 25 February 2016 meeting.
11 June 2015	<b>Best practice in tackling transphobic hate crimes</b>	Bob Cronk	For the head of neighbourhood services to provide an update and information as an email briefing to the scrutiny committee	Ongoing
11 June 2015	<b>The council's consultation process</b>	Nikki Rotsos	For a briefing paper to be circulated, for scrutiny members to gain an overview and understanding of the council's current work in this area.	Ongoing

Date	Topic	Responsible officer	Scrutiny request	Outcome(s) or current position
11 June 2015	<b>The communications approach of the scrutiny committee</b>	Chair of scrutiny and Nikki Rotsos	To make this an ongoing piece of work with a view to make suggestions on how members advertise and publicise their work.	Ongoing
6 July 2015	<b>Self-esteem and aspirations task and finish group; annual update</b>	Russell O'Keefe	Future updates on the progress being made with the work programme, as a result of the self-esteem and aspirations task and finish group.	Expected to be in spring 2016.
6 July 2015	<b>Quarter 4 performance monitoring (14/15)</b>	Tracy John and Chris Haystead	HCH5 states that our target is to prevent 50% of people who contact us to become homeless: Could it be clarified why this target is so low?	We needed to factor in the challenging environment for homelessness and prevention. While current performance is good, we are working at our optimum within existing resources. As such, shifting external factors (further welfare reform, effect of cuts to services by partner organisations etc) will potentially limit our effectiveness and performance. Therefore, the 50% target is both realistic and challenging. In addition, this would be very good performance compared to most local authorities.

Date	Topic	Responsible officer	Scrutiny request	Outcome(s) or current position
6 July 2015	<b>Quarter 4 performance monitoring (14/15)</b>	Chris Haystead	HCH8 the target has reduced from 87% to 77% why is that? Has satisfaction with the housing service gone down?	Satisfaction with the housing service has actually improved considerably. It has increased by over 11% between our survey in 2013 and the one carried out this year, taking overall satisfaction to 81%. This puts us the 3rd best in the country in terms of large local authority landlords. However, the previous target of 87% was unrealistic and we need to ensure targets strike the right balance between being realistic and challenging. As you will be aware, targets are then reviewed each year.
		Russell O'Keefe	VFM3 – the target has reduced why is that?	As set out above we need, to ensure targets strike the right balance between being realistic and challenging and 85% had gone beyond challenging to unrealistic.
		Anton Bull	VFM6: how has this measure been revised?	This is a composite of the 4 main elements of council income collected - council tax, NNDR, housing rent and sundry income. Prior to 2012 we had “in-year” collection targets for council tax and NNDR of 96.5% and 98.2%. In measuring the “% of income owed to the council collected” for the 2012-15 corporate plan the amount of council tax

Date	Topic	Responsible officer	Scrutiny request	Outcome(s) or current position
6 July 2015	<b>Quarter 4 performance monitoring (14/15)</b>		VFM6: how has this measure been revised? (continued)	<p>and NNDR we had actually collected was taken as a percentage of the amount we expected to collect. In that regard it was actually a percentage of the target percentage not a percentage of the “total amount”. For the new corporate plan we have aimed to simplify this. So now, the % of council tax and NNDR collected are as a percentage of the total amount not the expected amount. (N.B. In year the monthly “amount due” still has to be estimated as there isn’t an actual monthly amount due. This is modelled based on typical collection rates from previous years. However, this builds towards a percentage of the total amount due for the year).The target for this has therefore been reduced from 96% to 95% as the change has resulted in the denominator (amount due) getting bigger.</p>

Date	Topic	Responsible officer	Scrutiny request	Outcome(s) or current position
6 July 2015	<b>Quarter 4 performance monitoring (14/15)</b>	Adrian Akester	With regards to the effect of the waste officers door knocking: has there been a pre/post comparison with regards to uptake of recycling, general waste reduction and use of food waste, thus a comparison of numbers before the door knocking and afterwards?	Door knocking was one small part of a much wider and concerted strategy to increase recycling etc. However, pre – implementation of this overall strategy recycling rates were 18% and are obviously now 36%.
